

ROSAMAN NEWS

A. M. White, Jr. has been very sick but is now improving. On last Thursday Chief Stroup, J. A. Galloway and J. H. Reid, revenue officers, made another successful raid on blockades in the west portion of Old Toxaway section and captured a large still and entire outfit, 100 gallons capacity, and 800 gallons of beer. The still was located on the waters of Bear Creek. On Tuesday night of this week Chief and Galloway also made a raid near Lake Toxaway and destroyed three large mashers and one large stand of beer. Blockaders got the still out of the way apparently 30 minutes before the officers. All the rest of the outfit was destroyed. Leo Hillelson has returned from a visit to northern cities and reports the very best time of his life. Elbert Whitmire spent the week-end with friends at Jennings, N. C. A. C. Current is visiting his relatives and friends near Statesville. Frank McCall was a business visitor here last week. Georgia Burrell of Brevard spent the week-end with Inez Glazener. L. P. BREVARD INSTITUTE NOTES

A party of students went on a hike Monday morning to Elk Lodge to see the sun rise. They were chaperoned by Miss Baber and returned in time for breakfast. Several parties took advantage of the Monday holiday, one going to Caesar's Head, another to See Off. Miss Geneva Hart of Zirconia spent a short time at the Institute on Sunday afternoon. We are expecting several of our returned soldiers and sailors to be with us at Commencement. A very handsome satin service flag has been made by Miss Baber for that occasion. There are about twenty start, two of gold on it.

FARMER EXPECTED TO SUPPORT LOAN

Stirring Appeal is Sent Out by Heads of Thirty-five National, Interstate and State Agricultural Organizations.

A stirring appeal to American farmers to maintain their wartime precedent of patriotism and loyalty in the support of the Fifth Liberty Loan has been issued by the heads of thirty-five national, interstate and state farmers organizations.

"To make your participation in the Victory Liberty Loan both in money and service, the measure of your devotion to the great cause of democracy" is the cause for which these farm organization leaders, headed by J. N. Tittlemore, president, American Society of Equity of Madison, Wis., have sent a message to all farmers of the country, as follows:—"To the Farmers of America: "No finer patriotic service was ever rendered than when the farmers of America, short of labor, credit and farm supplies, still grew the increased crops without which we could not have won the war. The farm women and children gave their labor in the fields and the farms sent more than a million of their best to join the colors. The more that is known about the war, the more gloriously our farmers' part in it will shine.

"The Victory Liberty Loan Drive begins April 21 and continues until May 10. We appeal to you, farmers of America, to finish what you have so well begun. Make this loan as superb a success as the war crops you have raised. See to it that the farmers lead in putting the Victory Loan over the top.

"Make your participation in the VICTORY LIBERTY LOAN both in money and service, the measure of your devotion to the great cause of democracy—the democracy for which many of our boys have made the supreme sacrifice. Let your subscription and your effort be both an offering of thanksgiving for the return of peace and the means by which the world may measure the strength of your patriotism and your determination to see to it that the war shall not have been fought in vain.

"Yours fraternally, "J. N. Tittlemore, president, American Society of Equity, Madison, Wis. "Grant H. Slocum, president, National Cleaners' Association, Detroit "John J. Farrell, president, National Creamery Butter Makers' Association, St. Paul, Minn.

HE FINISHED THE JOB

A. F. MOON, JR.

Unique in the annals of war loan history is the case of A. F. Moon, Jr., cashier of the Carterville Bank, Carterville, Va. He has already secured subscriptions for the entire allotment of his bank. This is the first bank in the Fifth Federal Reserve District which has made such a record, so far as is known.

"I am working night and day for my town, county, state and nation," declared Mr. Moon. "At the close of the Fourth Liberty Loan campaign, I thought it would be a good idea to keep the ball rolling, so instead of stopping I went straight ahead and continued getting subscriptions for the Fifth Loan. Our bank sold \$35,000 of the Fourth issue, which is more than double its quota, and I was so much encouraged over that record that I decided to start right to work on the Fifth Loan.

"Up to date, we have subscriptions for more than \$30,000 Victory Bonds, but we are not through yet and expect to go right ahead and try to double this if possible. The argument I used was simply that the Victory Loan was needed by my Government and that it was up to every man to finish the job by paying the bills for a victory which would have been cheap at double the price."

Mr. Moon said he didn't know much about the terms, interest rates or other details of the Victory Loan and didn't care, going on the assumption that the loan would be a good proposition in any shape offered.

Liberty Loan Levity

Just a half-wit, they called Barber Blaney. Barber knew, though, some day would be rainy. So he shaved and he shaved—And he saved and he saved—and bought bonds.—Now they call Blaney brainy.
