QUALITY

is the most abused word in the dictionary. As an adjective, modifying clothes, it has been used 1,000,001 times. Some day this particular word will arise in rebellion and refuse to serve unscrupulous makers. Some day a

just reward for the proprieties of the English language will discourage the indiscriminate use of this handy word. Some day you will join the intelligent army of **Griffon Clothes** buyers and learn the true synonym for "Quality." You'll see it happily expressed in the Griffon label.

Brooks Says Tanlac Has Overcome His Troubles—Feels Like A New Man.

"My wife obtained such satisfactory results from Tanlac that I tried it myself and I have gained ten pounds and feel like a new man," said J. W. Brooks, traffic superintendent for the Western Union Telegraph Co. at Dallas, Tex., and living at 1732 Hickory street, that city.

"When I began taking Tanlac," he continued, "I was suffering from a stubborn case of stomach trouble, the result of an attack of acute indigestion I had several years ago. I had an awful pain across my back, and was so nervous and worried about my kidneys that I could hardly sleep at all. I suffered from rheumatism in my legs, my feet would swell and I was tired and languid all the time. I was badly rundown, lost weight, strength and energy and none of the medicines I took did me any good."

"After taking Tanlac for a short time I began to pick up and kept improving till now my rheumatism is all gone, the pains have disappeared from my back and my kidneys don't worry me like they did. I have a fine appetite and can eat anything I want without suffering at all from indigestion, my sleep is sound and restful and I get up in the morning feeling fine."

Tanlac is sold by leading druggist everywhere.—adv.
