

FOOD IS CURE FOR BOLSHIEVISM

First Aid Treatment Splendid Medicine for Spirit of Unrest. How War Savings Stamps Help.

President Wilson has asked for food to stop the wave of Bolshevism rolling westward out of Russia. No intelligent person doubts the value of food as a first aid, but at bottom the security of our institutions rests upon the working interest the people take in those institutions.

Citizens having no interest in a government, no economic interest in the success of that government, are apt to be the first victims of vicious propaganda or unbalanced political theorists. On the other hand men and women who have invested in their government either by way of conducting private enterprise under its protection or through direct purchase of government securities have something at stake and desire to maintain stable institutions. Such persons are not necessarily reactionists. They may be quite progressive and anxious for reform where reform is needed.

Consequently the effective barrier to Bolshevism in America today is thrift and investment. The philosophy must reach into the workshops of the nation. It is reaching into those workshops and into the schoolhouses of the nation in the form of the Thrift Stamp and the War Savings Stamp.

When everybody in America is buying Thrift and War Savings Stamps as a habit one won't hear much about Bolshevism in America. It is the financial and patriotic duty of every American who loves real liberty to get the Thrift Stamp habit NOW.

HOLD WAR SECURITIES.

Eastern Business Men Issue Warning Against Parting With Government Bonds and W. S. S.

That it is a bad business proposition for any merchant to encourage holders of War Savings Stamps to exchange them for merchandise is the opinion of a group of eastern business men, who recently discussed this question at their annual convention.

"Such action merely helps fake promoters and dishonest brokers in their effort to shake public confidence in government bonds as an investment," said one of the speakers. "It is lamentable that they have worked to an alarming degree among the poor, and among ignorant people of this country."

The two hundred delegates attending the gathering were so impressed with the necessity for keeping War Savings Stamps in the hands of the original purchasers that each pledged to go back home and constitute himself the head of a vigilance committee to oppose the offering of merchandise for government securities.

TABLE SHOWS HOW MONEY MULTIPLIES

Little More Than One Hundred Dollars Monthly for Eight Months Will Grow into Thousand Dollars by January 1, 1924.

The following table will be of service to the individual who plans to save systematically throughout the year by means of War Savings Stamps. The stamps draw four per cent interest compounded quarterly. Each 1919 War Savings Stamp was worth last January \$4.12. Each stamp, because of the interest that is compounded, costs one cent more each month, so that next January it will cost \$4.24 and at the end of five years it will be worth \$5.

Thrift Stamps are of the denomination of 25 cents and are the means by which one may accumulate small savings until a sufficient amount is saved to purchase a War Savings Stamp. They are invaluable for the thrifty saver who can lay aside only a small amount at a time.

Each Month	No.	Cost No.	Cost No.	Cost No.	Cost No.	Cost					
May	\$4.16	35	\$104.00	13	\$54.08	7	\$29.12	3	\$12.48	2	\$5.32
June	4.17	35	104.25	12	50.04	6	25.02	2	8.24	1	4.17
July	4.18	35	104.50	13	54.34	6	25.08	3	12.54	1	4.18
Aug.	4.19	35	104.75	12	50.28	6	25.14	2	8.35	2	4.19
Sept.	4.20	35	105.00	13	54.60	7	29.40	3	12.60	2	4.20
Oct.	4.21	35	105.25	12	50.52	6	25.26	2	8.42	1	4.21

Maturity Val.	Jan. 1, 1924..		1,000.00		500.00		250.00		100.00		

TO ENCOURAGE THRIFT

Schools Called Upon by Treasury Department to Make Saving Happy Habit.

Through the government savings directors of the twelve federal reserve districts, the Savings Division of the United States Treasury Department has called upon the normal schools, colleges and universities of the country to aid in the government campaign to make thrift a happy habit. The American Council on Education, representing institutions of higher learning throughout the country, has joined with the Savings Division to secure the co-operation of the schools.

The plan evolved by the Savings Division and the Council on Education contemplates the creation of thrift organizations in each of the normal schools, colleges and universities, to teach the basic principles of intelligent saving—wise buying, sane spending, safe investment and avoidance of waste, and to aid in featuring the advantage of Thrift Stamps and War Savings Stamps as the ideal investment for small savings. Through the American Council on Education, the presidents of the institutions of higher learning have been urged to name institutional thrift representatives, who will co-operate with the local savings organizations. This has been done in most cases. The educational institutions are expected to have a large influence in the movement to make the United States a nation of intelligent savers.

WORLD'S HISTORY IN RESUME PROVES W. S. S. WILL PAY.

One thing we know as we pursue the history of antiquity, from times when Noah was the news, of Babylon's iniquity, down through the days when Caesar's ghost was haunting Brutus in his bed, is this. The spenders shouted most, but nearly all of them were bled. Whereas the lad who never flung sesterces to the Forum crowd was never immaturely hung nor measured for an early shroud. This bit of ancient sophistry has now its modern counterpart, and more and more it's borne on me how splendid is the saving art—the art of minding one's affairs and watching little things increase. It rids the future of its cares, shows profit on our elbow grease. Today when W. S. S. you read upon a hanging sign, you know the man sell Thriftiness, a virtue once quite hard to find. I do not thank the war for much, but this I've learned, and learned it proper, when someone tries to make a "touch" a Thrift Stamp makes an A-1 stopper.

Watch your nickels and the dollars will take care of themselves.

Small leaks sink big ships—stop them with W. S. S.

NOTICE—LAND SALE BY TRUSTEE

By virtue of the power of sale contained in a certain deed in trust executed by John Heilman and wife, Emma Heilman, dated Dec. 1, 1917 to the undersigned trustee to secure certain notes therein mentioned, which Trust deed is registered in Book 11 at page 231 et seq. of the Deed in Trust Records of Transylvania county, N. C.

And the notes not having been paid as therein stipulated and power of sale having become operative, five days notice as provided for in said Deed in Trust having been given the makers to make the default good, and same not having been made good, and the holder of said notes having directed that said trustee advertise said land and premises for sale as provided for in said instrument:

Now, therefore, the undersigned trustee will sell to the highest bidder all the hereinafter described lands and premises at public auction for cash at the Court House Door in the town of Brevard, County of Transylvania, State of North Carolina, on Monday, July 7, 1919 at 12:30 P. M. said lands described as follows:

Lying in Eastatoe township, Transylvania, county, N. C. on the waters of Little Creek, tributaries of Toxaway River, and on Woodruff branch, waters of West Fork of French Broad river, bounded as follows:

BEGINNING on a stake in what is now known as Maple Gap of the Blue Ridge, this point formerly being a hickory which stood in Henderson county line, and runs then west, north west and south west with the top of the Blue Ridge 641 poles, more or less to a white oak (now down) in a gap of said Blue Ridge; then South 62 deg. east 100 poles to a stake; then north 20 deg. east 24 poles to a chestnut oak; then north 30 deg. east 30 poles to a stake; then north 8 deg. east 8 poles to a stake; then north 34 deg. east 66 poles to a stake; then south 65 deg. east 38 poles to a white oak, a corner of what is known as the Warren Low Grant, a corner of one of the exceptions herein mentioned; then south 62 deg. east, 200 poles, more or less, to a stake near, but east of the top of what is known as Frozen Ridge; then east 5 poles to a stake; then south 45 deg. west 130 poles to a stone, a corner of what is known as State Grant No. 15783 to W. M. Meece; then south 42 deg. east 90 poles to a maple; then south 45 deg. west 30 poles to a stake; then south 45 deg. east 120 poles to a stake; then North 30 deg. east 140 poles to a stake; then north 15 deg. west, crossing a branch, 10 poles to a stake with white oak and poplar pointers; then north 15 deg. east 40 poles to a pine; then south 15 deg. east 36 poles to a black oak; then south 65 deg. east 160 poles to a stake; then north 2 1/2 deg. east 293 poles to a spruce pine near a branch; said branch being one of the head streams of Little Creek; then north 85 deg. east 85 poles to a large chestnut, a corner of the Whitmire heirs land; then with the Whirmire line north 112 poles to a stone on the side of the Blue Ridge; then north 50 deg. east 100 poles to a white oak on top of the Blue Ridge; then with the top of said Blue Ridge, south 80 deg. west 22 poles to a stake on top of said Blue Ridge; then north 39 deg. east 38 poles to a stake in what is supposed to be the "Meads & Freeman line"; then north 48 1/2 deg. west with supposed line, crossing Woodruff branch, and Cross Mountain, 130 poles to a stake in a hollow on the north west side of said Cross Mountain; then south 47 deg. west 160 poles, crossing a branch, to a stone on top of the Blue Ridge, formerly a pine (now down); then with the top of the Blue Ridge, westwardly, 20 poles to a pine on top of said ridge; then south 32 deg. west with the top of said Blue Ridge 28 poles to a dead pine; then south 17 deg. east, crossing a branch, 61 poles to a black gum; then west 52 poles to a stake; then north 20 deg. west 36 poles to the beginning, containing 1240 acres, more or less.

From the foregoing boundary there is excepted three certain tracts: First Lying on both sides of Frozen creek, beginning on a small black gum on a ridge on west side of the creek, runs north 10 deg. east 50 poles to a chestnut; then north 17 deg. east 44 poles to a stake; north 37 deg. east 60 poles to a stake on top of the Blue Ridge, west of Maple Gap; then with top of said ridge eastwardly, 100 poles, more or less to a stake in said Maple Gap; then south 20 deg. east crossing head waters of Frozen creek, 16 poles to a stake; then following a marked line, south 35 deg. west, 130 poles to a stake; then crossing the frozen creek to the beginning, containing 70 acres more or less.

SECOND TRACT—excepted: Beginning on a black gum, beginning corner of last tract above described, runs north 41 deg. west 23 poles to a chestnut; then south 40 deg. west, crossing a branch, 36 poles to a stake; then south 45 deg. west 54 poles to a pine; then south 35 deg. west 38 poles to a stake; then south 30 deg. west 14 poles to a chestnut; south 45 deg. west 18 poles to a white oak; then south 10 deg. east 18 poles to a birch; then south 60 deg. east, crossing Frozen Creek, 44 poles to a stake; then north 31 deg. east 195 poles to a stake, a corner of first tract above excepted; then with line of same to the beginning, containing 48 acres.

Third Tract—excepted: Beginning on a stake near the top of the Blue Ridge, near what is known as the "pinacle" and runs south 40 deg. east 40 poles to a stake; then south 130 poles to a stake; then north 40 deg. west 110 poles to a stake on top of Blue Ridge; then along the top of said Blue Ridge 88 poles, more or less, to the beginning, containing 40 acres, more or less.

Said sale to satisfy said notes, interest, cost and expenses of sale. This June 9th, 1919 J. SCROOP STYLES, Trustee.

CALOMEL DYNAMITES

A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! Its mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.
