COLORED SOLDIER APPRECIATES PATRIOTIC SPIRIT

Listen, I am only expressing my thoughts about the Celebration of the Welcome Home Day, and I want to thank our citizens for being so thoughtful to get up such a Celebration for us boys, as returned heroes, and it seems that everybody tried to play their part in making the day a pleasant one. I am sure that the merchants will be able to contribute liberally to the finance committee as food was no ways short.

This made me feel that the people of Transylvania are interested in her boys who laid their lives at stake for their Country. It makes us feel that if ever our services are required, we will gladly respond.

AFTER THE WAR

At this Nation's call to arms, our brave boys did come  
To have freedom, we must annihilate the Hun.  
Over the sea they went, then trapped him in his lair  
Victory crowned our arms, we drove him to despair.

After two years fighting, the war came to an end  
Many who went over, never will return again.  
Some for life were blinded by a bursting shell,  
Others were maimed and crippled—  
—war sure is hell.

Promises of all kinds to our soldier boys were made  
If you will save this country from a German raid.  
Now the war is over and they come home again  
Give them a glad welcome and their place back again.

DOUGLAS WIER, Baltimore, Md. Arlington and Greenmount Aves.

GOV. BICKETT WRITES LETTER

Gov. Bickett with his customary personal and vital interest in all matters pertaining to the development of the commonwealth has written a letter addressed to the average citizen of the State in which he discusses the revaluation act. We give the letter in full.  
My dear Mr. Average Citizen:  
An intimate acquaintance with you, extending over a number of years, leads me to write you this intensely personal letter. I know that you love the truth, that you despise injustice, that you are a robust champion of the square deal. The possession by you of the cardinal virtues makes North Carolina truly a great State.

The most vital power in the State is the power to tax, and you believe that this vital power should be exercised with a full knowledge of the truth. You believe that from this full knowledge of the truth there will flow perfect equality in taxation.

For the first time in the history of the State you, Mr. Average Citizen, have it in your power to write the full truth and perfect equality in the tax books of the State. You never have been called upon to do this before; indeed, you never have been permitted to do this before. But now the General Assembly has enacted a law that places the matter entirely in your hands. The new tax law is written on correct principles. The machinery for its enforcement is adequate and appropriate. The law is so written that it will be easy for the citizen to do right and hard for him to do wrong. But on you, Mr. Average Citizen, rests the responsibility of determining whether or not the wise and just purpose of the law shall be carried out.

Now, Mr. Average Citizen, you will receive a questionnaire and will be called upon to swear before God and all your fellow-citizens what is the fair market value of your property. When you come to take this solemn oath it will be helpful to you to put to your conscience this question: "If I did not own this property but wanted to buy it, what would I be justified in paying for it?" and if I wanted to sell this property, not at a forced sale but in the way and on terms that property of this class is generally sold in this community, what do I really believe I could get for it?" The answer to these questions will point with reasonable accuracy to the fair market value of your property. This fair market value you must write down in your questionnaire, else you will cease to be Mr. Average Citizen and become Mr. Undesirable Citizen.

When you, Mr. Average Citizen, tell the truth about your property, it will do no good for your neighbor, Mr. Undesirable Citizen, to tell a lie about his property, because the books show truly what the Mr. Average Citizen is worth, this evidence will clearly and conclusively show what the property of Mr. Undesirable Citizen is worth. The local and district assessors, when they come to fix the value of property, will be governed by the sworn testimony of Mr. Average Citizen.

And when you, Mr. Average Citizen, tell the unvarnished truth about your property that truth will wipe out every discrimination and every inequality in taxation in North Carolina. True values are always equal values, but the greatest expert cannot equalize a series of falsehoods.

When all the property in the State shall be placed on the books at its fair market value, many benefits will accrue to you, Mr. Average Citizen.

1. You will have great satisfaction in knowing that the record written by all people of the State is a true record and not a libel on the commonwealth. This knowledge will wonderfully strengthen the moral fiber of our people.

2. You will know that every discrimination in taxation is wiped out, and that every citizen is carrying his fair part of the burden.

3. As the values go up the rate of tax will go down, and hereafter North Carolina will be known far and wide as a wealthy State with a low rate of taxation instead of a poor State with a high rate of taxation.

4. The General Assembly has made a pledge not to collect, under the proposed true valuation of the property, revenues greater than ten per cent in excess of the revenues collected under the present false values. This means that the total revenues collected by the State shall not be greater than ten per cent in excess of the total revenues collected under the present law. This most emphatically does not mean that no particular citizen will have to pay taxes in excess of ten per cent of the amount he has heretofore paid. A particular citizen may pay less taxes than he has ever paid before. He may pay double what he has heretofore paid. This depends on whether or not he has heretofore paid his fair share of the taxes according to his true worth. If

he has paid more than his fair share the increase as to him will be less than ten per cent; if he has paid less than his fair share, the increase as to him will be more than ten per cent. You, Mr. Average Citizen, will at once perceive the essential justice in thus equalizing the public burden. I call on you to lend your vigorous support, first, by example, and then by precept, to this attempt by the General Assembly to build up a taxation system in North Carolina grounded on perfect truth and perfect justice. By doing so you will help to practically demonstrate that it is profitable in money and in morals to a people as to an individual to tell the truth and shame the devil.

Sincerely yours,  
T. W. BICKETT.

LOCAL SUFFRAGISTS PLAN FOR ORGANIZATION

Following the address delivered here July the Fourth on equal suffrage by Miss Pidgeon, committees were appointed from the book clubs of the town to look after the matter of arousing interest in the subject of votes for women in this county. It has not yet been decided just what method these committees will pursue in their work, whether they will arrange a county-wide speaking campaign or organize a suffrage league with branches in each township of the county. Mrs. J. S. Broomfield is chairman of the committee from the Wednesday Book Club. She will be assisted by Mrs. D. G. Ward and Mrs. Frank Jenkins. The Mathatiasian Club appointed Mrs. C. B. Deaver chairman to serve with Mrs. J. C. Seagle and Mrs. E. H. Norwood.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Relieved of Catarrh Due to La Grippe, Thanks to PERUNA Mrs. Laura Berberick, 69 years old, of 1205 Willow Ave., Hoboken, N. J., writes: "Four years ago I had a severe attack of La-Grippe. After my sickness I was troubled with hoarseness and slime in the head and throat, and was told I had Catarrh. I took some medicine but without much benefit. Every winter for four years, I have had La-Grippe (last winter three times). Catarrh grew worse. I could not lie down or sleep at night. Was always troubled with slime, pain in my back and a terrible headache every morning, when I woke up, and had no blood. I got a Peruna calendar in Danish, my native language, and I read it through, every testimony, and then I bought a bottle of Peruna. To-day I can truthfully testify that Peruna has been a great benefit to me. It has given me blood and strength. I can lie down and sleep without being troubled. I have no pain, headache, or noise in my head. I have gained in weight three pounds, which I think is good for my age. I will be sixty-nine years old next summer. I have used Peruna since I started in February, and I use it yet. I feel cheerful and happy, thanks to Peruna. It will always be in my home and I recommend it to those who need it."
