

CEDAR MT. H. D. CLUB OPENS TEA ROOM

Some weeks ago we carried a report in these columns of a meeting of the Cedar Mountain Home Demonstration Club at which the young ladies of the organization decided to operate a tea room near the Cedar Mt. post office. It was stated that the Cedar Mountain club was the first home demonstration organization in the state to venture on such an enterprise. The undertaking is no longer a venture. It is a success far surpassing the hopes of its most enthusiastic promoters.

The Cedar Mountain Tea Room opened its doors for the service of the public last Saturday afternoon at one o'clock and within three hours ten motoring parties had stopped to sample the ice-cold milk and home cooking and gone on their way looking forward to the time when they could come back and directing all their friends to the new tea room.

The members of the Home Demonstration Club have entire charge of every feature of their new business. Each girl in the club has a tenth acre garden which she is to cultivate with a stated amount of help. The vegetables from these gardens supply the tea room. They are purchased from the owners at market price by the management. The tea room has a general manager, a business manager, a secretary and a treasurer elected from the membership of the home demonstration club and turn all receipts above their expenditures into the club treasury. The money made in this way is to purchase a community canning outfit for Cedar Mountain. Everything used in the tea room is to be bought so far as possible at Cedar Mountain. Later in the season fresh fruits from adjacent farms will be handled by the club in an effort to create a home market for local products. In fact the best use of home products and home talent is the motive of the Cedar Mountain Demonstration Club, and this idea has been carried out to a wide extent in the inauguration of their new business. For the location of their tea room they procured a building formerly used for a store but which had been closed for a number of years and was in a rather dilapidated condition. With hammer and nails, paint and scrubbing brush they went to work. With the help of the corn club boys the interior of the building has been transformed into a state of inviting attractiveness which has to be seen to be appreciated. With its rustic tables topped by growing maidenhair ferns it makes a welcome retreat for the dusty traveler.

The home demonstration clubs, of which there are several in the county have been organized by Miss Lula M. Cassidy, home demonstration agent. The clubs in the other sections of the county are engaged in various forms of community work under Miss Cassidy's leadership.

THE PRAYER CORNER

What is True Americanism?

True Americanism is this:

1. To Believe that the inalienable rights of man to life, liberty and the pursuit of happiness are given by God.
2. To Believe that any form of power that tramples on these rights is unjust.
3. To Believe, that taxation without representation is tyranny, that government must rest upon the consent of the governed and that the people should choose their own rulers.
4. To Believe, that freedom must be safe guarded by law and order and that the end of freedom is fair play to all.
5. To Believe not in a forced equality of conditions and estates but in a true equalization of burdens and privileges and opportunities.
6. To Believe that the selfish interests of persons, classes and sections must be subordinated to the welfare of the commonwealth.
7. To Believe that Union is as much a human necessity as liberty is a divine gift.
8. To Believe, not that all people are good but that the way to make them better is to trust the whole people—Van Dyke.

A PRAYER

Father of light, illuminate our minds. Lead us unto ever clearer truth. May knowledge grow from more to more. May we bow before the light we have that we may be worthy of more. May we walk in the light that we may become children of light.

Holy Spirit teach us how to be worthy citizens. May we have exalted aims. May we seek the common weal. May we lose our own selves in others. May we rejoice with them that do rejoice and weep with them that weep, for Jesu's saks, Amen.

BANKS ORDERING HAND GRENADES

Over 175,000 Children in Fifth District Will Be Routing Enemy, Waste, During Summer Months.

Richmond, Va.—According to the latest available figures over five hundred banks in the Fifth Federal Reserve District have ordered supplies of hand grenade penny-savings banks that are to be used by the children for summer savings. The total number of hand grenades that have been ordered exceeds 175,000.

The plan of the hand grenade bank originated in the Treasury Department, and the banks are being distributed in this district by the War Loan Organization here. Every school child under the age of seventeen years may, by applying at the local bank, receive one of these hand grenade penny-banks as a loan for the vacation period. If, during the summer, enough money is saved to purchase one or more War Savings Stamps the bank becomes the property of the child.

The banks are made out of real hand grenades that were to have been used against the Huns. With percussion cap and high explosive removed, and slots cut to receive and take out coins, they are now doing service against the enemy, waste, as banks for savings.

School officials all over the district are enthusiastic about the plan, as they feel that it will not only keep alive but strengthen the thrift ideals that already have been implanted in the minds of the children.

J. H. Binford, assistant superintendent of public schools here, has endorsed the scheme, in a recent letter expressing the hope that all the banks in the district would co-operate by getting supplies of the hand grenades, as the school children are enthusiastic about securing them.

OBJECT IS TO MAKE PEOPLE PROSPEROUS

Government Much Interested in Series of War Savings Societies That Are Rapidly Being Organized.

Government officials at Washington are watching with no little interest the growth of a series of societies springing up all over the United States. They have already attained a membership that reaches well up into the millions.

Treasury department officials are particularly interested in this movement, and it is fostered by that department. As soon as a society is formed the names of the president, secretary and each individual member are placed in the treasury department archives.

These societies are War Savings Societies, and the motive of each society is Thrift. The government, in favoring these organizations, has not only in view the replenishing of the United States treasury through the sale of Thrift and War Savings Stamps, but the big idea is to cause each individual member to learn the value to himself of being thrifty.

The government is not seeking to divert capital from legitimate commercial enterprises. It does not want to tie up vast sums. It is the person who has never saved systematically that it is the most anxious to reach. This person can put aside the small amounts that he has been accustomed to spend, and this, drawing four per cent compound interest, will in an incredibly short time grow into a large enough sum to make the first payment on a home, or to provide a sum with which one may make a permanent investment.

"Nothing is final!" said Napoleon after the battle of Jena. In days of prosperity insure against emergencies. Buy financial safety with War Savings Stamps.

AGENTS CARRYING MESSAGE OF THRIFT

Harold Braddock, Director of Savings Division Writes Letter of Appreciation to Each of Eighteen Hundred Workers.

First-hand information and suggestions as to how to obtain increased efficiency and prosperity may now be obtained by women on the farm, in any part of the country, from the home demonstration agents of the department of agriculture. Entering into the national savings movement with a zest that characterizes all their work, some eighteen hundred of these home demonstration agents have been carrying the message of thrift into the farm houses all over the United States.

In appreciation of their voluntarily undertaken work, Director Braddock has written a letter to each worker, of commendation, which reads in part: "Thrift is primarily the people's concern. If thrift is to become a permanent national asset, the people's agencies and organizations must definitely assume their share of responsibility for inculcating thrift by including it in their program for action. Schools, churches, business and labor organizations, fraternal societies and women's organizations, as well as agricultural workers and agencies, are already undertaking this work and are in close co-operation with the treasury department."

According to Mr. Braddock's letter, plans for the creation of savings facilities in the home are outlined as follows:

1. Habit of saving first some part of income for future needs and of spending wisely for present needs.
2. Home betterment fund, to secure, for example, running water in the house.
3. Savings plan for every boy and girl.
4. Savings fund in government securities for every family.
5. Keeping of accounts to promote wise spending and to increase savings.
6. Safe investment of savings (Nos. 2, 3, 4) in government securities until money is needed; War Savings Stamps as a desirable investment.

EASY TO SAVE

By the same token that the best way to have anything is do it yourself, the best way to get ahead in the world is save regularly and invest wisely. Your children may be buying Thrift Stamps but the nickels and dimes and quarters they are able to save won't buy a new automobile or a home or a cultivator. The money to do that will not be saved unless you save it.

It's easy enough to save if you do it the W. S. S. way. Quarters planted in Thrift Stamps grow into War Savings Stamps and the interest makes them grow like rain does a summer flower. Save for that happy opportunity. If you're not in a War Savings Society—get in one. Be with the crowd.

Did You Ever Say:

"IF I HAD THE MONEY?"

Then consider

REGULAR SAVING—be moderate about it—it gives you the power of

SELECTIVE BUYING, which

saves you still more money, besides getting you just what you want and provides funds for

SECURE INVESTMENTS, which pile up money without help from you while you're getting some more.

It's SURE and it's EASY. Is anything better than that?
