**NAME MR. WEBB'S SUCCESSOR SOON**

Raleigh, Nov. 8.—An election for successor to Congressman Edwin Yates Webb, who resigned to become United States judge, is to be held in the ninth district December 16. Governor Bickett issued the writ of election and proclamation to the state board of elections today. The writ and proclamation read as follows:

"To the state board of election: Gentlemen:

"Honorable Edwin Yates Webb, a duly elected member of the national house of representatives of the ninth congressional district from North Carolina, has filed with me his resignation as a member of Congress, effective November 10, 1919.

"Now, therefore, in compliance with the duty imposed upon me by the law, I authorize and direct you to hold a special election to fill the vacancy in Congress caused by the resignations of Honorable Edwin Yates Webb, the said election to be held on Tuesday, December 16, 1919.

"All voters in the ninth congressional district are hereby notified of said election, and are called upon to turn out on said day, and then and there vote for a representative in Congress. The said election shall be conducted in like manner as regular elections."

**PUBLIC HEALTH AUTHORITIES PREDICT ITS RECURRENCE**

Guard Against It by Building Up the Blood

Pepto-Mangan Creates Rich Red Blood and Increases Strength

Surgeon General Biue of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, rundown individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, red-blooded man or woman. In view of these facts, it is wise to use every effort to build up the blood and thus increase the resistance to the invasion of the germs of the disease. Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to cheeks and creates new hope and ambition in those who have become pale, weak and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the words "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

**The CHEVROLET is The Car**

The Worth of a Car is the Worth of the Motor

"It is the motor that makes the automobile from the standpoint of utility," says White, Woodward Auto Co., of Rosman, N. C., local dealers in Chevrolet passenger and commercial cars. . . .

Hundreds of dollars may be spent on body comfort and appearance, but in the end, the enjoyment of a car is limited to the worth of the motor. Just as the heart is the center of life in a human being, so the motor is the heart of the automobile. It makes it go.

If a man has a strong heart he is generally capable of doing physical things. The ordinary tests of every day do not tax him at all, they do not wear him out. He has endurance. He lives long and is fit and vigorous in his old age. In just the same manner the capacity of a car for hard service and the length of that service depends on the character of its motor. It is because so many people fail to grasp this important point that they make so many costly experiments before finding real motoring satisfaction. It is because of this that so many makes of automobiles are permitted to flourish on the sole strength of attractive surface features before public opinion snuffs them out. . . .

On the other hand the most successful cars of today are those whose motors have stood up to the tests of time. They are the kind in which the motor has been the first consideration. Then the rest of the car has been built to fit the power of the motor.

In such cars the motor is not taxed by unnecessary weight. Strength and flexibility have taken the place of bulk and the result is greater riding comfort, endurance, freedom from repairs and far more power at far less cost for fuel.

**As Dead as the Dodo**

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

**Take "Dodson's Liver Tone" Instead!**

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.
