

**THE PRAYER CORNER**

**The Old World View**

This much I do know about you country, as seen from Europe: That you are the hope of years to be; that without you all Europe is like an old man, grey and shaken with weakness—you are the youth of the world; in you is concentrated all the fresh romance which across seas they seem to have lost. Do you realize what it means for you to have gone to war for an ideal? You may have been flouted for your commercial operations in the past, but now you can never again be described as the country of the dollar.

In the history of humanity the United States occupies a unique position due to this war. The French Revolution was a war for self defence; its influence was wide spread. Your revolution was also in self defence. But when you sent your army across seas you sent an army of idealists. It was not necessary from the standpoint of the selfishness of nations for you to go. From ocean to ocean your country is sufficient unto itself; you could get on very well without the rest of the world. But here is the significant thing; the world cannot get on without you.

Let me tell you that the man who goes to the White House weighs more than all the kings assembled together.

**A PRAYER.**

Ruler of rulers, King of kings, we come before Thee in reverence and humbly recognizing the authority that can alone mold and make nations, principalities and power that shall be of service to the world, and satisfying to the children of men, and if we bear before Thee at this time special petition for our own dear land, we know Thou will not refuse to hear. We believe it is Thy land called of Thee to do a special work, to advance a larger light, to promote a higher principal, to bring in the privilege and blessing that come from true liberty, and a closer recognition of the bond that makes all men one.

Teach us, O Father, that this bond can only exist in the faithful following of Thyself, Jesus Christ, our Lord. Increase this knowledge among us, that we may indeed stand before the nations of the earth, and be a true example of those great essentials for which our fathers willingly gave life and the possessions dearer than life.

With this knowledge, pour out upon us the spirit of a great love. Give us Thyself all that Christ lived may it be ours to attempt for loves sake. Then truly shall our country be owner of the righteousness, the honor, the truth that makes men free, owner too of Justice, honesty and integrity, promoter of that mighty force that is one day to bring all the nations of the earth to know Thee, whom to know aright is life eternal. And when Thou art done with us all here, let the new birthday be the entrance to that Land where the things we sought here and saw only darkly shall be revealed in the light that is to be ours forevermore, Amen.

**NOTICE TO CHURCH PEOPLE**

Please allow me space in your good paper for a few words. I feel that the christians should look on the fields white all ready to harvest. But the laborers are few. Don't look all the time on the fields but look in our yards. We find children out of Sunday School on account of clothes. I can point out to you children in your yard whose age ranges from five to eight years of age that will run from an organ. Get out Christens and see what is in the yard. You will find families sick without money and some without friends. What will Jesus Christ say when He comes in His Glory. In as much as ye did it not to one of the least of these my bretheren yet did it not unto me. Depart from me ye cursed into everlasting fire. Christians lets lift our heads and be brothers and sisters even to the poorest families.

**GOOD HEALTH WITHIN EASY REACH**

Vigorous Health Only as Far Away as the Use of Pepto-Mangan.

Creates Rich, Red Blood

Pepto-Mangan Obtainable in Liquid or Tablets—Insist on "Gude's" the Genuine.

There is really no reason why men or women with thin, watery blood and consequent poor health should remain in that unfortunate condition. Thin, nervous, run-down, tired people never get much happiness out of life.

Men and women with the bloom of health in their cheeks, a cheerful, sunny disposition and an attractive personality are the folks who get the most of life's enjoyment, pleasure, and success.

Gude's Pepto-Mangan furnishes thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medical properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

Satisfaction should go with every sale.

**SHE WOULDN'T TAKE A FORTUNE FOR IT**

Told That Operation Was Her Only Hope—Gains Twenty Pounds By Taking Tanlac.

"I wouldn't take a fortune for the good Tanlac has done me," said Mrs. Grace E. Trinder, of 511 W. 33rd St., Kansas City, Mo.

"My troubles began about four years ago," she continued, "And although I have been under the best of treatments and have taken many different kinds of medicines, I grew worse all the time. My food disagreed with me and I suffered terribly from indigestion. I was very nervous and never got a good night's sleep, and became so weak and run-down I was unable to do any housework and felt miserable all the time. They said my only hope was an operation and I prepared to go to the hospital to have it done.

"The day before I was to leave I saw a statement in the paper where a person who had suffered exactly as I did had been benefited through taking Tanlac, so I persuaded my family to let me try it before having the operation. I began taking Tanlac that very day and by the time I had finished my second bottle I felt much better. I kept it up and finally overcame my troubles completely. I have actually gained twenty pounds and am so well and strong that I can do all my housework without any trouble at all. I sleep fine and am never troubled the least bit with indigestion or stomach trouble of any kind."

Tanlac is sold by leading druggists everywhere.—adv.
