No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

### THE CHILD'S ENVIRONMENT:

The child, here without any cognizance of his own, launched on the sea of time drifting on with a definite course as his bark is launched from his port of entry, due a proper start from his origin immediate or remote, too often however the victim of preventable taint for "the sins of the parents are in many cases a sad but inescapable inheritance."

To have been well born is a great beginning. By this I do not mean pride of ancestry other than clean physical ancestors. Far be it from any of us to say who at the beginning is who, for as the French soldiers of the ranks felt in his knapsack the Marshal's baton; so here in America any child may, it is claimed, feel the presidential bee buzzing in his head gear.

For remember, even if we disregard entirely moral consideration, but what after all are morals but manners, customs or however you may define them? From an economic standpoint the gain is positive if we can dispense with crime and bodily ill. So these too are to be reckoned with in the final summing up; hence they also should have this handicap removed as far as in us lies.

Many congenital defects are now being recognized and dealt with that were formerly allowed to drift, among them defects of vision, teeth, tonsils and other features. Teachers and educators are beginning to realize as they did not formerly that book lore alone is not all to be taught in schools but that healthy physical development is worth while and to be found in properly regulated sports.

## MINISTERS BILKED BY MINISTER'S SON

### Touching Story of Hard Luck Loosens Pocketbooks of Chicago Clergymen.

Chicago.—The story of the good Samaritan relates how the beneficiary of his kindness was set upon by the sly shot men of the time and licked to a frazzle. The man of Samaria, comes along, gets a taxi, takes the victim to a hotel, pays for his room and bath and disappears.

The strong likelihood that Mr. Samaritan didn't get three blocks from the hotel before the Jerusalem jack-rollers began pounding on his skull with pieces of pavement is overlooked.

Here is the Rev. Richard D. Hughes, for instance. A few days ago a suave young man visited Mr. Hughes, pastor

Gave Him Money.

of the Emerald Avenue Presbyterian church, at his residence, 6716 Emerald avenue. He said he was a minister's son.

He told the Rev. Mr. Hughes a touching story of hard luck and asked prayer. Instead the minister gave him money—and prayer.

The case was so touching Mr. Hughes mentioned it to the Rev. George R. Blair, pastor of the Englewood Methodist church, of 445 Englewood avenue.

"Why," explained the Rev. Mr. Blair, "the same young man told the same story to me. I gave him money, too."

The ministers discovered the boy had worked with unflinching success throughout the South side ministry.

### HUGE SLAUGHTER OF SNAKES

#### Missouri Hunter Hangs Up Record When One Shot From Rifle Takes Lives of Fourteen.

Emmence, Mo.—Tom Freeman of this city is the champion snake killer of this part of Missouri and has hung up a record that other folks can shoot at for a while. It might not be amiss to mention that Freeman made the unusual record with the aid of his trusty shooting iron, a rifle.

Fourteen reptiles were laid low with one shot from the rifle of Freeman and the warm weather of the present month was a big factor in the annihilation of the snakes.

Freeman says he found a tangled mass on a log in a river near here while on a hunting expedition and upon closer examination discovered that it was made up of several scores of snakes that had gotten twisted together in some inextinguishable manner. He fired into the bunch and the wholesale slaughter of fourteen followed. A number of them, although badly wounded, succeeded in crawling away.

### Suicide's Dance of Death Stuns Guests

Kalamazoo, Mich.—While the poison she had swallowed slowly drove life from her body, Mrs. Neva Fraser, eighteen, a bride of a few weeks, performed a veritable dance of death in the midst of a party of guests.

Excusing herself, she had gone to her room and taken a few grains of strychnine. She returned a moment later, walked over to the phonograph and started playing "Till We Meet Again," explaining it was the piece played at the dance at which she met her husband.

Her friends were ignorant of the tragedy taking place when she began dancing, but before the first strains died away they saw her fall in a crumpled heap. Death sealed her lips before she could explain her motive.

Rich Thief Returned Jewels. San Antonio, Tex.—Making a "hit in oil," following the theft of \$3,000 worth of diamonds from a woman customer of the Gross National bank, almost a year ago, an unidentified thief returned all except three of the gems to the bank. The thief promised in a note that accounted the diamonds to restore the three gems which he is "now using."

## Announcing a further reduction in the price of FORD CARS:

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement: "Another reduction has been made in the list price of all types of Ford Cars, and the Ford truck to take effect immediately. The list prices, F. O. B. Detroit, are now as follows:

Table with 2 columns: Car Type and Price. Touring Cars \$415.00, Runabout \$370.00, Coupe \$695.00, Sedan \$760.00, Chassis \$345.00, One Ton Trucks \$495.00, Tractor \$625.00.

"The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately. "Ford business for April and May 1921 was greater by 56,833 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders, but by manufacturing facilities. "During May we produced 101,424 Ford cars and trucks for sale in the United States alone — the biggest month in the history of our company — and our factories and assembly plants are now working on a 4000 car daily schedule for June. "The Fordson Tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor". Can you afford to go without a car any longer when Fords are selling at these new low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson tractor. We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just phone us or drop us a card.
