SCHOOL BOYS PATRIOTIC:

The High School boys, under the supervision of Miss Tyner, equipped the high flag pole at the school with a new rope and raised a beautiful, large American flag, on Tuesday last. To put in the new rope it was necessary for one of the boys to climb the pole to the top and place the rope through the small pulley wheel, 75 feet from the ground. This was rather a hazardous undertaking but one of the boys scaled the pole with ease. The High School boys, so Miss Tyner states, are the best in the world and "can do anything".

PROCLAMATION BY MAYOR MITCHELL

The citizens of Brevard are arranging a program for ARMISTICE DAY, Nov. 11, to show the returned soldiers how much the people "back home" appreciate their services—their sacrifice—during the World War, and also to give the people of Transylvania County a holiday and a grand good time that will be long remembered.

There will be a parade never equalled in Brevard by the schools of the town and county, and by the various organizations. There will be speaking by orators well known the county over. There will be a barbecue—with all the best, "trimmings"—ample to feed the multitudes.

The soldiers are especially invited to join in the parade and feel that they are most heartily welcome to every pleasure that the town can possibly afford them. Their gallant services and sacrifices is the inspiring feature of the whole entertainment.

Come one and come all. Lay aside you business for the day, and come to Brevard and witness and take part in the greatest celebration ever held in Transylvania County. Come and have one royal good time—the best time of your life, and help everybody else to have a good time.

As Mayor of the city I cordially extend the keys of the city to the good citizens of Transylvania—one and all—and urge all to come to Brevard on Nov. 11th. Don't forget the services at the Court House.
T. M. Mitchell, Mayor

MEETING OF THE TOWN COUNCIL:

The regular monthly meeting of the town Council was held on Monday night and quite a few progressive and important measures were inaugurated.

A new Fire combination chemical and hose car was purchased at a reasonable figure. This has long been needed. Plans were made to have a garage or building built for the housing of the town road machine, etc. The American La-France combination Chemical and Hose Car is a complete small town fire department in itself. Its use by small cities and villages reduce the fire loss to a minimum. It often more than pays for itself on a single fire. The car is equipped with a chemical tank, ladders, ax and hand extinguishers, and as it is fitted to carry fire hose and other fire fighting appliances, the firemen are prepared to cope with any emergency that may arise. By combining all the elements of fire protection and all the weapons used by the modern fire fighter with the remarkable dependability of the Ford—and its ability to "get there" under any and all con-

ditions of road produced a local and efficient service. Several other minor inactivated.

BAPTIST

Several weeks ago a meeting was made by Mr. Smith, the pastor of the church, that a series of meetings would be held in that early date. Arrangements now perfected for the meeting. Several other minor inactivated.

The meeting will begin on Sunday morning, Nov. 20th., at 11:00 o'clock, which is one week from next Sunday. Mr. Smith, of the church will do the preaching, and the music will be in charge of Mr. and Mrs. Frank McCravy, of Laurens, S. C. Mr. McCravy is an evangelistic singer of wide reputation and long experience, and is highly endorsed by pastors of some of the leading churches in the South. A Texas has this notice concerning his work in one of the cities of that great state:— Mr McCravy is one of the best choir directors it has ever been our privilege to hear. He is also a great soloist, and there is something about his solos and the singing of them that get all tangled in your heart string. The "State-times," Baton Rouge, La. contained some time ago these appreciative words concerning him:—"Every one enjoys the solo of the sweet-voiced McCravy, as well as the masterful way in which he conducts the chorus and leads the audience in the song service."

Dr. John Jeter Hurt, pastor of the First Baptist Church, Milington, N. C., says this:—"McCravy is exceptionally fine. He is the best leader of a junior choir I have ever seen. He is a personal worker of untiring zeal. His wife plays the piano with marvelous skill. We shall want them again."

Mr. Smith considers himself, his congregation, and the entire community most fortunate in being able to secure this talented and consecrated couple to have charge of the music during the series of meetings, and he urges upon the singers of the choirs of the other churches in Brevard that they occupy seats on the platform with the regular choir of the Baptist church and assist in the music.

There will be two services a day during the meeting, and the hours will be held by way of preparation for the meetings. This week the meetings will be held in the following homes:

Mr. A. E. Hampton, Mrs. L. N. Townsend, Mr. W. S. Price, Jr., Mr. Bert Sitton, Mrs. Georgia Galloway, and Mr. Grogan on Whitmire street. The hour of meeting is 7:30. The friends of other denominations are urged to attend these prayer meetings, and all who will attend are asked to choose the one that will be most convenient for them to attend.
