

**THE PRAYER CORNER.**

**"Keeping Watch"**

There are prayers which we can not finish on our knees. They can be ended only in some field of duty.

There are many illustrations. Your neighbor is in some trouble, you hear of it, and, being a believer in prayer, you go to your place of devotion and plead that God would send him the help he needs. But almost certainly prayer is not the duty of the hour. Rather it is to rise from your knees and go to your neighbor and with your own hands do for him what he needs to have done. If a friend of yours is taken suddenly ill or is injured by an accident, your duty probably is not to go to your closet and spend a season in prayer for him, but to hasten for a physician.

It is our duty to pray always to take everything to God. But usually prayer is not all our duty.

Oftentimes we must go out to answer our own prayers. There is too much selfish praying—praying only for ourselves. Such prayers are not heard. The Lord's Prayer teaches us that we must include all men in our supplicates. Love never ends with ourselves, nor does prayer; we must pray for others, and if we pray for our neighbors we must go forth to answer their cries for help, while we pray for those in distress, we must open our hand toward those who need.

It is the weakness of many peoples prayers that they and with their utterance, we may think we are keeping watch for the answers, but we are only idly waiting on God to do what He is waiting for us to do. We ask God to give bread to the hungry and drink to the thirsty, not remembering that the Master will say, I was all hungered and ye gave me no meat, I was thirsty and ye gave me no drink, I was a stranger and ye took me not in.

Prayer for the relief of others in distress must be followed at once by personal ministries of love. We are to pray and then to hasten out, filled with the spirit, to do the work that needs to be done.

Praying is not all, we must follow our prayers with work, duty watching, service, or they never will be answered.

**A PRAYER**

Almighty God, our Heavenly Fa-

ther, teach us that it is our duty to pray always, to take everything to Thee. But it is not all our duty. Oftentimes we must go out to answer our own prayers.

Forbid that we should pray only for ourselves for such prayers are not heard. Love never ends with ourselves, nor does prayer. We must pray for others, and if we pray for our neighbors, we must go forth to answer their cries for help.

Never let us forget the words of our blessed Lord, "In as much as ye did it not to me." But ever let us pray for the relief of others in distress, and then follow our prayers by personal ministries of love, with work, duty, watching and service. So shall we hear at last the Master's benediction, "In as much as ye have done it unto one of the least of these my brethren, ye have done it unto me. Amen.

**T. E. L. CLASS OF BAPTIST CHURCH ENTERTAINED**

The T. E. L. Class of the Brevard Baptist church, with their husbands were entertained last Thursday night at the home of Messrs Bishop and Osborne in North Brevard.

An old time candy pulling was the main feature of the events, and was held on the lawn.

The lawn was handsomely decorated and beautifully lighted with electric wires strung through the front windows.

Mrs. C. S. Osborne and Mrs. D. F. Moore were the hosts for the occasion while Martha Osborne and Eliza Henry dressed in white and green (class colors) met the guests at the door and pinned on class colors.

Many games were played, green and white mints and punch were served, after which the gentlemen proceeded to draw their patrons for pulling candy.

The guests were loth to leave until a late hour and vowed that they had enjoyed one of the most pleasant evenings they had ever known.

**DESPAIR LURKS IN WEAK BLOOD**

**Gude's Pepto-Mangan, The Blood Builder, Arouses Dull Faculties.**

Many a man and many a woman feels all out of sorts from thin, weakened blood. The least little thing gone wrong throws them into a wild form of despondency. Instead of bracing up and meeting ordinary difficulties, they are downed. Nerves are on edge. Appetite lags. Sleep is restless. They are weak and tired and dull. Poor blood works its havoc till the will loses its power. Few people who fall into habit of worry and despondency realize that most of their troubles are due to lack of endurance—to blood that has become weakened by overwork or straining.

Healthy men and women with rich, red blood see things brightly. They tackle life with zest and go along smilingly, full of eagerness and endurance.

Gude's Pepto-Mangan taken steadily restored the blood to its natural richness. It actually makes red corpuscles, the tiny particles in blood which make it red. Druggists have Gude's Pepto-Mangan in liquid and tablet form. Adv.

That dream we cherish above all others because we find in it our

**"HOME OF DREAMS"**

And each of us has his own "dream home." One into which has been built all that expresses and satisfies our individual tastes and requirements. One that embodies all our own ideas of what a real home should be. And that home is a Better Home, built of Better Materials, built to be lived in and enjoyed for many years to come. You have a dream of a home. Will you make it come true or will you buy somebody's cast-off? Or, if you build, will you be satisfied with just an ordinary house erected out of ordinary materials?

We can make your HOME OF DREAMS COME TRUE! We cater especially to home builders and are advocaters of better homes. With our help you can build your "Dream Home" for the same money that you would have put into an ordinary house. Among our plans you will find Your Home or one which, with a few changes, is just what you have in mind. We want you and the wife to come around and tell us about the home you want to build—it won't obligate you at all and we promise that you'll learn something.

We believe in Better Materials for Better Buildings and in accordance with that belief, we handle only lumber and other materials which have proven, through use, to be as good as the best and better than the ordinary. You are welcome to look over the entire stock of building materials at any time you wish. Come in.
