CURE FOR SOREHEAD

One of our subscribers has reported to us a cure for sorehead among fowls which is prevalent at this time. The remedy is as follows: five drops of carbolic acid to one ounce of lard or other grease. Apply this to the sore spot on the fowl, and in a few days no trace of the disease can be seen. If you have chickens with the sorehead, try this and watch the result.

Insurance Neglected

May mean weeping in smoke or in sadness viewing the ruins of your home.

But insurance shows business ability. Means satisfaction in protection. Means Contentment of mind. Means the saving of a lifetime's earnings. Means the comfort of old age.

Destruction has visited your neighbor and our neighboring town — It awaits us.

Insure while it waits — tomorrow may be too late.
