FRIDAY FEBRUARY 3, 1922

THE BOOSTERS BANQUET:

The business men and women of Transylvania County will gather on next Tuesday night, at 7:30, in the dining room of the Aethelwold Hotel. The object will be to have a general get-together social evening for the purpose of inaugurating an advertising campaign immediately.

T. H. Wood, Division Passenger Agent of S. R. R.; N. Buckner, Sec. Asheville Chamber of Commerce; N. M. Hollowell, Editor of the Hender-ville News; D. Hiden Ramsey, Editor Asheville Times are expected to be at the banquet. Circular letters are being sent out to every citizen interested in the tourist business of our County and it is estimated that from one to two hundred citizens will gather at this Booster's Banquet.

No doubt this gathering will be remembered for many years as the first movement for the inauguration of the Transylvania Booster's Society.

The committee has taken considerable pains to mail to each and everyone interested in boarders, etc., a card; but some one may have been overlooked. The banquet is for all but it is necessary that the secretary be notified of the number of plates at \$1.00 each you may want. All orders must necessarily be in by Monday noon. Please notify the secretary at once.

Last season was a dismal failure, and it is up to all of us to make this year a success by systematic advertising and it is believed this social get-together meeting will create the proper spirit and the News urges all who are interested to be there — Let's Go.

EVERSHARP PENCILS

It is a far cry from the primitive writing tools of the ancients to EVERSHARP—the modern writing wonder.

Equipped with the patent rifled steel tip which cuts tiny grooves in the lead as it passes thru, thus preventing turning or slipping.

Eversharp leads made especially to fit the rifled tip. Perfect results follow the use of the two together.

With the exception of the checking pencil, every Eversharp has an eraser.

Beautiful, useful, durable, economical, Eversharp truly holds first place.
