SUFFERS SERIOUS ACCIDENT**

Mrs. Spaulding McIntosh slipped on the sidewalk one day last week and fell into a ditch, resulting in a fractured hip. She was at once removed to the Brevard Hospital.

Mrs. McIntosh is expected to be able to leave the hospital in a few days, but it is feared that it will be several months before she will again be able to walk.

**BISHOP JAMES CANNON, JR.,  
APPOINTED CHAIRMAN OF  
UNIFICATION MOVEMENT**

Nashville, Tenn., Jan. 28.—According to advices received here at the headquarters of the "Friends of Unification" movement, Bishop James Cannon, Jr., of the M. E. Church, South, has accepted the chairmanship of the committee on organization of the movement, which is formed for the purpose of creating sentiment favorable to unification of northern and Southern branches of the Methodist church.

For the prosecution of this work Bishop Cannon announces that he has opened an office in Richmond, and that those interested may address him on this subject at P. O. box 605.

Advocating the wisest disposition of the proposed plan of unification, pro and con, the committee of which Bishop Cannon is head, announces its purpose of placing before the people through the printed page, by public speech and private conversations, facts concerning the responsibility of Southern Methodists for unification of American Episcopal Methodism and the facts concerning the proposed plan, its advantages and disadvantages, wherever the people desire it.

In this connection, Bishop Cannon says: "I believe there should be the fullest and freest discussion of the purpose of the plan of unification and of every item in the plan, not to praise it on the one hand or discredit it on the other hand, but to explain what the plan proposes, the probable immediate effect, and the effect in years to come."

Bishop Cannon in a public statement gives it as his opinion that a vote on the question should not be taken in any congregation or conference when only one side of the question has been fully presented. He

furthermore states that he does not think that any lay delegate should be elected either to district or to annual conference pledged to vote either in the affirmative or in the negative. The preachers are not so pledged, he says, and lay delegates should not be; and if after his election a layman changes his mind as to what he believes the will of God is, he should follow his conscience. The Church is not a political party with conferences composed of instructed delegates, he declares, and those charged with the responsibility of voting upon the acceptance or rejection of the plan should base their decisions upon their definite conviction of the will of God and apart from any minor considerations such as approval or disapproval of speeches or activities of individuals.

According to the action of the general conferences of the Methodist Episcopal Church and the Methodist Episcopal Church, South, the plan of unification passed favorably upon by both these bodies, will go to the annual conferences of each denomination for final vote at their 1925 sessions. Approval of three fourths of the members present and voting is required for its adoption.

**Stop Night Coughing  
This Simple Way**

People who have persistent, annoying coughing spells at night, and who through loss of valuable sleep are weakening their systems and laying themselves open to dangerous infections, can stop their distressing trouble promptly by a very simple treatment. Hundreds who have hardly been able to rest at all for coughing, have gotten their full night's sleep the very first time they tried it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is that you usually sleep as soundly as a babe the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, chest colds, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup—no harmful drugs. Economical, too, as the dose is only one teaspoonful. It is on sale at all good druggists. Ask for
