coat of tan on the arm is worth two sleeves in a frack. There are three variations of the short-sleeved ensemble. One is the sleeveless frock or jumper-frock worn with a sleeveless jacket. This is inevitabily a summer costume, that will be more interesting later in the season. Another is the sleeve-less jacket over a frock with sleeves. Several of the large Paris houses show this type for sports wear. A third, and most popular, and cer-tainly less difficult to wear, is the sleeveless frock or jumper-coatume worn under a jacket with sleeves. The jacket of the ensemble aves the costume a formality what if the costume a formality what if the costume a to the tennis-frock class and makes it one that may be worn for "spectator sports," and when it is of suitable fabric, even for town wear.
