CORN AND SOY BEANS NOT GOOD MIXERS

Tests made by G. M. Garren, cereal agronomist of the North Carolina Experiment Station, at the mountain and coastal plain branch station farms last season indicate that intercropping corn with soybeans depresses the yield of corn and cuts the yield of soybeans as compared with yields secured when either of the two crops is grown alone.

Mr. Garren reports that this is a rather startling statement to make vard. since most good farmers have prac-ticed the inter-cropping of cowpeas Audrey of Biltmore, spent Sunday and soybeans with corn but he pre-with Mrs. Morris' mother, Mrs. Em-

Results secured on the mountain farm will give a fair example of what yields were secured. Taking round figures, he secured a yield of 56 bushels of corn per acre when the corn was planted alone. Where soycorn was planted alone. Where soybeaus were planted between the hills, ing his brother, Frank Allen.
he harvested 50 bushels of corn an acre and where the soybeans were spent the week-end with her parents, planted in alternate rows, he harvestbushels of corn an acre. re the soybeans were grown

he harvested 30 bushels of the s an acre; where the beans were a planted between the hill of corn, he ha vested only 7.5 bushels an acre and where the soybeans were planted ernate rows, he harvested 26.6 bushels of the beans an acre.

In this test, of course, no account was tak in of the soil improving qual-nies o he soybeans nor of the value Carr Lumber Co. cans as compared with the corn yield that was cut down.

NOTICE OF SUMMONS AND WARRANT OF ATTACHMENT of North Carolina County of Transylvania

IN THE SUPERIOR COURT Williams & Fulgham Lumber Company, Inc., Plaintiff

V. Fontaine, Defendant.

The defendant above named will take notice that a summons in the above entitled action was issued against said defendant on the 22 day of Jan. 1931 by Otto Alexander, Clerk of the Superior Court of Transylvania County, N. C., for the sum of \$2,646.93, due said plaintiff by account as set forth in Exhibit A of the complaint, which summons is returnable before the said Clerk of the Superior Court in his office in Bre- Everyone hopes for her a speedy re- River. vard in the County of Transylvania, State of North Carolina on the 21st day of Feb. 1931; the defendant will also take notice that a warrant of at-tachment was issued by the said tachment was issued by the said Mr. and Mrs. Silas McCrary of Mr. Ed Duclos has been confined to Clork of the Superior Court on the 22 Greenville, were visitors here last his home for the past ten days with day of Jan. 1931 against the prop-

COMPARE

Compare the values, prices and service we give you with those of any other tire dealer or distributor of special brands.

The low prices of rubber and cotton give Firestone unusual advantages due to their world-wide facilities in securing these raw materials and their efficient manufacturing. With Firestone's most economical distributing system, with over 600 branches, warehouses and service stores, we can secure a complete line of fresh Firestone tires, tubes, batteries, brake lining, rims and accessories within a few minutes' to a few hours' time and give our customers values and service that are not duplicated.

4.50-21 Tire Rubber Volume

Plies at Tread .

Width

COMPARE

Firestone has this year added more rubber to the tread which gives 20% to 25% more safe mileage before the tread wears smooth.

The Firestone Double Cord Breaker gives you SIX and EIGHT plies under the tread—spreads road shocks— lessens punctures—gives over 50% stronger union be-tween tread and tire body which ensures longer tire life and greater safety.

Live rubber penetrates every cord and coats every fiber by the patented Gum-Dipping process-thus not only every cord, but every fiber within the cords, is insulated: this gives you 25% to 40% added tire life.
