

HORSE RACING BILL OVERSHADOWED ALL THINGS LAST WEEK

(Continued from page one) general, many of them resolutions. Among the public laws ratified the past week were two relating to county government, one creating a commission for improvement of the laws; providing for spending the \$400,000 appropriation in 1927 for a new central prison; providing for an amendment to allow elections on amendments to the constitution to be held at times other than general elections; authorizing declaratory judgments; requiring tobacco warehouses checks to be made payable to order; allowing county commissioner to establish county courts with criminal jurisdiction; preventing employment of females under 18 years of age in all kinds of industrial work at night; providing for an alternate juror in certain cases; recording instruments by photography; requiring reserve fund and regarding mutuality of B. & L. Associations; regulating sale of mixed feed oats and allowing two pre-emptory challenges to the defendant and one to the state in criminal trials.

REVALUATION FIGHT Revaluation, an important matter, postponed until March 15, has again been postponed until April 1, while bills have been introduced postponing it until 1933. This is to precipitate another hard fight before the session ends.

Although an effort was made to stop introduction of bills after March 10, a resolution to that end having passed the Senate, except by consent on two-thirds vote, it has failed in the House and they continue to be thrown into the hopper, but not as many as formerly. The high peak was reached March 10, when 31 bills were introduced in the House and 21 in the Senate.

Among the bills of general interest introduced last week are the following:

SOME HIGHLIGHTS Legal - Permit removal of land from provisions of the "Torrens Act" To set up methods of acquiring real and personal property, selling it and conveying title for failure to pay taxes; to protect the inchoate right of dower and prohibit sale of the home site by husband without written consent of the wife; defining jurisdiction of administrators of estates; making law as to receivers apply to liquidation of insolvent banks; defining rights of receivers; liability for criminal costs before Justice of the Peace; to preserve the fiduciary powers and liabilities of consolidating banks; punishment for fraudulent disposition of crops; relative to the right to perform an autopsy on the human body; authorizing a commission to study N. C. laws on property and inheritance rights of husband and wife; prevent justices of the peace from trying criminal cases after 6 P.M.; provide payment of physicians' bills for a year before death, and undertakers, out of estate of the deceased. Local Government - To Permit renewal, as well as funding and refunding notes of counties, cities and towns and local units; allowing units, by contract, to anticipate and take up notes and bonds before maturity, and permitting levy of a proper tax to replace needed funds tied up in failing banks; authorizing counties and road districts to use road funds and road camp proceeds; provide for special taxes to pay costs of jails and courts; providing manner for the settlement of sheriffs and tax collectors; authorizing court clerks to use photostatic copies of maps, plats and blueprints with records of special proceedings; provide for a study of listing and assessing property for taxes by the State Tax Commission. Motor Vehicles - Provide for mechanical or electrical signals to show left turn, right turn, or stop, as well as hand signals; to make N. C. motor vehicle laws conform to those adopted by the National Conference of Street and Highway Safety. Pensions - Require that pension rolls be checked with vital statistics records; create a state retirement fund for state employees who have work 20 years for state, reached 65 years of age by saving out three per cent of their earnings; move up date of marriage of widows of Confederate veterans from 1890 to 1901, making them eligible for pensions.

Selica News Notes

There seems to have been about as much happening in our section as there were in Oakland last week. Come along Sis, and tell us more—surely some of your folks like sugar likker. Ours did Saturday night and Sunday.

Rev. Nathan Chapman preached at Cathays Creek church Saturday night. His text was "There's Death in the Pot," and Sunday's text was "Warming by the Devil's Fire." A large attendance was noted at each service.

A large number of friends visited Uncle Joe Dunn, who has been very sick for some time, on Sunday. Riley Pressley of Brevard, was a visitor of Mr. and Mrs. Tom McKinna Sunday.

George McKinna was visiting Tom Galloway at Calvert Sunday. Ward Breedlove was in Rosman Sunday, visiting his grandfather, J. B. Whitmire.

Jule Chapman of Tryon and a number of his family were church visitors here Sunday. Irene Galloway of Calvert, was the guest of Mary Mann Sunday.

Gordon Biggerstaff and Joe Bryson Jr. were hauling feed to the Cherryfield Farms on Monday. Henry McKinna has started his plowing on the Jimmie Whitmire farm. Most everybody is farming here—all we have to do.

The M&B has another kiln of lime ready to begin burning. Misses Clara and Lucynell Coren of Gladly Branch were guests of Mrs. Ward Breedlove on Sunday.

There seems to be much flu in our section and we missed a number of the members of our church Sunday on account of the epidemic. Among the latter were Mr. and Mrs. Blake, Mr. and Mrs. Pressley Galloway, Mr. and Mrs. Florida Fowler, Mr. and Mrs. J. D. Bryson, Mr. and Mrs. Joe Lance, Mrs. Elinu White, and several others. We are hoping the disease will vanish and give our folks a chance to enjoy themselves at church again. We are glad to note that the ladies are organized to see that the law is enforced, and hope that the fair sex will get 'em in high—the men can't.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from DAVIS-LONG DRUG CO.
