

TO THE Officers, Directors, Stockholders & Depositors Of The Brevard Banking Company

The Undersigned Business Men and Citizens of Brevard, suffering great financial loss and much mental anguish by reason of the fact that the Community has no Banking Facilities, urge upon you the necessity for immediate action which will relieve this situation. The time has come when it is no longer possible for any one citizen to look upon this matter in the light of what may be best for his own personal interests. The one and only question now is that of what is best for all of the people of this Community. To do less is to be less than a patriotic citizen. This is no time to add agony to agony.
