OUR REFERENCES:

We refer you to any reputable citizen of Brevard and Transylvania County, and to all business houses here, and to The Brevard News, as to our ability to properly handle your Real Estate work and as to our reliability.

GREAT FUTURE HERE

Highways now being completed from Greenville, S. C., by way of beautiful Caesar's Head and the matchless Cedar Mountain section will greatly enhance the value of all real estate in the county. Highway No. 28, completed in Transylvania county and now being completed through Jackson county, connecting with other paved highways will add millions of dollars to wealth of the county's land. The United States Government is spending tens of thousands of dollars in making better roads and numerous paths through the Pisgah National Forest, and this work on the part of the Government will bring uncounted thousands of tourists into this section. Brevard is the gateway to the Pisgah National Forest and leads on into the Great Smoky Mountain National Park.

FARMING

There can be found no better farm lands than that along the beautiful French Broad river and in the French Broad Valley, known far and wide as the Beautiful Sylvan Valley. River bottom for farming, with vast mountainsides for grazing and stock ranging create a combination here that is equalled in but few other places throughout the Nation.

SUMMER HOMES

People from all parts of the South and the Great Middle West come to Transylvania County every summer, where the most ideal conditions for summer vacations are to be found. Why not have you a summer home in this great community? We can provide you with anything from a summer shack to a most palatial home, either through sale, trade, or lease.

SUMMER CAMP SECTION

There are more summer camps in Transylvania County than there are in all the rest of Western North Carolina combined. This is sufficient to prove to you that Transylvania County is the logical center for Summer Camps.

NOW IS THE TIME

Right now is the time of all times to make your selection, as Real Estate can be had here now, owing to general conditions prevailing throughout the world, at lower prices than have been known in the last 25 years. It is safe to say that these prices will never again be as low as they are right now. In fact, this summer will witness a decided increase in Real Estate values here.
