IN MEMORY OF MRS. F. H. BLYTHE

On Tuesday afternoon, April 7th, God in His tender mercy called to her reward, our dear friends and neighbor, Mrs. F. H. Blythe. She had been ill for sometime and all during her illness she was ever the patient sufferer.

Mrs. Blythe was the wife of Mr. F. H. Blythe of Pleasant Grove. Before her marriage to Mr. Blythe she was the wife of the late Mr. John Meese of Etowah, and before this marriage she was Miss Rachel Orr. She is survived by her husband, one sister, Mrs. Martha Shipman, of Hendersonville; two brothers, Charlie Orr of Hendersonville and J. C. Orr of Pleasant Grove; and the following step-children: Mrs. George Owen, Mrs. Bert Green, George Meese, all of Etowah; Mrs. Sue Neely and Denton Blythe of Spartanburg, S. C.; Rev. C. E. Blythe and Mrs. W. W. Orr, of Pleasant Grove.

Mrs. Blythe has been a Christian for about fifty years, being an active member of Pleasant Grove church at the time of her death.

She was seventy-two years and two months old, and all during those years she has given her services to those who were needy. She was always found a constant visitor at the bedside of the sick, and was always eager to help in any just cause.

She left a host of loving friends, who lament her death. Their only consolation is the hope of meeting her in heaven. Though she will never be in our midst in person again, we will always feel her spirit and see the effects of her works.

Mrs. Blythe lived a life of genuine goodness and usefulness to her community. The entire community is anxious to manifest the love and respect held for Mrs. Blythe, by comforting and lending a helping hand to the bereaved family.

By a Niece, Mrs. W. H. Grey.

yellow was evident and attractively carried through with table decorations, the center bowl being jonquils.

MUSIC LOVERS CLUB IN INTERESTING PROGRAM

Mrs. F. P. Sledge and Miss Eva Call presented a most interesting program to the Music Lovers' Club on April 8th, the subject under discussion being "The Dance."

It does not occur to the average American that we have no national music or traditional dance. One heritage of all the older nations is the dance, whether it be folk, religious or ceremonial. In India there is the dance of the dervishes as a part of the religious ceremony; in Japan, the dance of the elisha girls as more traditional of the tea shops; in England, Russia, Germany, and all countries on the continent there are the characteristic folk-dances which play a part in festivals, May Day celebrations, and village fairs.

A more recent development of the dance is the character dance as interpreted by Angina Enters. Here we find dancing as a pure art, making use of any other art, device, or costume to present vividly the desired picture. Miss Enters studies mood, character, and atmosphere, and achieves some rather wonderful effects. One of her most impressive interpretations is that representing Death.

At intervals during the program the club was delighted with the light, graceful interventions of Mrs. Carroll Kilpatrick, who very graciously

and charmingly presented the Russian folk dance, the Spanish farandole, and her own interpretation of "Country Gardens" by Grainger.

Following the program, the hostesses, Mrs. Frank Jenkins and Mrs. Alexander Kiser, served delicious refreshments.

The right way to use the new HUMIDOR PACK

1 Do not tear Cellophane. Look for the convenient flap at the top and back of package

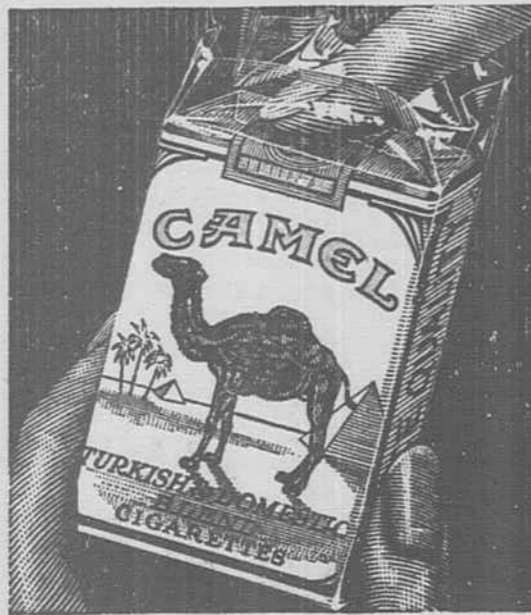

2 Simply lift this flap and you will break the specially devised air-tight seal

3 Hold package as shown and with your thumbs push it part way out of Humidor Pack

4 To avoid tearing tin foil, slip first finger of each hand under Revenue stamp and break it

5 Help yourself to a fresh cigarette, then slide package back into its Humidor Pack

6 Close package. It guards Camels from dust and germs and provides sanitary protection

THE moment you open the new Camel Humidor Pack you begin to note the advantages of this new, scientific and sanitary method of wrapping Camel cigarettes.

At once you are greeted with the delightful aroma that comes from choicest Turkish and mellowest Domestic tobaccos in prime condition.

Your sense of touch also detects the freshness of Camels, for unlike moisture-robbled cigarettes Camels are pliable to the fingers.

But the real difference comes when you light a Camel and inhale its cool, fragrant smoke.

Cigarettes brought to you so perfectly conditioned deserve to be kept that way in your pocket.

The simplest way to insure this is to open the Camel Humidor Pack as shown above.

That will keep intact the mildness and freshness that is making the whole country say: "Now I'd walk two miles for a Camel because they're twice as good."

If you haven't tried Camels in the new Humidor Pack, switch over for just one day.

Then go back tomorrow if you can.
