

HINTON DREW PRAISE FOR HIS RING WORK

"Pug" Hinton, Brevard favorite of the roped arena, drew very favorable comment from sports editors of the Carolinas last week when he won the semi-final bout of the Newberry-Keeling card from Bobby Turner.

The Greenville News had the following to say about the prowess of Hinton:

"Bobby Turner, of Dunean, yielding 10 pounds to 'Pug' Hinton, put up a really great scrap. Hinton won and deserved the decision but it was a sure enough battle from first to last. Turner kept tearing in and Hinton refused to yield. They fought but few letups. This fight pleased more than any, as far as action was concerned."

Pug has fought seventeen bouts in the past two years, winning ten of them, lost three, drawn three and one no-decision. He is slated to meet Rambling Rufus Miles of Columbus, Ga., within a short time, probably at Greenville, for the welterweight championship of the Carolinas.

BOY SCOUTS ATTEND ASHEVILLE MEETING

(By FRED MILLER)

On June third the Scouts of Troop One of Brevard went to Asheville. They were to attend the tree planting ceremony.

Walnut trees are being planted in all the state capitols and in several foreign countries. Asheville was highly honored to be among the list of cities to receive a tree. The nuts are from the walnut trees at Mount Vernon. The tree planting is a part of the program to celebrate in 1932 the bicentennial of the birthday of George Washington.

Among the distinguished guests present were the Secretary of Interior, Raymond Wilbur, the Treasurer of the Boy Scouts, George D. Pratt, and the Chief Scout Executive, James E. West.

Troop 1 arrived in Asheville about 10:30 and they celebrated until 1:30. At that time all the Scouts met at the court house to form a parade.

The parade was composed of Boy Scouts from all over the Daniel Boone Council. Even the Indian Troop at Cherokee was present. The drum and bugle corps of Asheville led the parade. All the United States flags were massed, which greatly added to the appearance of the troops. The parade began at the court house, then to the square, down Patton avenue, around the old post office building, back to the square, and down to the court house. Here they formed an almost complete circle around the road in front of the court house and city hall. Scouts were ordered to fall out.

At 2:30 the troops were called to attention as James E. West arrived. Mr. Pratt took charge. When Dr. West began to speak all the Scouts and citizens crowded around, for he was the man of chief interest at the meeting. The Chief Scout executive gave a real interesting talk on scouting and he referred to Washington several times. His speech was closed by all the Scouts repeating the Scout Oath together. Several important speakers were present and each of them put some dirt on the tree. Mr. Wibur could not be present.

Next Dr. West made a careful inspection of each troop. He personally congratulated each Eagle Scout. Each Scout was given two walnuts from the trees at Mount Vernon. They are to work out their own way of raising them. Troops were then dismissed.

Troop 1 again stormed Asheville for a few hours. We left for home about five o'clock. The boys bought out one hot-dog stand on the way back. The Brevard Scouts reached town just at sunset after a great day.

This is the first time any of the Scouts have ever seen any of these important Scout officials. It is quite an honor to have James E. West come all the way from New York just to set out a small tree and congratulate a few boys.

ants, in the following described real property.

Being the same land described in Book 3, at page 50 of the records of deeds of Transylvania County, N. C., and being the same land conveyed by John and Elizabeth Clark to J. R. Clark on September 18, 1925.

CUT WORM MENACE CAN BE ERADICATED

"Of all the public enemies that ought to be put on the spot right now, the cutworm is the most deserving," declares the B. & B. local distributors of Purina Chows.

"It's great weather for cutworms," Mr. Britain says. "The mild lady-like winter and balmy spring have greatly encouraged the output of these notorious pests and are therefore a greater menace than ever to garden and truck crops, corn and tobacco."

"They're especially fond of crops growing in freshly turned sod land where the ground is soft on the feet and easy to bore through."

"To destroy these worms a poison bait must be prepared and scattered over the ground."

"The easiest way to prepare such poison bait is to dissolve 3 pounds of Paris Green in 3 gallons of water and sprinkle it on 100 pounds of Purina Bulky Las. Shovel it over and you have enough bait for five acres."

"At sundown scatter the poisoned bait on the ground. When the cutworms come up at night to feed, the odor of the moistened Bulky Las attracts them. It tastes good. The worms eat hearty and go home happy. That will be their last public appearance."

"Many cars of Bulky Las are used each year for this purpose in the United States and Canada, especially among the tobacco growers," states the B. & B.

and Dillsboro.

L. C. Case made a business trip to Brevard Monday.

Mrs. Charlie Wood of Cashiers was the guest of her daughter, Mrs. Floyd Jones, last week.

Straub Clayton of Brevard, was a Toxaway visitor last Sunday.
