MRS. JORDAN WHITMIRE, Editor

## REV. MR. ELDRIDGE CALLED TO MIDDLE FORK BAPTIST

Rev. C. J. Eldridge was called as Pastor of Middle Fork Baptist church Sunday.

Rev. Mr. Eldridge was ordained five years ago and has filled many appointments throughout the county, but this is the first time he has accepted regular pastoral work. His many friends here predict a brilliant future for Mr. Eldridge.

## NELSONS HOLD RE-UNION

The Nelson re-union was held at the home of Mrs. Sarah Nelson near Rosman Sunday. Relatives from the two Carolinas joined in one big picnic and the day was very happily spent in greeting the different relatives and friends. There were about eighty members present. And it is reported one of the most successful events of the season.

## ALL-DAY SINGING

There will be an all-day singing at Greenville next Sunday.

Several quartets from North and South Carolina are expected to be present as well as other singing leaders of the county.

Rev. C. E. Williams left Tuesday for his home at Concord, having spent several weeks as guest of Rev. and Mrs. J. M. Green.

Mrs. Davis Galloway and children of Old Toxaway, were Rosman visitors Sunday.

Charles and Gladys Clark, who had their tonsils removed last week, are recovering nicely.

Rev. C. J. Eldridge and Rev. J. C. Burt were visitors to Mars Hill Monday.

## FIRESTONE HOUR ON THE RADIO AGAIN

The "Voice of Firestone" returned to the air Sept. 7 to inaugurate a weekly program which musical critics believe has achieved the fundamental aim of radio—a program of universal appeal.

It is a program of noted talent which everyone can enjoy to the utmost, and it will be heard each Monday over the nationwide N.B.C. Red Network.

James Melton, without a peer among artists heard on the air, is the tenor soloist. Gladys Rice, a true artist whose singing is enjoyed by millions of listeners, is the soprano soloist.

There is the "Firestone Male Quartet" of outstanding singers, and William Merriam Daly, noted conductor, with the 30-piece Firestone Orchestra. Alois Havrilla is the announcer.

The musical selections too will appeal to all—if popular selections they will be high grade and real music, if classical or old-time selections they will be favorites.

Harvey S. Firestone, Jr., vice-president of the Firestone Tire and Rubber company, tells the romantic story of rubber development every Monday in a series of brief word pictures. Mr. Firestone has travelled the globe studying the best place to grow rubber and founded the great plantations enterprise in Africa which he directs in addition to his other duties. He has many interesting experiences and unusual highlights concerning rubber.

James Melton, internationally known tenor of the radio and concert stage, combines real genius with an unusual personality. The very young star who started his career in a college glee club and then took up music in earnest, has mastered the technical difficulties of singing through the microphone.

The fame of Gladys Rice in the radio world centers about her innate gift of pleasing and entertaining all those with whom she comes in contact. She was with a dramatic stock company until she discovered her voice at the age of 17. She was the soloist for "Roxy and his Gang" and in Roxy's stage presentations.

William Merriam Daly, whose latest honor was to be chosen by George Gershwin to conduct the latter's famous "Rhapsody in Blue" when it was played for the first time by the huge Philharmonic Orchestra of New York, was introduced at that time by Deems Taylor, noted American composer, as "next to Leopold Stokowski the greatest conductor of American music now living." Walter Damrosch said after that performance "That man Daly is the finest young conductor in America." He will undoubtedly have an outstanding success with his "Firestone Orchestra."

The Firestone quartet is composed of outstanding singers. Each is a solo artist in his own right and they have played lengthy engagements in Europe.

## Penrose Pen Points

Penrose school opened Monday morning with an enrollment of 75 pupils. N. L. Ponder and Miss Fleeto Freeman are teaching in this school. The boys and girls of this school are well behaved and show the same good home training that marked other groups in this school. Some of these children were out Thursday and Friday attending the clinic at Brevard.

Misses Ethel Williams, Marie Case and Leslie McGuire came home Saturday from Hendersonville where they have been spending the summer. Ethel and Marie will enter school at Asheville Normal. Leslie will be a senior in Brevard High.

Ernest Brown and Wilson Lyday left Monday for Mars Hill College.

Henry Holliday left last Monday for Washington, D. C. to visit his sister, Mrs. Dallas Luther. Mrs. Luther had been visiting her mother at Penrose for a week.

## PLANT TURNIPS NOW SAYS DEPARTMENT

With the pantry shelves filled with canned fruits and summer vegetables farmers should plant green and other winter vegetables to supplement this diet.

"If the turnip patch has not already been started, get the soil prepared and the seeds in as early as possible," says E. B. Morrow, extension horticulturist at State College. "For the main crop, the Purple Top Globe variety should be used. Other popular early varieties are the White Milan, Early Snowball and Purple Top Strap Leaf."

Mr. Morrow suggests that it might be well to try the Golden Ball and Yellow Aberdeen since these are yellow fleshed varieties and contain more vitamins than the white fleshed turnips.

Some crops other than turnips and collards should be planted to furnish the greens, states Mr. Morrow. These two fill a definite need but kale offers an excellent substitute for a steady diet of collards. The Siberian and the Green Curled Scotch are the two varieties most commonly grown. Of these the Siberian is the most hardy. For fall greens, this crop should be planted early in September.

Last but not least, comes spinach,

## MARKETING ACT IS HIGHLY ENDORSED

Edward A. O'Neal, president of the American Farm Bureau Federation, in a recent address at Lawrence, Kansas, said:

"The marketing act is a concrete result of the American Farm Bureau Federation's ten-year fight for equality for agriculture in America. It gives national recognition to the principle that farmers have a right to control the distribution of their crops. That principle is founded on the bed rock of human justice and it must be sound. The act provides a definite, practical way to handle our marketing problem, but many short-sighted business men and political groups are making considerable noise in opposition to it. Let them remember that the farm bureau was largely responsible for bringing the act into existence and the farm bureau will fight to the last ditch against any who would take from us what we have gained."

states Mr. Morrow. This plant is very resistant to cold and with a growth of 3 to 4 inches will stand severe freezes. Gardeners in North Carolina should make the acquaintance of this crop, he says.
