

KUSMAN STUDENTS DO EXCELLENT WORK

Boys and Girls Add Big Store to Stock for Associated Charities Work

The Home Economics department, instructed by Miss Olga Fortenberry and the Vocational Agriculture Department, instructed by Prof. J. F. Corbin, of Rosman High School, led in the work of canning vegetables and fruits which will be handled by the Associated Charities of the county to the best advantage to relieve suffering from hunger this winter. The Grammar Grade Classes also showed a splendid spirit in making the canning a success, especially the third, fourth, sixth and seventh grades. They furnished more produce than any of the other grades in school. Many citizens of the Rosman community contributed to the work by lending utensils to be used in the canning operations.

The Gloucester Lumber Company company store, J. W. Glazener and the Rosman Cash and Carry Store furnished salt and fuel for the canners.

The following list of the Home Economics girls and Agriculture boys who led in the canning work:

Edith Clarke, Daisy Galloway, Lila Gillespie, Aileen Glazener, Altha Hinkle, Mildred Henderson, Verona Lyday, Ethel Manly, Reba McCall, Ohelia White, Ann Moore, Maxie Moore, Fanny Morgan, Ellen Owens, Inez Owen, Lela Bessie Owen, Myrtle Bryson, Elsie White, Louise Glazener, Beula Moore, Betty Nelson, Odell Aiken, May Cash, Ella Mae Collins, Mamie Hinkle, Thelma Galloway, Mary Gillespie, Bessie Glazener, Ruth Green, Opal Lee Green, Marge Jones, Lillie Mae Love, Pauline Moore, Sleetie Masters, Altha McCall, Evelyn Mitchell, Helen Owen, Eva Pharr, Laura Lee Rogers, Evon Sanders, Mary Waldrop, Nellie Wilds, Beatrice Woodard, Ella Mae Masters and Blanche Owen.

Ralph Galloway, Roger Whitmire, E. J. Whitmire, Frank Israel, Robert Gravelly, Claxton Henderson, Harry Morgan, Sam Jordan, Harrison Hall, Ralph Burt, Blake McCall, Paul Whitmire, Otis Owen, Ralph Chapman, Howard Galloway, Thomas Lee, Ray Hinkle, Roy Beddingfield, Ray Beddingfield, Warren Case, Frank Chappell, Thern Cassell, Bruce Cassell, Craig Fisher, Glen Galloway, Charles Galloway, Ted Harlin, Verner Hall, Garland Jones, Charles Lee, Doyle McCall, James Morgan, Charles Nelson, Tinsley Norris, Hall Owen, John Price, Bunyon Owen, Victor Sigmon, Blanton Whitmire and Horace Hinkle.

MRS. ROBERTSON TO BE IN ASHEVILLE FOR SEASON

Mrs. Ludema Robertson, of the Powder Puff Beauty Shop, announces that she has closed the shop here for the next three months, and she will be with the fashionable Harper Shop, on Haywood street, in Asheville. She will return to Brevard the first of the year and re-open the Powder Puff Shop. Mrs. Robertson is one of the most popular women of the town, being president of the Business and Professional Women's club here.

SCHOOL SCHEDULE IN ONE HOUR PERIODS

(School Reporter)

At the end of the first month of school, everyone seems to have become accustomed to the change in schedule. Five one-hour periods with a study period at the end of each class have replaced the former schedule of seven forty-five minute periods of recitation. The object of the one-hour periods is to give the students an opportunity to prepare their lessons for the next day while the explanations of the teacher are still on their minds. About forty-five minutes are given to recitation and explanation and the remaining time is spent in studying.

Chapel is held in the afternoon instead of in the morning. This change, also, was met with a few "oh's" and "ah's" at the first of school, but it has turned out to be a very welcome interruption in the afternoon classes.

LEGAL TRANSFERS

Only one legal transfer was noted in the office of the Register of Deeds, Jess Galloway and Assistant Register Mrs. Jess Galloway during the past week:

W. R. Fortune and wife to Mitchell Fortune.

BREVARD, N. C.

LOCAL DELEGATION AT THE P.-T. MEETING

Six Ladies From Brevard Attend District Meeting at Canton

Six delegates from the Brevard Parent-Teachers Association attended the third annual conference of the Western District held at Canton in the Canton High School building Tuesday. The Brevard representatives were: Mrs. Hinton McLeod, district chairman of the P. T. A. Founders Day; Mrs. O. H. Orr, county chairman; Mrs. J. E. Loftis, publicity chairman; Mrs. H. L. Wilson, former president of the local association, and Mrs. J. B. Pickelsimer and Mrs. Marshall Feaster.

Over 150 delegates from the 18 Western North Carolina counties which comprise the Western District were present to participate in the conference.

The two most interesting features of the program were speeches by Mrs. C. O. Burton, of Greensboro, and Mrs. J. L. Henderson, of Hickory. Mrs. Burton spoke on "The Children's Charter," and Mrs. Henderson spoke on "Our National Magazine." The program began at 9:30 in the morning and continued until 3:10 in the afternoon.

Next meeting of the local Parent-Teachers Association will be held in the Brevard Grammar School building, Monday, October 19.

BREVARD ELEVEN IN HARD FOUGHT GAME

Outweighed by Heavy Weaverville High Outfit, Locals Fought to the Last

Coach Tilson's Blue Devils waged a hard fought battle of football against Weaverville High School Friday afternoon on the local field. Battling against a far heavier team the Devils were outclassed in many points of the game. Despite the heavy odds the game ended with a score of only 12-0 in favor of Weaverville High.

The team and local football fans are not at all discouraged by the outcome of the game since the Blue Devils only have three experienced men to aid them, the others being comparatively new to the game.

The game started off with a rush. Brevard receiving the opening kickoff, Osborne, visiting left half, intercepted a pass and placed the pigskin between his goal posts with a snappy right end run for the first touchdown of the game early in the first quarter. They failed to gain the extra point.

It was a straight game of football, both teams concentrating on line plunges. With a much heavier line the Weaverville team rushed the Blue Devils back about five yards at each line plunge they attempted. On the defense Davis and Lance starred as they managed to make many successful tackles.

Early in the third quarter Weaverville made her second touchdown and again failed to win the extra point. The Blue Devils hung grimly on until the end of the game, playing their best part of the battle in the final quarter.

Line-up: Weaverville Brevard

Penland LT Pickelsimer

Ward RT Lance

Brank LG Hinton

POLITICS RUINED COUNTY, CHURCH, SAYS NEWS WRITER

(Continued from page one)

so often. Every four years is often enough. We're not especially caring for any old politics except our County and we wouldn't care if there was not a politic in it. Sure, it would be much better off if there wasn't. All in favor of the above plans let it be known by the usual way. Those opposed nay, and if we hear any nays we have still another possible solution.

Glade Creek nor nobody else just mustn't brag any more on their roads and road overseer than we on ours. We've got the nicest, smoothest roads in all the county (at least they are at this writing). Of course, we know that when it rains the roads are going to be slick, muddy, rough and all kinds of travelling except walking are going to stay put but why worry about that. They are good now. It's real fun to be riding along and not to be in constant fear of going out through the top of your flivver or else being out pushing out some mud hole. Then, too, the County Commissioners, (pardon we didn't mean to say that, we meant county officials) are not being cussed for putting such mud holes on us poor, hard working taxpayers, but do you know we just go sailing along whistling or singing or talking and laughing, knowing all the time that if we meet a car we won't have to back all the way to our front door to let it pass. Oh, yes, they have trimmed out and made a whole heap of wide places in our road. It really is surprising the improvement that has been made on our road under Buck Wilson's supervision, but our roads have been fixed pretty good a few times before, so we don't know just how to sympathize with Glade Creek in being marooned all these years, even since Adam was a boy. Oh! well, we don't know what Adam meant but surely not the first Adam that came to our mind as that Adam we're thinking of never was a boy and there's no record of his even being little, but once and you know that was the time he ate the apple and was little enough to pack it off on his wife.

Wallis Gillespie went to Biltmore to a cattle judging contest. (That's nothing, did you say? Other boys went, too.) Well, don't butt in, let me finish about Wallis as I said before, he went to the cattle judging contest and beat everybody there. Friday, he went to Raleigh to another cattle judging contest and came second. Now, he gets a trip to St. Louis. Honestly, we're just as proud of him as if he'd beat the whole fazzling bunch at Raleigh. He leaves for St. Louis the eighth of October. Now, do you blame East Fork for being proud of a boy like that? He is the son of Mr. and Mrs. B. A. Gillespie, a student of Rosman high school and school bus driver from East Fork to Rosman.

Jack Frost is expected on East Fork at an early date. In fact there is a great deal of bustle and hurry going on getting in readiness for Jack's expected visit. If we don't get heaps of stuff gathered up we won't have anything to take to the fair at Rosman, as Jack generally plays havoc with pretty flowers and nice tender garden truck.

Mr. Arwood from Lake Toxaway visited our Sunday School Sunday and gave us a splendid talk. We enjoy good talks especially if the speaker believes the very same we do.

East Fork is walking round with a big broad grin all over the face (if you could see it for our heads being so high in the air). Well, why shouldn't we? We've got a boy to be proud of.

We miss the Sunday School lessons by The Brevard News editor.

HOUSTON PEOPLE IN SELLING CAMPAIGN

Houston's men turned the trick and sold 64 Hoosier kitchen cabinets during the sale, starting Saturday morning, Sept. 19 and ending Saturday night, Sept. 26. Mr. Houston pronounces the sale one of the most successful ever held in his place of business, being the largest number of cabinets ever sold in one sale except that of 1928, when he placed 76 cabinets.

A cash prize is always given to the man selling the largest number of cabinets, and Goode Loftis took the prize money this time, with Mr. McCall running him a close second.

"Each salesman worked hard and put the thing over," was Mr. Houston's way of expressing his satisfaction with the result of the week's work.

PUSHELL STOCK ON SALE IN BREVARD

The American Sales company, purchasers of the Pushell stock of goods, announces the opening of the big sale of the stock, beginning today. N. Morris, formerly owner of the Morris Footwear Department here, is in charge of the sale for the purchasers of the stock. Announcement is made that the sale must be rushed through and the goods disposed of in the shortest time possible, hence the attractive prices placed upon the Pushell stock. The shoe stock of the Morris Footwear Department is also included in the sale.

Real Tragedy
Pop—There's nothing worse than to be old and bent.
Son—Yes there is, Dad.
Pop—What is it?
Son—To be young and broke.

BREVARD RATE TO BE \$1.25, INDICATED IN BUDGET ESTIMATE

(Continued from page one)

\$618.80. For debt service a levy must be made to care for the net sum of \$53,983.36, making a total expense of \$72,750.48.

To balance this amount the estimated receipts are as follows:

Water rents \$9,600.00
Past due water rentals 1,732.00
License taxes 850.00
Poll & Street tax 1,400.00
Mayor's court costs 60.00
Revenue anticipation from previous levies 20,000.00
From past due street assessments 15,000.00
From current tax levy 24,108.48

Total \$72,750.48

JUNIORS TO MEET WITH CANTON LODGE

Lewis P. Hamlin, State Officer, To Be One of the Principal Speakers

Hon. Lewis P. Hamlin, State Vice-Councilor of the Junior Order will deliver an address at the semi-annual district meeting of the Junior Order, United American Mechanics to be held in Canton Friday, October 23. The Canton Council No. 142 will be host to this jurisdiction which is composed of Haywood, Buncombe, Polk, Henderson, Madison and Transylvania counties.

According to the plans, the purposes and principles of the Jr. O. U. A. M. will be revealed in an interesting way to the public, and those in charge of the meeting are anticipating one of the largest crowds to ever attend a district meeting. The program will be held in the auditorium of the Canton High School and invitations are being extended to the general public.

The program will include addresses by prominent State Council officers, music and other features. The regular business of the district meeting will be held in the Lodge hall of the Canton organization at 2 o'clock in the afternoon. The entire delegation will then parade to the Canton High School where supper will be served to all officers, delegates and members of the Canton lodge.

The tentative program follows: invocation, the Rev. C. C. Benton, pastor of the First M. E. Church South of Canton; Address of Welcome, by T. A. Clark of the Canton Council; Response by George Pennell of the French Broad Council No. 97, of Asheville; Address, "Virtue," by the Rev. S. F. Nicks, State Councilor of Roxboro; Music; features; Address, "Liberty and Patriotism," by Lewis P. Hamlin, State Councilor. The meeting will be presided over by J. Marvin Glance, district deputy of Leicester.

Mr. Hamlin was elected State Vice-Councilor on August 20 at a meeting of the Juniors in Charlotte. In August of 1932 he automatically becomes State Councilor.

PLUMMER COMPANY STAGING SALE EVENT

"Not a bankrupt sale, but a sale of regular stock goods of quality and style at prices that spell saving" is the way Plummer's Department store announces a sale now in progress at their popular store. Judging from the prices in the page advertisement of Plummer's store, old High Cost of Dressing has been knocked into a cocked hat.

Reading of the page advertisement will be a pleasant and profitable task for the women, and the men, too, of this community.

CHAMBER OF COMMERCE TO SUSPEND FOR WINTER

Active operations of the Chamber of Commerce during the winter months will be suspended on October 1st, and the office on Main Street closed temporarily, in view of the slight calls of this organization outside of the regular tourist season. The secretary, Miss Alma Trowbridge, will continue to answer any mail or inquiries coming to the office, and any information relative to this organization may be obtained by communicating with her. It is expected that active operations of the organization will be resumed during the spring and summer months.

M'CALL FAMILY TO CONVENE SUNDAY

Hundreds of people are expected to attend the McCall reunion which will be held in the county court house Sunday, October 4. The McCall family is said to be one of the largest in Western North Carolina.

An elaborate program has been arranged for the day. Dr. John E. Calfee, president of the Asheville Normal and Teachers college, will preach at 11 o'clock. The program begins at ten in the morning, lasting throughout the day, with a picnic dinner on the grounds. Music will be a feature of the program and many quartets from various towns in North and South Carolina will be heard during the day.

SOMETHING TO SELL? TRY OUR WANT ADS.

CHURCH LOSING ITS APPEAL IN BREVARD AS SURVEY REVEALS

(Continued from page one)

not only is the community suffering spiritually from this condition, but much of the economic ills here are due largely to this flagrant disregard for God's work and leadership.

It is no unusual sight to witness evening services here in some churches with a congregation of less than fifty men, women and children. Why this condition exists, no one seems to know. How the church is to overcome the difficulty seems to be a question that no one here can solve.

The ministers of the town face an almost impossible task in the effort to "carry on." If the present rate of decrease is maintained for any appreciable length of time, the church-going numbers will become so small that the institutions cannot be maintained by the remaining few who do attend. The situation is fraught with danger, and is of such serious nature and filled with such dire possibilities that it challenges the attention and best thought of all right-thinking people.

Brevard, without church activities, would be an impossible place. One-fifth of Brevard's population now attends church—a small percentage, indeed.

And the decrease in church attendance goes merrily on.

That one-fifth may soon become a much smaller number, and then—what?

JACK FROST COMES TO SEE OLD FRIENDS

The pungent odor of moth balls assails one on the streets this week, since Mother Nature hustled in a touch of Winter last Sunday and the few persons who dare defy the elements, go forth in winter garments, quickly dug from old closets, trunks, bags and attics.

Sunday was cold and the world awoke to a clear, crisp biting wind Monday morning. Tuesday was cool and Wednesday was warmer though there was still a sharp tang in the air. Weather reports are to the effect that the cold spell has worn itself down and that there will be many more warm and even, sultry days before cold weather proper sets in.

Tuesday and Wednesday early risers, found frost on the ground, though by the time the average man made his appearance, the fog had melted it all away. So far none of the crops have been injured by Jack Frost. Weather experts say that there is no danger from frost at this time.

Brevard's first football game, came before the cold snap on Friday afternoon when Brevard played Weaverville High. Hereafter the pigskin will ring with its true sound of hard shoe on a cold ball. It is the ideal weather for such a sport.

The week found fires in several stores and many homes for the first fire-up of the year. One of the local churches fired up for Sunday services. Though the school did without heat the students had no expressions of discomfort or suffering from the cold.

ANOTHER TEACHER FOR PISGAH FOREST

Miss Mamie Lyday has been allotted by the State Equalization Board, as an extra teacher to join the teaching staff at the Pisgah Forest school. The state will pay all of her salary for the six months provided by the state and also the two extra months necessary to make an 8 months school term.

The enrollment increased so much over the enrollment of last year at Pisgah Forest that it was necessary to employ an additional teacher.

Other teachers at Pisgah Forest are: R. D. Jenkins, Miss Julia Deaver, Miss Flora Lyday and Miss Annie Mae Patton, this makes a total teaching staff of five including the new teacher, Miss Mamie Lyday.

FAIR WILL DRAW BIG CROWD TO BREVARD SATURDAY MORNING

(Continued from page one)

5—Tobacco—(a) Six stalks, Burley; (b) Six stalks any other variety.
