

COUNTY LOSES 100 CARS IN THE YEAR GOV. NOT READY TO CALL LEGISLATORS

Raleigh, Oct. 14.—Transylvania county had 775 passenger cars and 125 trucks on the first of this month, as compared with 878 passenger cars and 130 trucks just a year ago, according to figures compiled in the office of L. B. Harris, director of Motor Vehicle Bureau. Figures are obtained by measuring the cards in the registration files, and counting a given number, by which they might vary probably as much as a dozen.

The registration for the State was 411,215, including 354,696 automobiles and 56,519 motor vehicles, including 383,730 automobiles and 58,010 trucks a year ago. While the drop in trucks was less than 150, the drop in automobiles was nearly 40,000 in the year. Motorcycles numbered 1,158 this month. The county average for automobiles is about 3,547, for trucks 565, and for motorcycles less than 12. Only five counties had more than 10,000 automobiles, Guilford leading with 24,930, Mecklenburg, 21,850, Forsyth 18,100, Wake 12,930 and Buncombe 13,850. Mecklenburg leads in trucks with 3,030, Guilford has 2,720, Forsyth 2,550, Wake 2,200 and Buncombe 2,050.

JESS SMITH MOVES TO NEW LOCATION

"Come down the hill and cut down the repair bill" is the unique slogan adopted by the Jess A. Smith garage, opened recently in a new home at the foot of North Caldwell street and Cascade avenue. Mr. Smith has been in the garage business here for the past several years, and has built up a splendid patronage.

In the new place occupied by Mr. Smith, the business has been enlarged, and Shell gas and oil added to the repair line, making it what is now known in the auto world as "a one-stop service station."

N. C. INDUSTRIES MAKE CONSTANT INCREASES

Seven major textile branches in North Carolina produced goods valued at \$425,723,359 in 1929, or 27 million dollars more than the \$425,437,359 in value in 1927, the 1930 census figures, released by the Department of Conservation and Development show.

The knit goods division, about five-sixths hosiery, showed a 40 percent gain, to a value of \$86,112,765. Only dyeing and finishing declined in the two years, to \$16,079,262. Other values in 1929 were: cordage and twine, \$7,928,174; cotton goods, \$317,005,212; silk and rayon, \$18,587,608; woolen, \$6,019,905; cotton small wares, \$995,433. Workers in the 571 plants numbered 123,138, receiving wages of \$85,934,991.

FOLKS GETTING SOME OF THEIR FROZEN MONEY

Raleigh, Oct. 14.—A total of \$769,504.14, including \$163,018.27 in preferred claims, \$306,563.16 in secured claims, and \$299,922.71 in common claims, or deposits, have been paid out by the Banking Department under the new banking law, from May 28 to October 1, this year, Commissioner of Banks Gurney P. Hood shows in a statement.

The 41 banks from which payments have been made during this period are in various stages of liquidation, preferred claims having been paid in 25 instances, secured claims in 21 cases, and common claims in 12 instances. The department now has 103 banks in some stage of liquidation, Mr. Hood said.

"Hey, papa, there's a fly in my soup."

"Well, Ikey, eat the soup until you come to the fly. Then tell the waiter, and he'll give you another plate."

Piling Up a Surplus
"My husband and I attend to our budget every evening. It is more economical."

"How so, dear?"
"By the time we get it balanced, it is too late to go anywhere."

GOV. NOT READY TO CALL LEGISLATORS

Raleigh, Oct. 14.—Not yet is Governor Gardner convinced that the State must be saved by convening a special session of the General Assembly to deal with cotton and tobacco acreage reduction. Powerful forces are at work on him, including Josephus Daniels and U. Benton Blalock, head of State and national cooperative organizations, and the increasing number of states which have adopted the Texas plan of reduction. But there are still other forces against it.

The Craven county resolution asks for reduction in order to get rid of the tenant farmer. Then, if he is prohibited from earning a living by law, the question is asked, what is to become of him? If the State would stop him from work, then the State would be expected to feed him, if offered as an answer. That is one of several angles of the problem.

DUNN'S CREEK HOME COMING BIG EVENT

A splendid program was carried out at the Dunn's Creek Home-Coming last Sunday at that historic and memorable old church. Many members, former members and friends gathered on that day to associate together and have a general good time as they had in days gone by.

A bountiful picnic dinner was enjoyed at the noon hour, as the people gathered under the trees on the spacious grounds. After lunch an interesting song service enriched the program as the good people sang old hymns and melodies that touched the heart strings of the audience and participants as well.

MUCH INTEREST HERE IN WORLD SERIES

Wide and enthusiastic interest was expressed by sport fans of Brevard and other communities of Transylvania county during the big league world series games. On the various seven afternoons when games were played, practically all of the radios in the county were tuned in to hear them. All the radios in town were surrounded by fans, who were eager to hear the games as they were played. Several extra arrangements were erected temporarily for the series.

The two teams fighting for the championship honors were the Philadelphia Athletics who had held the championship for two consecutive years, and the St. Louis Cardinals. The Cardinals wrested the cup from the Athletics by winning the seventh and final game, breaking the tie of the first six struggles.

The first two games of the series were played in St. Louis, three in Philadelphia and the last two in St. Louis.

Game results were:
First game, Athletics, 6; Cards, 2.
Second: Cards, 2; Athletics, 0.
Third, Cards, 5; Athletics, 3.
Fourth: Athletics, 3, Cards, 0.
Fifth, Cards, 5; Athletics, 1.
Sixth: Athletics, 8; Cards, 1.
Seventh: Cards, 4; Athletics, 2.
