

BAPTISTS ACTIVE IN OFFICIAL WORK

Sixteen Baptist churches of the county were represented at the large gathering of Baptist officials, held at the Brevard Baptist church on Friday, October 16, at 7:30 o'clock. Many members of the executive committee, pastors of Transylvania Association, Sunday School superintendents, Woman's Missionary Society leaders, and officers and members of the various church organizations were present, together with representatives of other denominations.

Perry Morgan gave a talk on plans for the contemplated "Every Member Drive" which is to be held in the near future. Dr. Burnett gave some valuable and interesting information in his splendid talk on the Church Budget. The plans he gave for a church budget will help the various churches, individual persons and the entire Southern Baptist Convention.

Members of the Baptist churches of the county who attended the meeting and a similar meeting held two weeks ago reported that they were delighted with the progress that is being made because of them. The meetings are creating a wider range of interest among the Transylvania Baptists and it is expected that a great amount of work will be done for the advancement of the local churches and of God's Kingdom, leaders assert.

CANDIDATES BUSY IN PREPARING SOIL

Raleigh, Oct. 21—Commissioner of Revenue A. J. Maxwell was one of the principle speakers at the convention of the National Tax Association last week in Atlanta, and he again stressed his view that governmental costs should be reduced. He took occasion to tell what North Carolina is doing with its road and school plans, and to tell of retrenchment in bond issues through action of the Local Government Commission. His address was published in full in The United States Daily, of Washington, D. C., a publication devoted to governmental affairs.

J. C. B. Ehringhaus, another candidate for Governor, devoted the past week to looking after law cases, after spending some weeks among voters of the piedmont and mountain counties. His friends in Chowan county organized as "Ehringhaus-for-Governor" Club, following similar action in Pasquotank and Dare.

Another prospective candidate, Joseph Daniels, remains quiet on State political matters. However, he has been devoting some energy to creating sentiment for a special session of the General Assembly to take action with other Southern states on cotton and tobacco acreage reduction.

TEACHERS ATTEND ASHEVILLE MEETING

Many Transylvania county teachers attended the teachers meeting held in Asheville last Friday night and Saturday. Prof. J. B. Jones, J. A. Glazener and J. F. Corbin were scheduled to speak before various departments of the meeting.

Prof. John Rufty was elected to serve on a committee of Elementary teachers and Prof. J. A. Glazener was elected to serve on the publicity committee of the Agricultural department.

Teachers attending the meeting reported that it was a very successful one.

HOUSE BURNS AT SILVER FOX RANCH TUESDAY NIGHT

A three story structure which was formerly used as a watch tower for the Silver Fox Farm ranch near Cherryfield was burned to the ground Tuesday night. Cause of the fire is not known and the observers who noticed it are of the opinion that it was at its height about twelve or one o'clock Tuesday night.

The building did not contain anything of value, it is said, and was practically covered by insurance.

EQUALIZATION SUPERVISOR TO BE HERE ON FRIDAY

J. E. Coburn, supervisor of the Western District of the State Equalization Board will be in Brevard Friday afternoon and Saturday to go over the county school problems. Mr. Coburn is from Bryson City and he is considered to be one of the best informed men in the state, covering his type of state service.

AGRI. BOYS IN NEW PROJECT WORK HERE

The boys studying Agriculture in the Brevard High School have taken on a new project never before tried in the school, Prof. J. A. Glazener, instructor, announced Wednesday.

The Junior and Senior classes have taken on the Farm Management project of mapping and surveying to a scale of miles the farm of Bud Allison which is located about one mile from Brevard on the Greenville highway. The boys spent one hour each day for a week, measuring, stepping and estimating distances on the farm. They have collected all data necessary for the map and plans for the actual drawing are underway. The map will portray the farm as it now stands showing the fields, pastures, streams, buildings and crops.

This same farm will be used in the study of farm management, crop rotation and labor requirements. After the map has been completed and studied, each boy will be required to make a similar map of his own farm.

BISHOP STACKS UP ANOTHER RECORD

John Bishop, famed for his farming methods on the Brevard Institute plantation, has chalked up another record in his long string of successes: in cajoling great crops from the lands of the educational institution. This new record is taking fifty tons of feedstuffs from 2 and one-half acres of land this year. The records of the crops are as follows:

In 1930 Mr. Bishop sowed the land in rye and vetch, and turned it under. In 1931 he again sowed vetch and rye, and cut from them ten tons of hay. He then planted the plot in silage corn, and two weeks ago cut forty tons of silage. This made the fifty tons of fine feedstuffs taken from two and one-half acres of land in one summer.

And to show just what can be done in town, this entire plot of land lies within the city limits of the town of Brevard.

CORN, TEN FEET TO EAR, IS GROWN HERE

During the past few weeks since fall has arrived and the crops are being gathered, many persons have brought interesting farm produce specimens to be exhibited at The News Office. Among the exhibits have been pumpkins, okra, cabbage, potatoes, apples, and corn. Such exhibits are welcome. Let the citizens see just what can be grown in Transylvania County.

The latest addition to the collection was an unusually large stalk of corn grown on the Deer Park Farm of North Brevard. Wash Allison brought the stalk to The News office and he explained that it was 9 feet and 8 inches tall without the top and that it had held two fine ears of corn. He further said that the corn had been grown on unbroken ground. Mr. Allison reported that his farm crops, especially corn, have been fine this year, with good growth in both quantity and quality.

CLASSIFIED ADS

WINTONS ATTEND ATLANTA MEETING

Prof. and Mrs. J. F. Winton of the Brevard Institute attended the Ecumenical Conference of the Methodist Episcopal Church held in Atlanta, Ga., last week.

The conference is the first of its kind to be held in the United States and if plans announced recently are carried out another will not be held in America for forty years.

Efforts are being made at the conference to unite the Methodist Episcopal Church and the Methodist Episcopal Church, South, which were divided during the war between the states when the M. E. Church, South voted against the move in general conference.

Delegates were present at the conference from every country which has Methodist churches. Reports were heard from many churches of the world.

Great bishops and pastors delivered stirring sermons and addresses concerning the development of the Methodist church and the advancement of the Kingdom of God.

BELIEVE IT OR NOT, IT'S SOME PUMPKIN

Believe it or not, Mr. W. L. Aiken gathered one thousand pounds of pumpkins from one vine, and it was a volunteer vine, at that. Mr. Aiken says the pumpkin vine covered 160 square yards of ground, and there were 25 fine pumpkins on the vine, averaging 40 pounds each. He says he has no idea how many pumpkins there would have been had he planted the vine on purpose, and had tended it, as honest pumpkin raisers tend the vines that they actually plant on purpose.

In case there are readers who may be inclined to smile while reading this article, just remember that Mr. Aiken is a member of the board of stewards of the Methodist church, and if that means nothing to you, then there are several people in town who saw the pumpkin vine, pumpkins and all, and can testify to the accuracy of both the count of the pumpkins and the weight thereof.

This is some pumpkin town, for this crop was grown, or just grew, rather, in town, this being no country pumpkin tale.

BOY SCOUTS ELECT NEW TROOP HEADS

At the regular weekly meeting on last Friday night the Boy Scouts of America, Troop No. 1 of Brevard was entirely re-organized under the supervision of Capt. J. A. Miller, Scoutmaster.

The Scouts were divided into two patrols with Craig Misenheimer as patrol leader of the Wild Cat patrol, and Mark Taylor Orr leader of the Mohawk patrol. Mack Allison is assistant patrol leader of the Wild Cats, and Jackie Morgan of the Mohawks. An outlined year's program is planned by the patrol leaders, and a successful year's work is expected.

SINGING CONVENTION AT GLADY BRANCH

Many people enjoyed the District Singing Convention held at Gladly Branch church last Sunday afternoon. Members of the Pisgah Forest Singing class, led by R. E. Mackey, furnished several songs of interest to the large group in attendance. A quartet picked from the class rendered several splendid numbers.

The major part of the afternoon was spent in singing by the entire assembly. Many old and well loved hymns were sung during the afternoon.

MRS. MARY GARREN BURIED ON MONDAY

Mrs. Mary Garren died at the home of her son, Mr. Clemons Garren, last Sunday afternoon at 1:11 o'clock. Mrs. Garren was 69 years old, having made her home with her son, Clemons Garren, at Calvert for several years. Mrs. Garren was before her marriage, Miss Mary Gillespie. Surviving are three children, and also a step daughter, Mrs. Den Paxton, one sister, Mrs. Vessie McCall of South Carolina, and four brothers, Jimmie and Perry Garren of South Carolina, Dell Garren of Brevard, and Lambert Garren of Cherryfield. Interment was made at Mount Moriah Cemetery, Monday afternoon at 2:30 p. m. The Rev. J. E. Bert and Rev. J. K. Henderson had charge of the services.

KILPATRICK MAKES U. N. C. ORCHESTRA

Harold Kilpatrick, son of Mr. and Mrs. R. P. Kilpatrick, has heaped high honors upon himself and this community by having been accepted to membership in both the band and orchestra of the University of North Carolina.

It is a very unusual occurrence in the college life for a Freshman to make the college orchestra, though it is not so difficult to win a place in the band.

Harold received his early training in the art of playing a clarinet during his seven years work in the Brevard Municipal Band, directed by Prof. Cutter. He was also one of the musicians in the Brevard High School orchestra for several years.

Young Kilpatrick was graduated from Brevard High School in the class of '30, and entered school at the University this fall and is making a splendid record there.

Oakland News Items

We returned Saturday from a two week's visit with Miss Catherine Davis and her mother at Camp Toxaway, which is one of the most beautiful places in Western North Carolina, and one of the most pleasant places it has ever been our privilege to visit. Since our return we have learned that some of our neighbors have missed the Oakland News, also learned that a good many things had happened while we were away which some of the readers of The Brevard News would have been interested in, but it would be old news now, so we will just begin anew.

We are sorry to report that E. D. Reid has been quite ill, but is recovering nicely now.

Mrs. S. E. Alexander and Mr. and Mrs. Dan Reid spent a few days in Asheville recently.

Charlie Hall of Lake Toxaway, and Rev. Mr. Green of Rosman, were Sapphire visitors Sunday.

Mr. and Mrs. Woodfin Miller and Mrs. Richard Harrison of Sapphire, were calling on friends at Oakland Sunday.

Rev. S. B. McCall and family recently moved from the Bryson place to one of Dan Reid's cottages. We are glad to keep them in our community.

Mrs. Charlie Hall of Lake Toxaway, spent Sunday with Mrs. L. E. Cash, who has been seriously ill the past two weeks. We are glad to report Mrs. Cash is improving.

Messrs. Walter Reece of Rosman, and Dan Reid, of Oakland, were in Charlotte one day last week, and while there purchased an electric Delco Radio for Mt. Toxaway Lodge, and we are authorized to say that the neighbors are cordially invited to come in and hear it.

Mrs. E. D. Reid and daughter, Miss Lula, and Mrs. S. E. Alexander visited Mrs. Reid's brother, Daniel Alexander, at Tomassee, S. C., last week. Mr. Alexander has been quite ill.

Mrs. Mary Burgess and daughter, Miss Alberta, and son, Neal, were Sylva visitors one day last week.

Mrs. Maggie Nicholson called on Mrs. Ola Sanders Saturday afternoon.

Mrs. Grace Bennett and daughter, Ruth, Miss Lula Reid and Mrs. Lee Norton called on Mrs. S. B. McCall Sunday.

Mr. and Mrs. Swendell and little son, Arnell, who have been stopping with Mr. and Mrs. W. F. McCall, left Monday for new fields of labor.

Mr. and Mrs. E. A. Reid and son, Leo, Rev. S. B. McCall and son, Oscar, joined the young people of Lake Toxaway B. Y. P. U. and visited old friends at Shoal Creek and Macedonia church Sunday. They put on a program at each of the churches.

Highway No. 28 will soon have a hard surface all the way through to Highland and it is said it will be a most wonderful road, and will go through the prettiest mountains in the state. We are all delighted to see it finished. We hope now to see some of the side roads get a little more work which is badly needed in our section.

CEDAR MOUNTAIN MEET POSTPONED

Paul Glazener, president of the Transylvania Association B. Y. P. U., announced Wednesday that due to the Cedar Mountain road being closed, that the B. Y. P. U. study course which was announced last week has been postponed until further notice. The course was to have been held at the Carrs Hill church, with Mrs. G. F. Gallimore as teacher.

Announcement concerning the opening of the study course will be made in the near future.
