"Sunny Side Chocolate" is the name of a new milk beverage, if milk is to be termed a beverage, being put on the market here. The new product, which is gaining in popularity daily, is put out by Glazener's Sunny Side is put out by Glazener's Sunny Side Dairy, and is said to cope with any chocolate preparation being produced.

SOLD IN BREVARD

The Glazener boys, alert to new possibility, started the new project in connection with their regular dairy business several weeks ago. Steady increase in demand has grown to such proportions that the Glazener boys announce that a large part of the milk produced at the Sunny Side is now being used in the new chocolate now being used in the new chocolate drink. Cafes, and other public vend-ing places, together with delivery to private homes, are aiding in the distribution.
