TRUMAN CRARY IS INJURED IN WRECK

Truman Crary of North Brevard was severely cut about the head and jarred considerably Sunday afternoon when his large Hudson sedan was sideswiped by a truck at the intersection of North Caldwell and French Broad. The truck, belonging to Will Gravelly, and driven by his son, was coming up French Broad toward the depot, when the sedan, driven by Mr. Crary and occupied by his children headed north met at the corner. Mr. Gravelly, evidently seeing Mr. Crary too late to stop, cut to the right in the same direction that the sedan was going. Impact of the truck sent the sedan into the ditch at the left of the street and flying glass is thought to have caused the cuts on Mr. Crary's head. The children in the car, however, being on the rear seat escaped with only slight bruises. Both the car and the truck were badly damaged. Mr. Crary was given medical treatment at the office of Dr. E. S. English.

rapidly as possible. The plant is operating on the 8-hour day, five days a week, in order to give as many men as possible some work to do.

With the Pisgah Cotton Mills running full day time and doing some night work, and with gradual improvement in the big Silverst on plants here and at Rosman, and with an immense amount of road work being done over the county, the community is considered to be in most fortunate condition.

Mr. Louis Carr is head of the Carr Lumber company, and Mr. W. W. Croushorn is active manager of the big operations. A large number of men are employed in the mills, on the logging roads and in the woods. Resumption of operations of the concern means much to the community.

EPISCOPAL CHURCH HAS GREAT PROGRAM

The Teaching Mission on the Great Commission

Of outstanding importance to our community will be the series of service and meetings to be held in Saint Philip's Episcopal Church commencing with the Evening on Sunday November 15. The programme is what is known in Episcopal circles as The Teaching Mission on the Great Commission will bring to Saint Philip's the Right Reverend Kirkland Finley, D. D., Bishop of the Diocese of Upper South Carolina. Bishop Finley will present a call to deeper spirituality and more loyal Christian discipleship.

This movement, known as the Teaching Mission on the Great Commission, states its object as being "To give a vision of the Kingdom of God, to deepen the individual spiritual life and to present channels of expression through the Program of the Church."

Through this Teaching Mission, the Province of Sewanee—which includes the fifteen southern states of North and South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Tennessee and Kentucky—is making this a day of re-discovery—to extend the field of its operations and to kindle anew the fires of consecration and enthusiasm of the hearts and wills of clergy and people. Above all, the intention is to make clear to the minds of members of the church the inseparable connection between the Master opening call to His disciples—follow Me—and His last commission when He left them—"Go ye therefore, and make disciples of all nations."

A cordial invitation is extended to all our brethren in Christ to attend these services, the times of which will be announced in the next issue of this paper. H. PERRY, Rec.

WHITMIRE SHOWING SOME IMPROVEMENT

(Continued from page one)

side road for a distance of about 20 yards. It is believed that Mr. Whitmire was thrown from the car as it turned over.

The injured man is one of the most prominent citizens of the county, and served once as a member of the board of county commissioners. Friends throughout the county have been deeply concerned and saddened because of the accident, and have kept in constant touch with the hospital, physician and nurses, so as to know at all times the condition of their friend.

Late reports Wednesday indicated that the first signs of improvement had been noted, giving rise to hope that Mr. Whitmire might recover.

COMMISSIONERS IN REGULAR SESSION

Routine business occupied most of the day Monday with the county commissioner, according to the minutes of the regular monthly meeting. Bill Stroup of Rosman was paid \$5 each for two stiffs he discovered and destroyed recently.

O. L. Erwin was selected to head a committee of citizens which will meet at the court house tonight to discuss some important contemplated measures concerning Gov. Gardner's relief plan. It has been said that the committee may prefer plans to the effect that the County Commissioners will be relieved of their present relief duties, which occupies a large part of their regular meetings. It has also been remarked that the present plans to be suggested lead to the commissioners placing a certain amount of money with the Associated Charities each month, to be used as that organization sees fit.

This new plan if adopted, will be of great advantage in preventing the several organizations in this county from overlapping in serving the same groups of needy persons, it is thought. Relief measures will be more efficient and thus giving a larger number of people aid.
