## ROSMAN SCHOOL NEWS

The total enrollment for the 2nd month for the Rosman High and Elementary school 1930-31 was 399. This year we have a total enrollment for the 2nd month of 438, showing a gain of 39 over last year.

The average daily attendance for 930-31 2nd month was 348, while the average daily attendance for the 2nd month for 1931-31 is 388 or 40 more than we averaged last year.

We have enrolled 228 boys and 210 girls. Usually the girls stay in school until they finish the high school course.

It is costing around \$7.00 a month to educate each high school pupil in the Rosman school. Every patron who has a child in the high school is actually getting around \$56.00 per year in return in actual taxes. Some people make the statement that "I pay taxes to help run the schools, therefore, I ought to have a say-so in how it is operated. When in most instances they are under obligation to the school instead of the school being obligated to them. Some patrons actually pay into the school more than they get back in money value, however, they are willing to pay a high tax to run the schools in order that we may have a higher standard of citizenship. Teachers are actually performing a duty which money can not pay for. Education is the foundation of nearly all prosperity. Therefore, we get in return many times the amount we pay for running schools. We should never lower the standards of our schools.

The first year class has completed their posters on Breakfast. The ones making the best posters were: Mamie Hinkle and Bessie Glazener, Blanche Owen and Ruth Green.

After several days studying the importance of breakfast and the food value of foodstuffs, the class is actually learning how to cook breakfast foods now in ways which will give variety and be made digestible.

A few weeks ago the first year class children spent one evening last week with Mr. and Mrs. Lee R. Fisher and family.

Mr. and Mrs. Freeman Hayes and son, Billie, were Sunday dinner guests of the latter's parents, Mr. and Mrs. R. F. Glazener.

studied about cotton, when grown, how grown and how it is woven into cloth. Each student wrote a paper on cotton and mounted as many scraps of cotton as she could find available.

The most interesting and instructive paper was written by Ella Mae Collins—she described the cultivation of cotton from the preparation of the land to the finished cotton product. The paper was complete in every detail and all who read it were hearty in their praises of the author.

**JUNIOR CLASS MEETING**  
October 14th, a call meeting of the Junior class of R. H. S. was held. Charles Glazener was elected president, filling the vacancy of Blanch Arrowood.

Ralph Eldridge was appointed cheer leader as Frank Israel, who held the office, resigned.

Class Committees appointed by the president were: Virginia Bruner, Catherine Waldrop and Ralph Eldridge.

Class Reporters: Beulah Moore and Reba Masters.

Class Monitor: Walter Reece, Jr.

**Elementary Boys' Glee Club Organized**  
The first meeting of the boys' elementary glee club was held on October 23, and the following officers were elected:

Everette Whitmire, president; G. C. McClure, vice president; Robert Oates, Jr., secretary; Harold Hogsed, treasurer.

Miss Jamison, the music teacher, selected the following boys as eligible for the glee club: Russell Duncan, G. C. McClure, Howard Reece, J. E. Burt, Archie Whitmire, Earl Duncan, D. S. **New Books Added to Rosman Elementary School Library**  
One hundred and twenty-three first, second and third grade library books have been added to the library recently. While these books are second-hand, they come as a welcome addition, as the library contains very little primary reading material.

**MARY MORGAN, 7th Grade**

**Rosman Water Supply Running Low**  
Due to the dry weather, the Rosman water supply is getting very low. A number of the Rosman people have found it necessary to get water from the school supply. With a new pump and reservoir recently installed, the school has plenty of water.

**G. C. McCLURE, Jr., 7th Grade**

**Rosman High School Basketball Practice Begins**  
The boys and girls basketball ball teams have started practice under Mr. Cline, the coach. The girls have very few old players back, but the boys have most of last year's team.

**LAURA PHARR, 7th Grade**

**Sixth Grade Class Officers Are Performing Their Duties**  
The following officers have been elected in the sixth grade: President, Hazel Moore; vice president, Quinton Crane; Secretary, Sam McCullough; boys' hall monitor, Tom Glazener; girls' hall monitor, Hazel Moore; boys' playground monitor, Tom Glazener; girls' play ground monitor, Hazel

Moore; picture committee, Julia Jordan, Quinton Crane, Ruby Love, Archie Whitmire; door monitor, Hilda Galloway.

**RUBY LOVE, 6th Grade**

**Time**  
The year 1931 will soon be gone, but what we have learned will still linger in our minds. Time is like our rippling mountain streams, it waits for no one. We should make good-use of today, for it is all we have, tomorrow never comes.

**DOROTHY WILDS, 7th Grade**

**A Bear**  
One night my father brought home a baby bear. At first, we were afraid of it; but soon found out that it would not hurt us. It would eat anything we gave it, standing on its hind legs to get it.

**HILDA GALLOWAY, 6th Grade**

**A Spooky Night**  
One Hallowe'en night, I started to the home of one of my friends. The night was very dark, and the wind was blowing. Sometimes I could see a few stars, and once in a while catch a glimpse of the moon between the dark clouds.

As I walked along the leaves sounded as if someone was walking along beside me, and over the mountain I heard the lonely hooting of an owl. Suddenly I saw something white near the edge of the road. Wondering if I were actually seeing a ghost, I started running towards my friend's house. When I started running, the white object started running after me. I certainly felt much better when I saw that the white thing was only a calf that had strayed off.

**LUCILE GALLOWAY, 5th Grade**

**Be Careful With Camp Fires**  
When you build a camp fire, be very careful with your matches. Clean a place about five feet in diameter, dig a hole in the middle of it, and build your fire in the middle of the hole. Do not let your fire get too large. When you leave, be sure that every spark is out.

**EARL GILLESPIE, 6th Grade**

**Hallowe'en**  
On Hallowe'en night every little boy and girl likes to see a jack-o'-lantern shining on the porch or gate post. This is the night for witches, ghosts, goblins and black cats to celebrate. It is no wonder that we all enjoy Hallowe'en.

**D. H. WINCHESTER, 4th Grade**

**My Pet Dog**  
I have a pet dog at my grandfather's. Every time that we go over there he comes out to meet us. We run around the house and play together. When we go out to the orchard to get apples, he always finds a stick for me to throw to knock off a big apple. When we start home, he always rides part of the way with us.

**EARL POWELL, 4th Grade**

**How We Play**  
How do you play? We try to be kind to each other in our play. We try to take our turn and not fuss. We try to be polite.

**EFFIE BUTLER, 2nd Grade**

**Hallowe'en**  
We like to eat the pumpkin pies mother bakes, but most of all we like to play with our jack-o'-lanterns and look for witches on their brooms.

**HELEN WHITMIRE, 2nd Grade**

**JUNIOR SINGING CONVENTION**  
The Junior Singing Convention met at Zion Baptist church last Sunday. The Rosman quartet sang two selections.

The leaders present were: Homer McCall and Gene Moore, of Quebec; Rickmond Manley and W. R. Lewis, E. D. Randolph was in charge of the singing. Mr. and Mrs. Zachary were

visitors from near Glenville. Many visitors of other places were present. Little Ruth Lewis sang a selection.

The next convention will meet at Oak Grove on Sunday Dec. 6th.

An enjoyable time was had by all who attended the B. Y. P. U. social at the cottage of Carol and Vasco Manly. Those present were: Carroll and Vasco Manley, Beatrice Sisk, Maxie and Ruth More, Lula and Ethel Manly, Edith Clark, J. B. Rogers, Homer and Rickmond Manley, Ralph and Douglas Eldridge, Walter Reece, Jr., Mildred Watkins, Cora Searcy, Emma Jane McLean, Earl White, Clinton Green and Ralph Burt.

## ACCIDENTS COSTLY TO NORTH CAROLINA

### 228 Accidents in This County Averaged \$40 to the Injured Persons

Raleigh, Nov. 4—Time lost from work through industrial accidents in North Carolina in the past two years would extend nearly 2,400 years, or to about 600 years before the birth of Christ, the report of the N. C. Industrial Commission, administering the Workmen's Compensation Act, shows.

Accidents have been materially reduced the past year, ended June 30, 1931, as compared with the year before, however, due largely probably to two factors: the lessening of industrial operations during the depression period, and the efforts of the Commission, employers and insurance carriers to reduce the accidents through safety conferences and instructions.

During the past year accidents reported reached 28,750, or 4,959 less than the 33,709 of the year before. Compensation paid to injured workers and families of deceased workers amounted to \$979,078 and the fees paid to doctors reached \$532,728 last year, as compared with compensation of \$1,583,025 and doctors' fees of \$719,767 the year before.

Death cases numbered 81 last year and 138 the year before; permanent total disability cases last year numbered five and 15 the year before; permanent partial disability cases last year numbered 657 and 943 the year before; temporary total disability, 7,702 last year and 9,004 the year before, while medical cases only, those in which the worker was able to return to work within a week, reached 20,305 last year and 23,609 the year before.

The report shows that Transylvania county industries furnished 228 of the accident cases, but 166 of them were medical cases only, in which no compensation is paid for disability of less than one week. In the other cases the injured employees received \$9,329 in compensation and medical fees in all cases in this county amounted to \$2,720 for the past year.

Accidents are divided into five classes, the number of each class in this county being as follows: fatal, 2; permanent total disability, none; permanent partial disability, 1; temporary total disability, 59; medical cases only, 166.

Every county in the State is represented, but four of them had less than 10 accidents. Guilford led in number of accidents, with 2,650, while Mecklenburg led in amount of compensation paid, \$74,467 to injured employees or dependents of deceased employees, and \$46,202 in medical fees.
