WAR CLOUDS LOOMING UPON  
THE WORLD HORIZON

China, Japan and Russia, with a band of American soldiers sandwiched in between, are now at war. China and Japan in actual state of war, with Russia on the edge in such position that she can do nothing but "fall in."

How many other nations will be dragged into the awful melee, none but God alone knows. This uncivilized, un-Christian world of ours is a problem. The thin veneer of our civilization, and thin indeed, it is, is about to be peeled off once again, leaving its inhabitants exposed in all of their naked state of barbarism.

The world is made up of nations, and nations are made up of communities, and the spirit of the community, therefore, is the spirit of the world. War at a distance looks horrible to use, yet our community warfare, right at home in our several communities, go on and on, unnoticed and unimpressive. Big conflicts have their beginning in the little community squabbles; big warlords grow from the little community bosses. There is a direct line of march from the strutting little spud of a local boss to the decorated warlord in national conflicts. The bigger wars where Mothers' boys are fed to the god of war will never cease until the little local wars cease. There is no need to pray for world peace so long as community warfare rages. The place to begin is with the individual, then the community, then state or province, then the nation, and of course the world will then be safe for such awful conflicts as that about to begin over yonder in the Far East.

Mothers in all the nations of the world are looking with more tenderness upon their young sons, wondering if they will be called to the battlefield. Fathers sit and wonder, lost in gloomy thought, hoping against hope that something will happen to stop this awful thing that is about to become a world affair.

In these bitter thoughts and heart-breaking reflections it would be well for us to remember that one great fact—Big Wars come from Little Wars, and there would be no Big Wars if there were no Little Wars. The way to have world peace is first to have community peace.

LET'S GET BACK TO  
RAISING BEEF CATTLE

The Waynesville Mountaineer and The Canton Enterprise have been telling in recent issues of the carload after carload of cattle being shipped from Haywood county to the markets of the world. Huge amounts of money have been pouring into the pockets of the farmers and stock men of that county.

The Marshall News-Record now comes along with the statement that "More than \$42,000 worth of cattle have already been sold in Madison county, and adds the fertile justified boast that the season is not yet ended, and many more carloads will be shipped from old Madison county.

Neither of those counties are as well adapted to stock raising as Transylvania county. Some of the older citizens here recall the days when car load after car load of cattle were shipped from this county, and in those days the farmers had money, and plenty of it.

These mountain ranges ought to be turned free for stock ranges. Thousands of acres of land lie within this county's borders that would provide range for numberless cattle to roam and grow fat, thereby being prepared for market at the least possible cost to the owners.

Let's get back to stock raising, like the men of old raised stock here and shipped it away, receiving in return much new money from outside sources.

GIRL SCOUTS ORGANIZE  
INTO PATROLS

The Girl Scouts of Troop No. 2 have organized their troop into patrols. The names of the patrols are the Robin Hood Patrol and the Peter Pan Patrol.

They observed Girl Scout week by planting walnut trees and doing other helpful things. The Girl Scouts gave the Business and Professional Women a silver tea at the Presbyterian church. The entertainments were songs by Troop No. 2 and Christine Young of Troop No. 1 sang a song. Donald Lee Moore rendered several selections accompanied by Miss Eva Call.

The troop has a roll of about 20 members. Last Wednesday we had an enjoyable meeting. We tore apart old papers and told about them, which helped some of the new scouts to pass off their tests.

The leaders of the troops are Miss Willie Aiken and Miss Ethel McMinn. We have gone on two hikes and expect to go many more.

MUSIC CLUB GUESTS AT  
THE KISER HOME

The Brevard Music Lovers Club met at the home of Mrs. Alexander H. Kiser on Monday evening, November the ninth, Miss Eva Call acting as joint hostess.

Upon arrival, the guests were ushered into the dining room, where upon a beautifully appointed table, were arranged dainty refreshments carrying out the Thanksgiving idea.

The program for the evening was a continuation of the study of Mrs. Adam's book on hymnology. Mrs. Kiser dealt with the life and in-

fluence of the great German hymn writer, Martin Luther (1483-1546) subsequent to his day, all hymns had been sung in Latin; but Luther, feeling that hymns should be sincere expressions of religious emotion wrote in the language of the common people. His placing these hymns in public schools and churches of Germany gave rise to a new day in hymn singing in that country.

Sir Isaac Watts (1674-1748) set up a new standard of church song in England. His hymns were evangelistic, scriptural and expressive of the thought and feeling of the singer. His influence is felt today in our modern hymnody.

Miss Call told the story of the hymn "Art Thou Weary, Art Thou Languid," and played the famous chorale of Luther, "A Mighty Fortress is Our God."

The Club was delighted to welcome into membership at this meeting, Mrs. Arthur Jenkins.

JUNIOR G. A. S. TO MEET
