### SELICA NEWS

Well folks we failed to get the Selica items to the office in time last week. Anyway no one has died here. Most of us are able to wish better times.

There is much comment concerning the improvement on the yards and grounds at the County Home under the direction of Superintendent J. N. Whitmire. This will add more to the beauty and convenience than anything yet done on the grounds. Prison help is being used thus saving the county's finance.

Much work was done on the road leading to Conestee by those who gave a full day of hard work without cost to the state. How wonderful it would be if each community would do likewise.

Mrs. Lem Brooks, Sr., who has been sick for some time is much improved.

Mrs. Dennis Holden of Brevard visited her father uncle Tom Eubanks Sunday.

David Orr one of our prominent young men who left for Florida recently visiting along the way arrived safely at Umatilla, Fla., where he joined his brother.

Mrs. Elzie Barton and children visited her father and mother Mr. and Mrs. Head of North Brevard.

Mr. and Mrs. Ward Breedlove visited the former's mother Mrs. J. A. Breedlove of Lake Toxaway Thursday and Friday of last week.

A musical was given at the home of Mr. and Mrs. H. W. Barton Friday night which was enjoyed by a large congregation.

Born to Mr. and Mrs. Luther McGaha Saturday, a daughter.

Many of our folks are reading with delight the letter given the News last week by the "Veteran of Eighteen" go to it brother your heart is in the right side, wish all folks could see as you.

The M. and B. Lime company is working full time preparing to burn more lime after being closed down for some months.

Mr. and Mrs. Elihu White went to South Carolina Sunday to visit the latter's brother, Alfred Barton, who has had a stroke recently.

Rev. Yates filled his regular appointment Sunday. He will give us a Fifth Sunday service next Sunday at 11 o'clock.

The Union Sunday school is going well with 52 attendance last Sunday.

Rev. Nathan Chapman will preach at the Methodist church first Sunday in February at 11 o'clock.

standardized products of the farmers and stock raisers of the county. Report will also be given on this phase of the work at the meeting.

Plans for financing improved methods of farming under the Reconstruction Finance Act as passed by the Congress of the United States last week will also be gone over. Two billion dollars has been set aside by Congress by this act to aid in a reconstruction program throughout the United States.

Tentative plans as announced by officers of the organization which will be completed at Saturday's meeting, call for a general discussion of the program as adopted at the regional meeting held in Asheville several weeks ago, at which time the Asheville Citizen and Asheville Times, sponsors of the "Minnesota 5-10 Year Plan", were hosts to delegates from the eighteen western counties.

Bruce Webb, promotion manager of The Asheville Citizen and The Asheville Times, Asheville daily papers who are sponsoring the movement in Western North Carolina, will be present and explain the purposes of the plan.

Noah Hollowell, for years editor of The Brevard News, and an outstanding man in business and civic circles in Hendersonville, together with L. H. McKay, chairman of the Henderson County organization and who is a real dirt farmer, are scheduled to appear on the program for brief talks.

Statistics pertaining to Transylvania county as a unit within itself and as a part of the movement as pertains to the whole of Western North Carolina, will be discussed by J. A. Glazener, general chairman of the central organization of this county. Prof. Glazener will have prepared charts made up from the farm survey which has been made during the past few days.

Concrete evidence, taken from the farms, homes and business houses of the county will be used by Prof. Glazener in his statistical report, showing just what is being imported into the county that could be grown at home, values of products sold during the past year, amounts of livestock in the county, together with possibilities of increased production on a standardized basis here. This information is being made up by Prof. Glazener and members of the committee from the survey reports.

All committee members appointed at a meeting of officers of the organization Tuesday night are requested to meet Thursday night at 7:30 o'clock in the agriculture room of the Brevard High school, at which time a suggested plan of work will be made up and this plan submitted to the farmers of the county at the meeting Saturday afternoon for their approval or correction. Prof. Glazener is especially anxious that all members of the committee be present at the meeting Thursday night. List of committeemen selected by the group chairmen and officers at the meeting Tuesday night will be found on the Farm Page.

### RESOLUTIONS OF RESPECT

On January 8, 1932, God, in His all wise power, called from us one of the most beloved members of Rocky Hill Baptist church, Mrs. Lena Bishop.

The writers cannot find words to express what this saintly lady has meant to our church and community. Her life was filled with consecration and love for her master and His love. She had been a member of the W. M. U. since its organization, and her prayers and contributions were always present.

Therefore be it resolved: First, that we, the members of the Woman's Missionary Society of Rocky Hill Baptist Church, bow in humble submission to the will of our Father, whom she loved to serve. We shall not cease to miss her wise counsel and cheerful help in the activities of this society.

Second, that we extend to her devoted family our love and deepest sympathy, assuring them that we do not sorrow as those who have no hope.

Third, that a copy of these resolutions be sent to the family, and one recorded in the minutes of the Missionary Society.  
MRS. SELDON JONES  
Sec. W. M. U.

numbers are being arranged and individuals desiring to aid in the program are urged to see Director Frank Gaither immediately.

You are urged to attend this fun-promising program and in so doing you will aid the Welfare work of the county in a valuable manner. The tickets will go on sale next week and the sales will be under the supervision of the Welfare Board. Admissions, children, ten cents and adults twenty-five cents.

The program promises to be one hour and a half of amusement for both the young and old and you are cordially invited by the officials of the Welfare Board to give the program your presence.

Immediately following the conclusion of the program a contest will be held for the purpose of choosing the most popular girl in Transylvania county. The winner will receive the title "Miss Transylvania" and a cake donated by Phillips' Bakery.

### STORIES TOLD OF MINING OPERATIONS

(Continued from page one)

or grooved, and finally turned into a gun that held up at a distance of two hundred yards or more with a precision that is not surpassed even today with all the finer arts of gun making known to man.

People who came from miles and miles to the Gillespie gun shop for their rifles, naturally were prone to stock up with ammunition with which to load their gun. In this way an ever growing demand for leaden bullets, also an art at which the Gillespies of that day were noted for making, caused Mr. Gillespie to cast about for a place from which he could procure lead for the moulded balls that he sold to his many customers.

That is where the lead mine story comes in.

It is not known how or when the Gillespies learned of the legendary lead deposit, but the story as told by the late Mr. H. C. Gillespie to his son, Ed, was something on this order:

Mr. H. C. Gillespie, when but a small lad, (He passed away some six years ago at the ripe age of 91), remembered leaving his home in the Mills River section with his grandfather, maker of the famous "M. C. G." guns, with two saddle horses and four pack horses, and coming in the direction of the present Brevard on an expedition to procure lead.

According to the story told by the late Mr. Gillespie, he and his grandfather traveled nearly a day on horseback, following the ridges, there being but few trails in this section of North Carolina at that time, to what seemed to him in later years as being the Davidson River section.

After fording a good sized stream, which could have been either Davidson River or the French Broad, the animals were tethered and after going for only a short distance on foot, the elder Gillespie located his markings, cleared a small space in a creek or small stream that had been carefully camouflaged, and with an axe proceeded to heave large chunks of lead from the bed of the stream until sufficient amount was obtained to load the pack horses with full loads.

The lode was again carefully covered in such manner that the passerby would not see anything amiss, and the return trip begun back to the Gillespie home.

Reason was advanced for the carefully guarded secret as advanced by the late Mr. Gillespie was that there were at that time Indians in this section, who in their enmity to the whites, would if they found any metal of value to the white man, destroy it in an effort to retaliate for the wrong which they felt had been done the Red Men by the palefaces.

Only one trip of this kind was recalled by Mr. Gillespie in his narration to his son, Ed, and this trip being made as it was when he was but a small youngster, he was very vague as to exact distances and locations, with the exception of being in the direction of Brevard, and the approximate up-hill, down-hill travel of the day placing the journey's end in the neighborhood of the Davidson River section.

A rough sketch, which Mr. Ed Gillespie remembers seeing in the pos-

### SHERIFF MAILING OUT TAX NOTICES

Sheriff T. E. Patton, acting in his capacity as tax collector for Transylvania county, last week mailed to his many friends throughout the county greetings in the form of a little folded slip, which when opened measures three and one-half inches by eleven.

"Please remit" is the general theme of all these little notes from the sheriff, and have reference to taxes due the county and state. Penalty will be added to the total amount, according to a notation in the left hand corner of the notice, unless paid before February.

With the rate down to \$1.69 on the hundred dollar valuation, many people will have a sigh of relief, at the noticeable reduction, which is in a large part made possible by the State taking over the public school system and the road system. And then, too, many people will pay their taxes with a larger degree of satisfaction this year than heretofore, by reason of the fact that they can see visible results of their tax money in the magnificent highways and cross country roads constructed and being constructed in Transylvania.

session of his father, bears out further the theory of the lead deposit being in this vicinity. On this map or drawing, which was in two pieces at the last time Mr. Gillespie remembers seeing it were routes marked, with one leading to this section, with notations leading him to believe that this is where the lead was found.

### OVER THE HILL ON CLEMSON SCREEN

"Over the Hill," starring James Dunn, Sally Eilers and Mae Marsh, will be shown at the Clemson Theatre on Wednesday and Thursday, Feb. 10 and 11, sponsored by the Order of the Eastern Star.

"Over the Hill" is based on the poem that has made sighs and heartaches to all who have read "Over the Hill to the Poorhouse."

Friday and Saturday of this week the Clemson is showing Zane Grey's "Riders of the Purple Sage," featuring George O'Brien. Monday and Tuesday of next week will be "Two Kinds of Women," with "Yellow Ticket" for Wednesday and Thursday.

by making available an unlimited supply of trout for stocking the streams of the county.

It is believed that many people will join the number of interested citizens at Mr. Jerome's office this morning, and greet the government's official representatives upon their arrival in Brevard.

**Reduce the Acid**

**SICK** stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated.

Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go, prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians in correcting excess acids.

## ONE-TIME-ONLY Tanner's Slogan

**MEN — WOMEN — BOYS and GIRLS**—if you have already bought a pair of Tanner Shoes, there is no need of your reading this advertisement. I am making this appeal to those who have never had the comfort of a Tanner Shoe with those restful arches built-in. I received the new spring and summer catalogue from the factory one week in advance of the real samples. I sold 16 pair of Men's and Women's Shoes before the samples reached me.

Folks who have once bought Tanner shoes don't care anything about the real samples, they know what they are going to get and that is why you have to advertise **ONE TIME ONLY**. Tanner's make all sizes and width A to triple E—from 8 1-2 child's to 14 men's. Price range from \$2.85 to \$7.95. Made to Measure. You may be able to buy cheaper shoes, but you can't buy another pair of feet.

Remember the feet carry the whole body all day long all night. Why then do we not buy shoes that will support the feet—instead of imposing on them to save what a few cents. Tanner arch is the keystone of foot-happiness with the combination heel patterns, assuring snug heel fit. Don't forget that with this great line of Tanner's shoes we sell Real Broadcloth Shirts, Rolls-Royer underwear, ties and hosiery. Come give me your order on a 7-day delivery.
