ROSMAN SCHOOL NEWS

Spring

What is here but good old spring To hear the young and old birds sing They sing and sing the whole day long To cheer us with their merry songs.

March is the best month of spring Because Easter come and makes hearts ring The Easter eggs I like to hide All over the meadow long and wide.

When April comes school turns out You can hear the children sing and shout. They will run and play the whole day long And sing their happy merry songs.

When May comes and wakes the grass The birds will build new nests They will sit and sing the whole day long And cheer us with their merry songs.

My Dog Joe

I have an old dog, his name is Joe Every where I start to go, Old Joe seems to know.

Old Joe is black as black can be. Every time Joe hears a bee, Old Joe comes right straight to me.

Old Joe will run a rabbit. That seems to be old Joe's best habit. Joe can tree a 'possum too, Just to show what he can do.

The Mountains

Last Sunday, the Balsam mountains were covered with snow. When I went to church I could see them, white and cold, in the distance. They looked like clouds. I liked to look at them.

JULIA JORDON, 6th grade.

The Ships of Columbus

The three ships used by Columbus on his trip across the ocean, were no larger than our fishing boats. Only one of them, the Santa Maria, had a full deck. The three of them carried one hundred and twenty men. It would take ten such ships put end to end to equal in length one of the great ships of today, and a hundred of them to carry as many people.

It was in these small boats that Columbus did what no man had ever before attempted. He headed for the open sea and sailed for weeks, through unknown waters, to discover a new world.

Birds

The birds are building their nests, The little ones were beginning to rest.

When the wind brought a breeze And the little ones began to freeze.

Then the mother bird said, "Little ones, are you dead?" The little ones raised their heads as if to say,

"No, but make the wind go away." INEZ PANGLE, 5th grade.

I like milk for breakfast, It's so nice and white. It takes milk to make oatmeal taste right.

Rich milk for children. Is a nourishing food; No other drink is half so good.

The Auto Sales Company,

Brevard, N. C.

Gentlemen:-

If any one in the community or elsewhere is in a position to testify as to the durability and good performance of the Chevrolet car, I suppose I am that one, since my 1924 model Chevrolet is still in excellent running order and doing its full duty as an everyday service car.

As to the amount of repairs on my car in the past 7 years, I do not recall that more than \$100 has been spent on it, other than for actual running expenses, during that time. The engine, I believe, is in as good condition today as when new, and I challenge any hill too steep or too long for it to fail to pull on high.

I have been approached many times by dealers or agents of different makes of cars for a trade on a new automobile, but knowing full well the splendid service my little 7-year-old has given me and is still giving, I feel well enough satisfied to let my "faithful standby" continue to serve me—possibly for 7 years longer.

I gladly recommend the Chevrolet as a durable, smooth running and altogether satisfactory car in every respect.

Very truly yours,
ALMA TROWBRIDGE.
