Sylva Meeting

Dear Sovereign Grogan,
You should have been with us last Monday night at the W. O. W. meeting in Sylva. It was the close of our 60 day attendance campaign and we had speakers and cats galore. There were about 75 present and I have never attended a better meeting.

W. O. Reed, principal of Sylva High school and J. G. Murry, pastor of Sylva Baptist church were the principal speakers and they told us plenty that we did not know about the good that the W. O. W. is doing in Sylva.

I believe that now we are on the road to a larger increase in membership and more interest than has ever been manifested by the members. Within the last two months we have taken in thirteen new members and there are several others on the waiting list.

May I congratulate you on the idea of sending the Brevard News to the clerks of the local camps. It is a good idea and we want you to keep the good work up.

Come to see us when you can and when you are not here just stand on the sideline and watch us grow. We propose to make Sylva Camp No. 560 the banner camp in Western North Carolina.

Fraternally yours,
HUGH MONTIETH

THE PRAYER CORNER

(From the files of long ago)
OUR VICTORIOUS KING

There is a very beautiful old Easter Hymn, which, if one takes the first two lines of each verse makes a wonderful thought for us at this season.

"At the Lamb's High Feast we sing
Praise to our Victorious King."

We forget that it is God's high feast; so many times, altogether, we forget that God is victorious; that we are not on the side of failure, weakness and sin, but on the side of victory; no failure but perfect strength and sin washed away. Those of us who are Christians—and come this Easter day to the Sacrament of His Body and Blood—do well to think especially of this—that it is the Lamb's High Feast at which we appear.

"Where the Pascal Blood is poured,
Death's dark angel sheaths his sword."

God is victorious even over death. There is no death to those who believe in our Lord Jesus Christ. Our loved ones are not dead. Behold they live! The spirit goes to God who gave it. God is victorious. God is full of life. There is no darkness nor shadows of turning; there is no night there, so there is nothing to fear. "Perfect love casteth out fear." Have love for God.

If we come to the Lamb's High Feast with love in our hearts, we overcome death, we rise to a new life.

Christ came that we might have life and have it more abundantly now, in the world to come, life is everlasting.

These are wonderful things to know and we can know them if we will. God has won the victory, it is for us to claim the victory and make it our own. So come to the feast, the Lamb's High Feast with no misgivings for "At the Lamb's High Feast we sing Praise to our Victorious King."

A PRAYER FOR OUR VICTORIOUS KING

O risen Christ, who hast gained the eternal victory of life over death, and in whom all men are victorious, we bless Thee for Thy goodness, even as we adore Thee for Thy glory.

Give us Thy victory over fear and bitterness. Grant us Thy victory over sorrow, that in it our poor sorrows may be hidden, and we be comforted. Make us to rise with Thee, and from the other world may we hear united with Thy voice, the voices of those who have risen to life through Thee, and who can be no more. So do Thou be our Easter Comfort and our Easter Joy, dear Jesus, our Victorious King, Amen.

Conversation With a Hard-Boiled Business Man....

THE following is an actual conversation that took place when a hard-boiled business man met a S. P. U. salesman:

H. B. Business Man: "You probably don't know it, but I am indebted to you for one of the greatest favors I ever received at the hands of anyone."

Salesman: "I think I might guess anyhow, but what was it?"

H. B. Business Man: "It was when you sold me a Kelvinator. I thought it was just simply 'selling talk' when you told me that in addition to its conveniences, its value from the standpoint of health, and its other advantages, it would pay for itself through the better saving of food, through low cost of providing refrigeration, and in other ways. I am now convinced that your statement was not only true but that you were exceedingly conservative. I wouldn't take for my Kelvinator twice the price I paid you if I couldn't get another, and I want you to know that I appreciate the service you rendered me."

NOT only is the above an actual conversation which took place between one of our salesmen and a customer but it is typical of literally hundreds of similar conversations which have taken place between other customers and members of our organization in every city and town in which we operate.

IF you haven't an electric refrigerator already you owe it to yourself to investigate the FACTS with reference to the advantages and the economy of this useful appliance which means so much to the modern home.
