kind of artificial lure for any kind of fish here and if you will let me know what you like most I'll send it to you. I have not fished any yet. Have been so busy getting organized that I have hardly thought of going. Then I am not so crazy about fishing unless the weather is fairly warm and it has been pretty raw ever since we arrived. However it is getting nice now and it won't be long until I'll see about the matter, provided I get my rod tips. This is a paradise here for such fools as you and I. There is every sort of fishing. Anyone can fish and plenty of it. I understand you have to walk in a few miles to get good fly fishing but if a chap wants to sit in a boat he can get plenty here in Puget Sound. Two fellows in the building here went fishing recently and got 40 salmon in one day, weighing from five to 25 pounds each. There is bass fishing

## HOLDING UP SCHOOL FUNDS AT RALEIGH

Sum of \$16,000 of This County's Funds Held Up By the State Authorities.

State Treasurer John P. Stedman announced Tuesday that he would withhold \$221,058.74 due to 29 counties out of the State's appropriation of \$1,500,000 for state aid on extended school terms.

According to Mr. Stedman, \$16,897.73 is being withheld from Transylvania county and will not be paid until the county has raised its two-thirds of the amount necessary to pay for the extended term.

This money is being withheld to effect indebtedness by the counties on account of loans from the State literary fund and the special school building fund, Stedman said.

When Stedman took office in January of this year, these loans were in arrears in the aggregate amount of \$704,000. The sums due the State have been reduced by collections to \$297,000 and there still will be \$76,000 due the State after the collection by withholding of the \$221,058.74.

## COMMERCE BODY IS DOING GREAT WORK

With Headquarters in U. D. C. Library, Will Help That Good Institution.

Chamber of Commerce work is going forward in splendid manner, and with an aggressive advertising campaign under direction of the publicity committee, it is believed that Brevard and Transylvania county will enjoy a splendid summer season. Selection of the U. D. C. Library building as Chamber of Commerce headquarters, with Miss Sue Hunt, librarian, in charge of the commerce rooms is considered a master stroke by interested citizens. The library building is in a most beautiful location, in the center of the town, and Miss Hunt's gracious manner of meeting people will soon make the headquarters a regular meeting place for the visitors during the season. It also will be a great help to the library, having Chamber of Commerce headquarters in the building. This will be pleasing to the many friends of the ladies of the U. D. C.

The library has meant as much to Brevard as any other institution here, yet a few ladies have borne the burden of maintaining the institution. With the Chamber of Commerce headquarters open at all times in the library building, new friends and patrons of the library will be made at rapid rate.

Miss Hunt is one of the most popular young women of the community, and her services to the Chamber of Commerce will be invaluable.
