

COOL KNIGHTS WAS PLEASING AFFAIR 300 FAMILIES IN COUNTY NEED AID

Two houses greeted the musical comedy, Cool Knights, a home talent performance, sponsored by the Brevard Business and Professional Women's club for the benefit of the Girl Scout camping fund and good receipts were noted at each of the performances.

Walter Bichley of the Triangle Producing Company of Greensboro directed the play and the additional chorus work here and he declared that the cooperation and aid he received here to be the best he had ever known during his experience as a play director. He made numerous expressions of the excellent talent to be found in Brevard and expressed the desire to return here again for a visit.

A large number of citizens have been heard to express many terms of praise in regard to the excellent acting of the entire cast and the superb performances of the choruses.

The matrons act though not included on the program was a laugh-provoking scene according to members of the audience and the parts were successfully carried out.

Ninety-seven girls were included in the choruses and the addition of the cast made over 125 in the entire performance.

Officials of the Business and Professional Women's club and the cast committee including Mrs. D. L. English, chairman; Mrs. Harry Sellers and Mrs. Madge O. Wilkins wish to extend to the cast and to all who assisted in making the play a success their sincere thanks and appreciation.

Strong Appeal Made By Welfare Board for Support in the Work

Three hundred families are suffering from lack of food and clothing in Transylvania county, according to a recent report of the Transylvania Welfare Board and the need is becoming so desperate that a series of drives are to be made at once by welfare officials.

The carload of flour secured through the efforts of J. S. Silverstein, chairman of the Transylvania chapter of the American Red Cross is expected at an early date and the flour will be distributed among the most needy families of the county upon arrival. The flour was secured from the government-owned supply of wheat which is being distributed in many sections of the union.

A plea and explanation has been issued by the Community Welfare Board. It reads:

WILL YOU HELP THE NEEDY?

On Friday morning of this week there will be a solicitor sent out from the Community Welfare Board to your home. This person will ask you for some money or some article of food, some meat, lard, sugar, milk, coffee, butter, canned food, or anything that you may have in your home.

This food will be brought to the central office of the Welfare Board, and will be distributed to needy families of the community on Saturday of this week. Complete investigation will be made in each case where these food supplies will be distributed, and there will be positively no waste. In cases where the person making application is able, he will be given work to do that will pay for the food. This work will be on property owned by the county, and will be in the nature of gardening, with the view to raising foodstuffs to feed the needy families when winter comes.

After this week the solicitors will come to your home each Monday and Thursday, and each time you will be requested to give whatever food you can possibly spare—not what you can afford to give, but what you in your heart feel that you must give in order to keep many worthy people from actual starvation.

Nearly three hundred families in the county have no food and no work—will you help to keep them from starving. If so meet the solicitors smilingly, they are giving of their time without any pay except that of a work well done. Will you help?

HONOR McCALL WITH BIRTHDAY DINNER

Rev. S. B. McCall, pastor of Lake Toxaway Baptist church and former Principal of Lake Toxaway school was given a delightful, but very much surprising birthday dinner by 61 of the members of his church, and other friends Sunday May 15, being his 61st birthday anniversary. After much scheming in order to keep the news of this intended dinner from him, the people after the usual Sunday school hour, filled their cars and proceeded to the pastors home, he being in the front car unsuspecting the delightful time a waiting him. Promptly at eleven o'clock the friends arrived. It was very amusing to see the looks and hear the expressions of joy and delight made by our beloved pastor. At exactly 12 o'clock the happy crowd gathered about the groaning table, a picture was made by Mrs. Lewis Tinsley, Grace asked by Mr. C. R. Clark, and then the fun began. Of course the pastors wife was one of the guilty conspirators in this "tragedy." His many friends hope for him many such annual anniversaries.

LESPEDEZA GROWING ON THE WOODFIN FARM

(N. L. Ponder)

Mr. C. F. Woodfin and sons are showing a good set of lespedeza in which they take some pride. This crop is re-seeding from last year and, is mostly on their upland, a type of ground here hard to improve but very valuable when once built up. This seed withstood the freezing March weather possibly by clinging to the stalk which was not cut. Another field in the lower land Mr. Woodfin mowed and the seed germinated in the warm February weather and froze out in March. Mr. Woodfin has become a firm believer in this legume. He has the upland mentioned set in about 200 or more young flourishing fruit trees. He also has several acres of the bottom land set to clover.
