To destroy in one day all the labor that the whole family has done for three months? That is exactly what will happen unless you

Kill the Beetle and Kill the Bug

The bean beetle and the potato bug are great destroyers. A potato field or a bean field goes down before these pesky things like fog lifting in the morning sunshine. There is but one thing to do, and that is, TO KILL 'EM!

Poison In Dust or Liquid Form

Is the only thing that will kill the beetle and bug before they kill your crop. We have the preparations and the Spray Guns for using both forms. These are not expensive at all. We want you to come in and let us confer with you about your problems along this line.

35 cents Buys 50 Gallons of Poison

The kind that kills the beetle and the bug. You cannot afford to be without these sure-fire killers. And you cannot afford to wait, for the hateful things will destroy you while you hesitate. Come in and let us go into the matter with you.
