TIMELY FARM QUESTIONS ANSWERED AT STATE

Question-When should I plant my irish potatoes for the fall crop? tween July 20 to August 1 in the friend at Dillsboro, near the entrance coastal plain section.

early crop of irish potatoes to plant country.

Answer-Yes, if you will take steps potatoes on the ground in the shade sprout. Storing them in barrels under open sheds also gives good results. It is not best to give them any kind of chemical treatment.

Question-How can I keep moths out of my winter clothes?

Answer-The best thing to do is o clean the clothes well before storing them. Moths concentrate on the soiled spots in a garment, particularly grease spots. Some garments need them. After the clothes are cleaned 2. they must be stored where the moths cannot get at them. Moth-proof bags or cedar closets are all right if there letin No. 1353, "Clothes Moths and Maple street.
