PLAY

"The streets of the city shall be full of boys and girls playing in the streets thereof," Zechariah 8:5.

What a pretty picture that is! You can almost hear the shouts and laughter of happy voices, and see the merry dancing rings of children.

Let us stop a moment and meditate on this lovely scene which the prophet describes as taking place in the City of Truth.

Play is no small thing in bringing happiness to human life. That's why most boys and girls enjoy life more than men and women. We allow the joints of our minds to become stiffened with dignity, or pride, or anxiety. We are afraid or unwilling to let go and disport ourselves. We have stunted our imaginations so that the streets of our own city instead of being a playground and wonderland of adventure, seem a dull and drab prison-house.

Surely those of us who are grown up children need to play. Why not! It is inconsistent with a due sense of responsibility? Is it the mark of a frivolous mind?

Look at the men and women who are succeeding in work of any sort

—that bears the human touch. Do they not turn and become, when the chance offers, carefree playing children? Play is quite as important to human life as work. The pompous, unbending individual, and the mean, cynical fellow are human misfits. They may exist but they cannot live.

Our Father God, who hast created the play spirit in the heart of man, help us to remember that play is no small thing in bringing happiness to human life. We rejoice in the joy and gladness of the children, the shouts and laughter of their happy voices and their merry dancing rings.

A PRAYER FOR PLAY

Forbids that we should allow the joints of our minds to become stiffened with dignity, or pride, or anxiety. Let us not be afraid or unwilling to let go, and disport ourselves, though we be men and women, or stunt our imaginations so that the streets of our own town, instead of being a playground and wonderland of adventure, should seem a dull and drab prison house.

Open our eyes, that we, who are but grown up children, may see the need to play, that it is not inconsistent with a due sense of responsibility, not the mark of a frivolous mind, but that the men and women who are succeeding in work of any sort that bears the human touch turn and become, when the chance offers, care free playing children. Help us to become such.

Bring home to our minds and hearts the fact that play is quite as important as work to human life, that all work and no play makes Jack and Jill a poor man or woman. So shall play bring happiness to our lives, and the lives of others. Good grant it for Thy dear names sake, Amen.

New Scientific Formula Containing Essential Elements of Human Body, Combined with Necessary Vitamins, Brings Radiant Health to Many Who Had Given Up Hope of Ever Being Well Again.

People in All Walks of Life Tell of Its Powers. Many Declare Lee's Mineral Compound Has Brought Them Health, Strength and Vigor After Many Medicines Had Failed Completely.

You who are blue, downcast and depressed over your loss of health. You who have tried many medicines and treatments with little or no relief—take new heart and cheer! Prepare yourselves for the most joyous surprise of your lives.

Throw away your "patent" medicines, pills and drastic laxatives. Give Nature a chance! Feed your body with the essential Minerals and Vitamins that God intended you should have and see how quickly Nature asserts herself and charges your body with renewed health, strength and vitality.

BODY DEMANDS MINERALS
Medical Science has discovered that the human body is made up of a very limited number of essential elements. All of these are found in the Mineral Kingdom and to foods in their natural state. To be exact, the healthy human body is composed of eleven Minerals and when these are present, in balanced proportion, we enjoy good health.

Unfortunately, few of us give any thought to balancing our diets, according to their Mineral content, and therefore we must pay the penalty. A deficiency of these elements brings on Indigestion, Gas, Bloating, Constipation, Headaches, Nervousness and a host of other ills. We soon lose strength, go from bad to worse and become disgusted with life itself.

NEW WAY TO HEALTH
For many long years, Physicians and Chemists have been trying to combine, in proper proportion, the eleven essential Minerals with necessary Vitamins. They realized that the preparation must be easily assimilated and supply the system with these elements so necessary to health.

Fortunately, for all mankind, this tremendous undertaking has met with success! Science has perfected a most remarkable formula, known as **LEE'S MINERAL COMPOUND**. This preparation supplies the system with the eleven essential Minerals, in combination with Vitamins. It is not, in any sense of the word, a "patent" medicine but is more in the nature of a **FOOD VITALIZER**. It assists Nature by restoring a proper
