Mineral Compound Proves Sensation

Scores of Local People Report Amazing Results from New Scientific Food Vitalizer; Druggists Astounded at Tremendous Sales.

Probably never before in all the history of this county has any product been given such whole-hearted praise as the new, scientific formula known as LEE'S MINERAL COMPOUND. Men and women in all walks of life have put this remarkable Food Vitalizer to the test and proven its amazing powers. Literally thousands of people have made the now famous 10 day test and have proven that Nature's way is the right way to health.

So swift and sweeping has been the success of this new compound that in a few short weeks, it has become the talk of the country. Those who have used it tell astounding stories of what it has done for them, and, were the facts not known and verified, it would be hard to believe that any single treatment could prove so effective in so many different cases.

It merely goes to prove the assertion of famous Scientists that the one sure way to maintain health is to supply the body with a balanced proportion of the essential Mineral elements and necessary Vitamins.

The one and only product of its kind, LEE'S MINERAL COMPOUND, contains eleven essential Minerals, splendidly combined with Vitamins and valuable tonic aids. It acts as a Food

Vitalizer, feeding the system those vital elements that we fail to get in modern refined foods. It stimulates the organs of digestion and assimilation, creates a keen, hearty appetite, clears the system of dangerous impurities and waste material, soothes "ragged" nerves, enables one to sleep soundly, awake refreshed and filled with new vigor for the daily battles of life.

No wonder that those who have tried so many other treatments, with little or no benefit, have been quick to turn to this natural method of restoring health. No wonder the sales of "patent" medicines, harsh laxatives and dangerous "pain-killers" have fallen to the lowest mark in years. People today are more intelligent than they used to be and are quick to take advantage of the new and proven scientific discoveries.

Business Man Makes Strong Statement

Oklahoma City, Okla.—Robert A. Strate, prominent business man here, recently said: "I suffered for ten years with a bad case of stomach trouble as any man ever had. It was impossible for me to enjoy a single meal without suffering. Five bottles of Sargon made me feel like a new man. I have never found anything to equal Sargon Soft Mass Pills. They regulated me perfectly and relieved me of constipation of years standing."

Electric Refrigeration Is Not Expensive!

THE Idea once prevailed that electric refrigeration was an expensive luxury. This is contrary to the facts. Electric refrigeration provides the cheapest form of adequate refrigeration available today. It is not only incomparably superior to ordinary refrigeration but it is actually cheaper—much cheaper.

Electric Refrigeration

Electric refrigeration not only enables you to have, with a minimum of trouble and expense, delicious salads and desserts, and other dishes, but it relieves the housewife of a vast amount of drudgery, discomfort and inconvenience.

It Is The Cheapest Health Insurance You Can Have

All in all an electric refrigerator is a necessity in the modern home from the standpoint of health, convenience and economy—and the KELVINATOR IS THE OLDEST AND THE BEST in the field of electric refrigeration.
