

TRAGIC DEATH OF KESLER MOURNED

Head of Baptist Orphanage Known And Loved By Thousands.

Dr. Martin Luther Kesler, 74, for twenty-seven years general manager of the Mills Home at Thomasville, for several years a member of the Davidson County board of education, who was killed in a railroad crossing accident at Thomasville about 12:30 Saturday morning was laid to rest Monday afternoon with high honors.

Funeral services were conducted from the church at Mills Home, with a group of notable ministers of the Baptist denomination in the State and local pastors, participating. Many men and women high in the life of the state and church were present to do honor to this notable citizen of Davidson County.

Dr. Kesler whose work has sent him to this section a number of times has a wide circle of friends. He has preached several times in the Baptist churches of the section and his well prepared sermons are remembered here by his large congregations.

Dr. Kesler, who was born in Iredell county, would have been 74 years old next Thursday, it is reported here. He graduated from Wake Forest College and the Southern Baptist theological seminary at Louisville and entered active ministry, serving pastorates at High Point, Laurinburg, Scotland Neck, Red Springs and Morganton. In 1905 he was called from Morganton to become general manager of Mills Home, a position he had held since. Wake Forest later conferred the degree of doctor of divinity on him.

Under the leadership of Dr. Kesler the Baptist orphanage, which several years ago was renamed Mills Home in honor of the first superintendent, John H. Mills, became the largest of its kind in the South, establishing a new branch known as Kennedy Home near Kinston. Prompted by his advocacy, the Legislature established the mothers' aid fund to supplement the work of orphanages in North Carolina. Dr. Kesler was a member of the official boards of several state institutions, a trustee of Wake Forest College and a director of the Child Welfare League of America.

Upon the resignation several years ago of John R. Meyers from the county board of education, Dr. Kesler was named as his successor. He

SO-HY PROVING ITS VALUE AS CLEANSER

Early in the World War the enormous number of badly infected wounds stimulated the search for some antiseptic which would be destructive to germ life without harming the living tissues of the body. A solution of sodium hypochlorite was found to answer these conditions perfectly and under the name of Dakin solution became famous in war hospital work.

Peace time experimenting showed his same solution possessed remarkable cleaning and stain removing powers. Tea, coffee, fruits, vegetable and hundreds of other stubborn stains could be removed without difficulty from white cotton and linen garments without injuring the fabric. The stains which are so hard to remove from baby clothes would vanish as if by magic and there was the added satisfaction of knowing that this non-poisonous solution also exerted a sterilizing action which left the garment absolutely sanitary for further use.

A highly concentrated form of Sodium Hypochlorite is now available under the abbreviation "SO-HY". Complete directions are on the bottle and new uses are being discovered daily in countless homes. What, perhaps has pleased women the most is that after they have used SO-HY their hands have not been roughened or reddened as would be expected from a powerful cleaning solution but on the contrary have been left soft and smooth with all traces of stains removed.

SO-HY is available at up to the minute drug, grocery, and department stores, and once used rapidly becomes indispensable around the home.

was re-elected twice and was nominated for a third term in the June primary. Dr. Kesler was vice chairman of the board. For many years he was active in civic affairs of Thomasville and the county. His ability as a speaker was widely acknowledged and his services were often in demand in this and other states.

Dr. Kesler is survived by his widow who prior to her marriage was Miss Ethel Brown, of Aiken, S. C.; three sons, J. M. Kesler, J. C. Kesler, both of Winston-Salem; M. L. Kesler, Jr., of Newark, N. J.; two sisters, Miss Mary Kesler and Mrs. J. C. Thompson, both of Iredell county; a brother, Dr. J. L. Kesler, of Nashville, Tenn.; several half brothers and sisters, Charlie Kesler, of Cullgort, Ark.; Henry Kesler, of Halifax, Va.; Miss Ruby Kesler, of Halifax, Va.; Mrs. I. A. Phelps, of Roanoke, Rapids; Mrs. Pearl Holton, of Statesville and a stepmother, Mrs. Joe Kesler, of Halifax, Va.

Words cannot express our appreciation to Dr. "Bill" nor our sorrow at his passing. We sympathize with the bereaved family for we truly share their grief.

Mr. and Mrs. Parnell of Atlanta,

GLENVILLE EVENT TO ATTRACT CROWD

A cordial invitation is extended to the public to attend the all-day singing to be held at the Auditorium in Glenville the second Sunday in September. This convention is held once each year and is considered one of the largest and best in Western North Carolina, being attended by hundreds of persons throughout this section.

A fine picnic dinner will be served all those who attend.

Mr. E. D. Randolph of Rosman, president of the convention, in extending this invitation has requested that all quartette, trio, duet and solo singers and all others planning to attend drop him a card and state name of their class or quartette in order to assist him in arranging his program, and to make themselves known on the grounds that none may be overlooked. All singers and lovers of music are extended a very cordial invitation and are assured that they will not be disappointed as a fine program has been arranged.

Glenville is located in Jackson county, six miles from Cashiers on Highway number 106.

are spending a few days at French Broad Park.

The Misses McIntyre who have spent several weeks at the Hill Cottage in French Broad Park have returned to their home in Atlanta.

ANNUAL FIELD DAY DECIDED SUCCESS

Declared To Have Been the Most Successful Event of Its Kind.

The farmers' annual field day at the Mountain Test farm, held last Thursday was one of the best ever held. The program arranged under the supervision of Superintendent Clapp was carried out with great success. More than 1000 farm men and women were in attendance and were enthusiastic over every phase of the program and the manner in which it was carried out.

Several prominent speakers discussed various subjects of interest to the farmers, the principal one being O. M. Mull of Shelby. He discussed life on the farm and the farmers' problems as one who knows. He pointed to the steadily rising prices of farm products as a sure indication that we are leaving the depression behind and that there is a bright future ahead. He urged that there be no impatience as the recovery is bound to be slow as it takes time to recover. He also pointed out the danger of dispensing with the county agents and the home demonstration agents and similar workers to cut expenses. "We need these people who serve the farmers and the people at large. If we prosper we must have them" he said.

Among the other speakers were: F. R. Farnham, extension dairy specialist, Dr. Moore, state veterinarian, Dr. Leiby, state entomologist, James G. K. McClure, president of the Farmers' Federation, and others.

The portable cannery employed by the Federation this summer was an exhibit and attracted much interest. There were many other interesting exhibits open all day such as the crop exhibit, poultry, insect and dairy exhibits. There were several contests that attracted considerable attention. These were: Dairy judging contest, poultry judging contest, hog judging contest, and a legume judging contest.

A jelly making demonstration was conducted by Miss Irma Wallace, home agent in Cleveland.

business caller on Jake Parris one day last week.

Little Bobbie Whitaker of West Asheville is spending the week with his grandparents, Mr. and Mrs. J. A. Reece.

Many friends of this community were shocked to learn of the short illness and death of Dr. W. M. Lyday of Brevard. Dr. Bill was a prominent citizen throughout the state. He was loved by all who knew him. He had a host of friends and relatives who gathered at his home Monday to pay their last respects to an old and beloved family doctor.

Century Old Theories Exploded By Science

Startling Discoveries Reveal New and Amazing Facts About Disease

Human Body Composed of Only 16 Elements. Deficiency of Any of These Destroys Health.

Strange as it may seem, these wonderful bodies of ours consist of a very limited list of fundamental chemical elements. Contrary to age-old theories, it is now known that only eleven minerals and five gases are needed by Nature in building the strongest man or the most beautiful woman.

OUR BODIES ARE ROBBED

All of these essential Minerals and gases are present in natural foods but improper cooking and an unbalanced diet rob us of these vital elements. The system becomes charged with acid. Indigestion and Constipation follow. We become nervous and irritable; subject to headaches, fail to get the proper rest at night, become weak and listless and good health deserts us.

NATURE DEMANDS HELP

When any of the essential Minerals are deficient, Nature demands help. Harsh laxatives, "patent" medicines and "pain killers" won't do. You must feed into the body those missing elements that Nature demands. LEE'S MINERAL COMPOUND, the new scientific formula, contains a balanced supply of Minerals, in combination with vitamins and it is surprising how quickly the system responds to this Natural health building formula.

Make This 10 Day Test Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

LEE'S MINERAL COMPOUND With Vitamins SWEEPS THE SYSTEM CLEAN OF IMPURITIES

Drives Out Dangerous "Toxic" Poisons, Eliminates Excessive Acids That Destroy Health. Supplies the Body With Essential Minerals, Builds Rich, Red Blood, New Strength and Energy. Restores the Appetite and Aids Digestion. Helps You Enjoy Life to the Fullest.

FOR SALE BY

S. M. Macfie Drug Co. BREVARD, N. C.

and other good druggists everywhere, or send \$1.25 to Lee's Laboratories, 167 Forsyth St., S. W. Atlanta, Ga., for a large bottle postage paid.
