

**SELICA NEWS**

There was a stir among the farmers of Selica Monday, a thing we seldom see. We were glad to see the rye thrashers as the recent rains have begun to damage some of the grain.

A large number of our folks attended the Baptizing at Cherryfield Sunday and witnessed the most beautiful ordinances recorded here in years. Twenty-seven were baptised ranging in age from nine years to fifty, this being a result of seventeen days revival services conducted by Pastor B. N. Rogers assisted by Rev. Tom Cogdon of Canton. A large number were added by letter and restoration, also.

We are informed that Rev. Carl Blythe, pastor of Pisgah Forest Baptist church will preach at Cathey's Creek church next Sunday at 3 p. m.

**When Nugent Talks He States Facts**

Monroe, La.—E. O. Nugent, retired Louisiana farmer, residing at 209 Drew St., said: "Sargon is certainly wonderful for toning up the system. I feel wonderfully improved, although I've only been taking it for ten days. Sargon Soft Mass Pills relieved me of constipation and straightened me out as nothing else ever has. I have thousands of friends all over Louisiana who know that a statement from me means facts."

**WORLD'S Fastest Freezing**  
**of ice and desserts**  
**WITH KELVINATOR**

No lengthy waiting for ice or desserts to freeze with the 4-Way Cold Kelvinator. Its Automatic Super-Fast Freezing shows an average of 80 minutes for ice in 49 tests made throughout the United States—and freezing ice cream, sherbets, mousses, etc., requires only a little longer. Only Kelvinator has the famous Iso-Thermic Tubes, without which automatic super-fast freezing is impossible. This exclusive feature is regular equipment on every standard domestic model.

**FOUR-WAY COLD GIVES YOU**

- 1\* Greater Ice Capacity—In one compartment—a degree of cold for freezing ice in generous quantities.
- 2\* Super-Fast Freezing—In a second compartment—a very low cold for super-fast freezing of ice and desserts.
- 3\* Cold Storage—In de luxe models, a third compartment—with below-freezing cold for cold storage of meats, game, fish, ice cream, etc.
- 4\* Scientific Refrigeration—In the big food compartment—a 40 to 50-degree constant cold—just the right temperature, science says, to keep foods fresh and pure.

\*All of these degrees of cold are in constant service, doing the work you want done without thought or effort on your part, because all are automatic.

Everyone can now own a Kelvinator—on Easy Terms
