How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish, no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Ad)

A GIFT
We greatly appreciate the pencils Mrs. Daisy Mackey gave the school Monday afternoon. They are 5-cent pencils and are very good. We thank her very much for them.
LEONARD BRAGG,
Seventh grade.

BASEBALL
Winter or no winter we are still playing baseball and having some interesting games. Some of the girls join the boys and play too. The smaller children play on the basketball court.
HAZEL GREENE,
Sixth grade.

Frances Surette, who has been absent from the Sixth grade work for a week on account of sickness is back this week. We are all glad to see her back with us.
SIXTH GRADE.

ARITHMETIC WORK BOOKS
The Sixth and Seventh grades are very much interested in our work in Arithmetic. We have books which have 30 drills containing 20 problems of different kinds in each drill. The only pupil in any grade which has worked all twenty of the problems is Johnny Lyday. Many of us have reached on the twelfth drill, a score of nine. The highest score being ten.
NINA LOU RUSTON,
Seventh grade.

Dear Santa Claus:
I want you to bring me a bicycle, a wagon and a ball. Please don't forget me at Christmas.
Yours truly,
PAUL COUCH,
Fourth grade.

Last Wednesday evening our room had a Thanksgiving party. We played lots of games. Some of the games had prizes to them. Our teacher served suckers to us.
JOHNNY LYDAY,
Sixth grade.

Dear Santa Claus:
You are the one that comes around at Christmas. You bring little ones all kinds of pretty toys and candy, nuts and other good things to eat. Don't forget me, a little boy that lives across the hill.
Yours truly,
D. C. LANDRETH,
Fourth grade.

Dear Santa:
Santa, don't forget. I want you to bring me a wagon for Christmas and some nuts and oranges.
Yours truly,
C. H. SLATTEN,
Fourth grade.

Dear Santa Claus:
I am going to tell you what I want for Christmas. I would like a wagon and some candy. That is all I am going to ask for.
Yours truly,
LLOYD BLYTHE,
Fourth grade.

Dear Mr. Santa Claus:
I hope you will bring me a ball, bat and a wagon. Don't forget the other little children. Christmas will soon be here and time for you also. I want you to come to see me and the other

PENROSE NEWS

It is expected that the Penrose school grounds will take on a better appearance and be in better condition as a result of work to be done this week and later. Some of our people have been aided by the welfare work and are seemingly glad to give this work on the school grounds in return. It is rather good that this help can be had as some children would not otherwise be in condition to attend school.

Enon B. Y. P. U. gave another good program Sunday evening and those for honorable mention this week are Mr. Valrey Carter, Mr. Billy McGuire and Miss Floy Ponder. Others should strive to gain excellence in public speaking, not just to have a name published but for the ability to render service later somewhere.

Mrs. Frank Woodfin, who has been in Patton Memorial hospital at Hendersonville for several days, was able to be brought home Monday. We all hope for her a speedy recovery.

Mrs. Pat McGuire is visiting her son Boyd in Asheville this week.

Mr. Walter McGuire who has been living in the Turkey Creek Country, has moved back to our community, now occupying the house where Mr. V. M. Owenby lived.

Miss Fleeto Freeman, primary teacher in Penrose school, spent Thanksgiving with home folks at Dacusville, S. C.

Mr. Wilson Middleton who has been attending Furman University at Greenville, S. C. spent Thanksgiving with his home folks here.

little children too. I would be disappointed if you don't come. I like Christmas best of all because it makes everybody happy and gives everybody good cheer.
Yours truly,
HERMON RAHN

TO CUSTOMERS OF THE SOUTHERN PUBLIC UTILITIES COMPANY

In order that our customers may benefit immediately from the recent reduction in rates for electricity, our accounting department, on bills to be sent out December 1, will figure each customer's bill under that schedule which it appears will be to the best advantage of that customer.

Not only do our new rates mean a very material saving for a large proportion of our customers, but the new rates, with electricity at 3 3-4 cents per KW hour for the first 150 KW hours and 3 cents per KW hour for all consumption above that, mean that our customers in general may enjoy the fullest measure of comfort and convenience that may be derived from electric service at an insignificant cost.

Residential customers whose consumption is less than 28 KW hours per month (and who do not contemplate increasing their consumption) will find it to their advantage to take service under schedule 1-B, which is as follows: \$1.00 for the first 13 KW hours or less used per month; 7 cents per KW hour for all consumption in excess of 13 KWH used per month.

However, with electricity at 3 3-4 cents per KW hour up to 150 KW hours and at 3 cents for all consumption above that figure, very few customers, we believe, will deny themselves the greater convenience and comfort which they can have so cheaply and few will elect schedule 1-B.

The accompanying graph shows the comparison between the old Southern Public Utilities lighting schedule, the average rate in the 177 largest cities in America as worked out by the North Carolina Corporation Commission, and the new residential service schedule of the utilities company. You will note that the new schedule No. 1, depicted by the heavy black line, is markedly below the curve representing the 177 cities. In the upper left hand corner is shown also the new general lighting schedule, optional schedule 1-B.

If you know what your consumption is you can find the point nearest to it on the slanting lines and determine what your monthly bill would be at the old rate, at the average rate of the 177 cities, and at the new rates embraced in our new schedule No. 1 represented by the heavy lines.

All of the new schedules of rates for electric service and the new schedule of rates for gas service are on file at our office and our customers are invited to inspect and study them. If there is any question in the minds of any customers as to which schedule they should be under our representatives will be glad to advise with them, explain the schedules in detail, and be of any assistance possible.
