Habit.

The teacher had offered a prize for the best composition on "How to overcome habit." A lad of 9 years won with this:

"Habit is hard to overcome. If you take off the first letter, it does not change a bit. If you take off another letter you still have a 'bit' left. If you take off still another letter, the whole of it remains. If you take off another, it is not totally used up, all of which goes to show you must throw it off altogether."

Farmers Notice.

Those farmers who are expecting to buy their farm seeds and Irish potatoes at the Farmers' Federation warehouse should write or see Mr. J. A. Porter at once and tell him just what you will want him to get for you. It would be poor business for him to buy perishable products with no assurance that they can be sold.

About one out of ten filled out and sent in the questionnaire that I mailed out late last year. About half of those were not signed. So do not depend on me to get seeds for you unless you give me further instructions. **JOHN V. ARRENDALE,** County Agent.

The merchant felt all puffed out. "Did you see my great advertisement on the side wall of the railroad station?" he asked of his friend. "No," said the friend. "Have them send the wall around to me and I will look it over."
