Commencement Program Of the Iotla High School

The Iotla High School is fortunate in having as its commencement speaker this year Miss Elizabeth Kelly, who has arranged to take time from her numerous duties in connection with the educational work of the State to deliver the commencement address at this school over which she was principal when its high school work was just beginning. Since that time, Miss Kelly has taken a prominent part in education in the State and this year, as President of the North Carolina Teachers Association has made an important addition to educational progress by her well-thought-out plan to provide equal opportunity for all the school children of the State.

The graduating exercises will close a commencement program of more than usual interest, including closing exercises by the primary and intermediate grades, Class Day exercises, and the usual commencement play. All of the exercises will be free to the public, with the exception of the play, "The Hoodoo," for which an admission fee of 35c for adults and 25c for children will be charged. The commencement program follows:

Thursday, May 1, 10 A. M.—Closing Exercises for Primary and Intermediate Grades.

FORGET-ME-NOT.

IN LOVING MEMORY OF LOGAN TALLENT

March 25, 1914, God sent His Messenger Angel to our home and carried away our kind and loving father. He was a very devoted Christian, and was loved by all who knew him, for to know him was to love him. He is missed not only by his family, but by many, for he was a friend to all who knew him. Everything was done for him that could be done, but he could no longer stay, for God was calling him, and he seemed eager to fly away to be at rest, for he was suffering so. Tongues can not confess what that poor man suffered.

We will be lonely here without him, and while we feel a great loss, it is sweet to think of him being in heaven after all his suffering. May his loved ones ever look to Jesus and the time when we shall all be reunited.

He leaves to mourn his loss a wife, nine children, three sisters and one brother, besides a host of friends and loved ones. He was a father that loved his family, and all that were around him, and I loved him as a father.

Oh, our home is so lonely here without him. We get so lonely it makes our hearts ache to know we can't have him with us, but it is sweet to know that we can go to him. May God help us to so live that we may be ready to meet him in heaven when the Lord calls us.

May God bless and comfort this dear mother that is left with us. May she ever live in the way of the Lord, so when it is hers to go she will be ready.

His Daughter-in-Law,
ROXIE TALLENT.

What is more inspiring than this beautiful spring time, with the perfume of apple and peach blooms in the air. Some of us would rather work in our gardens than go in and get supper, but alas! we have to remember the men and children.

Pasture and Hay.

That the Macon County farmers are planting more grass and clover seed than any other year in the past is proven by the fact that the Macon County Farmers' Federation has sold more than twelve thousand pounds of grass and clover seeds within the last few weeks.

This is not nearly what should have been sold but it is a step in the right direction. When Macon County farmers realize that plenty of pasture and hay is necessary for the greatest success with livestock more and more grass and clover seed will be planted each year.
