

Baptist Church News

The Seniors and adults will render a pageant on the fifth Sunday of June. Mrs. Mashburn is training them.

A former member now residing at Dillsboro will speak at the morning service on the fifth Sunday.

Bro. Stalcup made an instructive talk at the morning service last Sunday.

The night congregation last Sunday was large. It about filled the church.

We invite our country brethren to come in and worship with us.

The tourists are coming to town. We welcome them to our services.

Gladys Pannell is training the Junior B. Y. P. U. pageant representing consecrated souls.

Mr. David Mashburn began the B. Y. P. U. study course with an excellent address on Blazing the Trail. He spoke to parents about setting the proper Christian example for their children. The address had its desired effect.

Miss Ruby Wright of Andrews began the instruction of Juniors. She visited all the B. Y. P. U. departments Sunday night.

The church did not decide definitely about the time for the protracted meeting nor whom to have with us in a meeting.

The Mission study met with Mrs.

James Carpenter. Several will take the examination.

Great interest is being manifested in the B. Y. P. U. study by the young people. The Junior choir is being trained.

The choir led by Mrs. Lee sang a beautiful anthem Sunday morning.

Mr. David Mashburn was called home to Andrews by the death of his grandmother. All our people sympathize with him in his loss. He had lived with her since his youth.

The B. Y. P. U. study course will be held every day and night this week. Our country friends are invited to attend. All our country churches should send their young people. It is hoped to organize the association next Sunday afternoon at three.

Annie Crawford joined the church by letter.

Fiddlers Convention

An old time fiddlers convention will be held at the court house on Friday night, June 14, featuring Earl Johnson, Bill Henson and Red Henderson. Cash prizes will be given to the best band participating. Earl Johnson announces that he and his companions will not participate in the contest for prizes. The three mentioned above are said to have won many prizes in Atlanta and elsewhere.

Crawford Home For Centennial

Mr. H. R. Crawford, a banker of Salem, Oregon, arrived last week to visit his mother, Mrs. Virginia Crawford, his brother, Mr. Lee Crawford and his sister, Mrs. Frank Smith. He will also attend the centennial of Macon county and thus have the opportunity of meeting his many friends of long years ago. Mr. Crawford left here more than thirty years ago. His last visit to Macon county was made in 1903.

During a conversation with a Press reporter Mr. Crawford took occasion to comment upon the great strides the county has made since his last visit here, particularly with reference to the roads. He and Mr. Jim Porter used to freight between Franklin and Dillsboro, the trip each way requiring more than a day. Now the distance can be made in a car in half an hour.

CARD OF THANKS

We take this method of trying to express our heart-felt gratitude to our many neighbors and friends for their sympathy and help in the death of our dear husband, son and brother, the greatest bereavement we have ever experienced.

We want to thank you for the beautiful floral offering, also for the beautiful wreath given by the Utilities Engineering and Construction Co., and employees and the nice bunch of flowers and message of sympathy from the lady with whom he was boarding.

MRS. GLENN CUNNINGHAM, MR. and MRS. FRANK CUNNINGHAM, and Children.

Rabun Gap Schools To Open August 15

The Franklin Press, Franklin, N. C. Gentlemen:

The Rabun Gap-Nacoochee School has reached the point in its efforts where it is able to announce that on the 15th of August, 1929, it will open its doors for another year of work. At this time we expect to operate the boarding department on a fifty-fifty division of time between school room and work and farm and vocational labor.

Our idea is to make it possible to offer high school education, including board and room, to worthy young people at a nominal price, and to a limited number who have no means whatever to offer it in exchange for their labor.

What we are after is the upbuilding of our mountain country through the proper development of its most worthy young people, giving special preference to those who otherwise would not have an opportunity.

I would appreciate hearing from you at your earliest convenience and would be grateful for whatever help you feel in a position to give us.

Very truly yours,
J. K. COIT.

A Correction

Last week's Press stated that the funeral services of the late Glenn Cunningham were preached by Rev. H. C. Freeman at the Iotla Methodist church. The funeral services were conducted at the Iotla Baptist church by Rev. A. S. Solesbee, assisted by the Rev. Freeman.

Capital and Surplus \$100,000

**\$500,000
Lost!**

ALL Honor to the Pioneers who settled Macon county more than 100 years ago. They lived at home, practiced thrift and economy and prospered. Their example should be and object lesson to their descendants who inhabit the county today.

It is estimated that the citizens of Macon now lose \$500,000 per year by buying farm produce that can be grown on the farms of the county. By proper methods of soil building thousands of dollars now spent for commercial fertilizers could be saved. The poultry industry of the county should yield an annual income of \$1,000,000 to the farmers. The same amount should be received from beef cattle and the dairy cows. Macon county should have 50,000 sheep grazing on its valleys and mountain sides. Twenty thousand stands of bees will bring in \$100,000 annually. Truck crops should yield an additional \$100,000. There is good money thoroughbred hogs.

On the Centennial of Macon county let us honor the memory of the Pioneers by resolving to buy nothing outside the confines of Macon county that can be grown at home. Let us build up the soil until it will produce as it did 100 years ago. Let us also resolve to raise hogs, sheep, beef and dairy cattle. If we must live out of tin cans, let us can the produce grown at home. By doing these things the income of the farmers of Macon county can be increased approximately \$3,000,000 per year.
