

### Rabun Gap School To Open On Sept. 1

The fall term of Rabun Gap-Nacoochee school will open on the first Monday in September. The advantages of a school and farm and home are offered to boys and girls of the mountain region and rural districts who need a place where they can be in school and work their way.

Candidates for admission must be apt to learn, willing to work, sound in health, not under 15 years of age, and must have completed the seventh grade in public schools, and be prepared for high school.

The purpose of the school is to open the door of opportunity to the boy and girl of the humblest country home who are worthy of help and need a better chance.

Applications are now being received and placed on file. Admission will be limited to the number that the school can accommodate. The list of those accepted will be made up on August 15.

For the form of application and other information, write or apply in person to J. K. Coit or A. J. Ritchie, Associate Superintendents, Rabun Gap, Georgia.

### Stockton Writes To Macon Voters

Franklin, N. C., July 1, 1930.

TO THE PEOPLE OF MACON COUNTY,

My dear Friends:

I desire to give an account of my stewardship since my induction in office as Register of Deeds.

The first thing I did after my election was to inform myself the best I could on the duties of the Register of Deeds and have at all times discharged those duties to the best of my ability.

I have made several improvements in the office, making many records much more accessible to the public, and I have endeavored to keep all records in an efficient manner and finish every job in proper time.

I have at all times had the interests of this county and its people at

I have saved the tax payers more than Six Thousand (\$6,000.00) Dollars and possibly a long drawn out and expensive law suit. I shall be glad to show anyone who may be interested the records in this office which amply bear out this statement.

I have tried to keep sacred in every sense of the word the confidence placed in me by the voters of this county.

Now if you approve of the way in which I have carried on the work in the office of Register of Deeds, won't you please answer in the affirmative by casting your vote for me at the November election?

Your friend,  
J. H. STOCKTON.

#### PINEAPPLE SANDWICHES

Mix shredded pineapple and minced pimentos with thick salad dressing. Spread this between thin slices of buttered bread. Lettuce may be added if desired.

## WARNING ISSUED BY FORD OFFICE

### Fraudulent Brokers Offer Stock In Fake Motor Companies

Detroit, June 30.—A warning against fraudulent brokers and promoters who are offering stock in foreign Ford motor companies was issued today by the Better Business bureau of Detroit, in conjunction with the National Better Business bureau and affiliated offices throughout the United States and Canada.

Relying on the good will and integrity of the Ford name, thousands of persons throughout the country have purchased stocks which either turned out to be spurious or were not delivered at all, the warning said. There is no way of estimating the financial loss involved.

"There are a number of fraudulent concerns in various parts of the country that represent themselves as brokerage houses and that offer stocks in various foreign Ford companies," the statement from the Better Business bureau said.

#### Plan Perpetrated

"Several of these companies sell on the partial payment plan. They offer stock for stipulated down payment and a fixed sum per month. Before the final payment becomes due and before the stock is delivered to the purchaser, the company goes out of business and its officers disappear only to begin operations at another location and under another name.

"Stocks of the Ford Motor company of England, Ltd., and the Ford Motor company of France are listed on the New York Curb market and the prices at which they are currently selling are printed in the financial pages of the newspapers. Nevertheless many persons are being led by unscrupulous brokers to pay far in excess of the market prices.

"The majority of stock brokers, of course, are honest. Our warning is directed solely against the fraudulent concerns that carry on their fleecing

putable concerns. Anyone contemplating the purchase of stocks should first consult his local Better Business bureau."

### Pure Bred Sheep Sale Will Be Held At Clyde

County Agent F. S. Sloan suggests that farmers who desire to obtain purebred sheep for breeding purposes will be able to obtain them at a sale to be held in Haywood county at Clyde on July 12. The sale is under the direction of A. C. Walker, chairman of the Agricultural Board of Haywood county.

Offered for sale will be Hampshires, Dorsets, and Southdowns, rams, ram lambs, ewes and ewe lambs. A certificate of registration will go with each sale. Mr. Sloan suggests that any interested Macon county farmer see him, and arrangements can probably be made to go to Clyde on the twelfth. The sale will begin at 2 o'clock.

#### HOUSEHOLD HINTS

The life of an awning or porch curtain is lengthened if it is let down and dried thoroughly after a rain.

It saves labor to hang kitchen utensils on the wall or the under side of a shelf where they are first used. Replace worn brushes or utensils with new ones.

An incinerator, to burn garbage outdoors, greatly simplifies the problem of what to do with waste papers and fruit and vegetable wastes.

Lacquers come in lovely shades, dry quickly, are durable, and will transform the porch furniture, tea wagon, or refrigerator.

The best way to keep waxed floors lovely is to use a few drops of liquid wax on them each week, rubbing it in by means of a special, but inexpensive wax mop.

#### MRS. SOLOMON SAYS:

So many women are sighing to be writers. Writing is a good deal like flirting. If you can't do it, you can't be taught. If you can do it, you can't be stopped.

# THE VALUE OF SOUND DESIGN

New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy

THE good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.
