CELEBRATE ARMISTICE

Harmony school house was the stage for a real Armistice celebration on November 11. The Juniors were invited to take part in the celebration by Miss Ina Henry, who teaches at Harmony.

The Cullasaja Council elected Ernie DeHart, popular post office clerk, to make the principal address. After Mr. DeHart had the appointment he invited Chief of Police Bob Henry, to go along.

The meeting was a success—that is putting it mildly. After the school children presented their beautiful and well acted program, Mr. DeHart made an excellent address. The Dalton quartette was present with several beautiful songs; not only songs as they played several selections upon string instruments. Noon came and the assembly, which had packed the house to capacity, flocked out to spread a real old-time picnic dinner with real hot coffee to drown the chicken and cake in.

Mr. Jack Stribling and Rev. A. S. Solesbee were appointed by Cullasaja Council to be principal speakers at Kyle school house on November 11.

Mr. Daniel G. Stewart returned from a business trip down into South Carolina, Saturday, Nov. 14.

Mr. Jerry R. Franklin, treasurer of the Millshoal Council No. 246, made a business trip up into Virginia last week. Mr. Franklin was accompanied by "Butter" Blaine.

Over at Kyle school on November 11, Rev. A. S. Solesbee made a talk for the Red Cross. Following this address Mr. Jack Stribling presented a rousing good J. O. U. A. M. talk.

Miss Dora Lee Garner and Miss Hazel Penland, teachers at Kyle, gave with the help of the school children, a beautiful flag performance.

At Pine Grove, November 13, Mr. Jack Stribling gave a fine address on "Citizenship."

Mr. and Mrs. T. T. Love are teachers at Pine Grove.

WINS WATCH

The proudest Junior in Macon county is Chief of Police Bob Henry of Franklin, and it's all about a beautiful white gold watch. The National Council of the J. O. U. A. M. are running at this time a membership drive. The drive is carried on by the individual Junior who wishes to possess a real time keeper. Just get three new members, or get three men, who through neglect of some kind, had been dropped from the order, to reinstate. When you have their names placed upon the books of any Council of the J. O. U. A. M. the Council who gets the three members then sends three dollars out of the initiation fee to the National Council with your name. In a few days you receive in a nice leather case, a watch which is a pleasure for the eye to gaze upon.

The watch is made by the Howard Watch company and named "The Keystone." It is a 15 jeweled works and a white gold case, and sells from \$15.00 to \$25.00. If, however, you are only able to get two members, new or re-instated, you will receive a handsome solid leather traveling bag.

To my best knowledge Chief Henry is the first Junior in Macon county to be wearing one of these watches. Now Chief Henry will be glad to show you his watch, and before Christmas there should be a hundred or more in the county.

SPECIAL OFFER

Mr. B. W. Johnson, editor of The Franklin Press, has made a very liberal offer to each and every J. O. U. A. M. Council in the county. It is this:

If any Council wishes to raise money for any need of the lodge, they only have to get new or renewal subscriptions for The Press for a year or longer. The Press only costs \$1.50 for a year's subscription. Let your lodge put on a drive and out of every subscription your council sells they are entitled to 33 1/3 per cent of the \$1.50. In other words turn in \$1.00 with the subscription and the lodge gets the remaining 50 cents.

Brother Juniors, we should all take the advantage of this liberal offer and not only send into Mr. Johnson a few hundred subscriptions, but make easy money for our lodge.

SHORT STORY

Once upon a time there was a very lean man. He could balance

the scales at ninety-eight pounds, and lived in Franklin. There dwelt in that city a lady, also. She had not trouble making the scales read two hundred and sixty avoirdupois.

One winter old man Ice and Snow ruled with an iron hand. The town hill leading towards Logansville and the depot was plastered with a coat of ice. The lady of our story had been shopping. She was carefully picking her way down the ice-covered side walk, carrying an armful of bundles. Not far behind her crept the lean man picking his footsteps with care.

But oh! He slipped and fell, going down the hill head foremost. His outcry caused the lady to look, but she was powerless to get out of the way of the on-coming man. The man hit her foot and she sat down—not gently—upon his back. Down the hill they went toboggan fashion. The journey came to a sudden end as the man stopped before a telephone pole. He somewhat speechless, and the good lady was trying to locate her packages still seated. Finally she heard a weak voice from below, "Good lady, this is as far as I go and you'll have to get off here."

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

"You needn't tell me - I know Camel is the fresh cigarette!"

Milder

because they're fresh CAMELS are never parched or toasted!

FOLKS who smoke really fresh cigarettes made from choice sun-ripened tobaccos never have to give a thought to their throats.

That's because such fresh cigarettes retain natural moisture—and are gratefully smooth, cool, throat-friendly, *mild*.

Camels are the *fresh* cigarette—everyone knows that now—they're blended from the finest Turkish and mild Domestic tobaccos that money and skill can buy.

We would never dream of parching or toasting

these choice sun-ripened tobaccos—that would only drive off or destroy the natural moisture that makes Camels fresh in nature's own mild way.

The Camel Humidor Pack protects a fine cigarette fresh with natural moisture—it could do little or nothing to freshen a cigarette that is dried-out or factory-stale.

If you smoke for pleasure, see for yourself what freshness means in mildness and flavor—switch to Camels for just one day—then leave them, if you can!

In offices and homes, even in the dry atmosphere of artificial heat, the Camel Humidor Pack preserves fresh Camels and keeps them right until the last one has been smoked
