HERSHEY SHOWS ORDER OF INDUCTION

"The selection of men needed for the armed forces and the deferment of men required for agriculture, war production, and war supporting activities are much more difficult than in the days when we had ample men from which to choose," said Major General Lewis B. Hershey, Director of Selective Service, in a recent letter to local boards. He said available men will be called for induction in the following order: (1) single men without dependents; (2) single men with collateral dependents; (3) married men without children; (4) men with children (nondeferrable activities and occupations); (5) men with children.

SOME BOOTS ARE RATION-FREE

Certain kinds of rubber boots useful in farming and similar work but no longer being manufactured for general use have been released from rationing by a recent OPA amendment.

TO HELP YOU GET TRUCK TIRES

If you own a truck and have tire rationing certificates but cannot locate the proper tires within your county, you may apply to the nearest Motor Transport District Office of the Office of Defense Transportation for assistance, the ODT has reported.

FARM HELP FROM LATIN AMERICA

A total of 57,489 workers from Mexico, Jamaica, and the Bahama Islands have come to this country for agricultural employment.

PEACE TO REPAY FOR LEND-LEASE

The Congress in passing and extending the Lend-Lease Act made it plain that the United States wants no new war debts to jeopardize the coming peace," President Roosevelt declared in his letter transmitting to Congress the eleventh report on Lend-Lease operations for the period ended July 31, 1943.

"STANDING ROOM ONLY" ON TRAINS

If you are planning to take a train trip over Labor Day, you probably will have to stand in the aisles, ODT officials say. Passen-

ger trains throughout the U. S. continue to run heavily loaded, with standing in the aisles occurring frequently on some trains, particularly at week-ends.

BETTER RUBBER FOR RECAPS

Rationing restrictions on the use of Grade "C" camelback for recapping have been removed, according to OPA. Grade "A" camelback, previously available for only the largest truck and bus tires, may now be obtained for recapping tires on all trucks and buses although it is still subject to rationing.

TAX REPORTS DUE SEPTEMBER 15

Many farmers will be among the 15 million Americans who are required to file a declaration of estimated income for 1943 and make a payment on that basis under the "pay-as-you-go" plan which became effective July 1, this year. September 15 is the date for filing declarations, except that farmers, if they wish, may wait until December 15, since they receive the bulk of their income in the fall. Generally speaking, all single persons earning more than \$2,700 a year from wages subject to withholding and all married couples earning more than \$3,500 will be required to file declarations. In addition, individuals or couples with an income of \$100 or more from sources other than wages are required to file, if their total income is such that they must pay an income tax. Individuals who were required to file an income tax return for 1942 and whose wages subject to withholding in 1943 will be less, must also file.

WAR-USEFUL JOBS NEED 2,600,000

Between now and next July, "a rock-bottom minimum of 2,600,000 persons" must transfer to war-useful jobs, according to Paul V. McNutt, chairman of the War Manpower Commission. "There are acute shortages of laundry workers, teachers, nurses, doctors, bus and delivery drivers, and others whose services are needed by civilians," Mr. McNutt said. The War Manpower Commission advises those in doubt about the war-usefulness of their jobs to consult the U. S. Employment Service.

The program of the afternoon will be devoted to study of the book, "The School of the Citizen Soldier." The chapter will study the book this year. The book will be reviewed at the meeting by Dan Tompkins.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
