

# Reduction Ordered In Deliveries, Both Wholesale and Retail

Certain restrictions on deliveries of a number of commodities will become effective Monday, October 11th, under a general order of the Office of Defense Transportation, No. 17, amendment No. 3B, it was announced here this week.

The program is designed to conserve motor equipment and manpower, it was pointed out. In January, 1942, ODT ask firms making deliveries to reduce deliveries on a voluntary basis. The present order makes it mandatory, and all firms violating the order will be subject to penalties subscribed in the order.

The general schedules covered in the order include deliveries on the following basis:

Comodities	Maximum wholesale deliveries weekly	Maximum retail deliveries weekly
Fresh or frozen meat fish or poultry	5	3
Bread and bakery products	6	3
Alcoholic beverages	1	1
Non-Alcoholic beverages	2	1
Milk and dairy products	6	4
Ice Cream	4	1
Magazines and periodicals	4	1
Laundry, dry cleaning	5	2
Ice	7	7
Parts or supplies for repairs	6	6
Cut flowers	5	1
Any commodity for which no maximum number of deliveries is specified above	2	2

A number of firms went on the voluntary reduced deliveries in January, 1942 and shortly thereafter, and will not be affected by this order.

Several other firms serving this area have in the past few months

## Service Flag Is Gift To Church At Home Coming

Hon. Ellis C. Jones Is Guest Speaker At Devotional and Patriotic Exercises.

At the recent homecoming of Scott's Creek Baptist church the Business Woman's Circle of the Missionary Society presented a lovely service flag, bearing 80 stars. The banner was unveiled by two small grandsons of Rev. and Mrs. T. F. Deitz, Victor and Charles Deitz, Jr.

Their father, Charles S. Deitz, has served in the navy for 17 years and has to his credit many trips across the water, both by ship and plane.

Mrs. Roy Reed, president of the circle, presented the flag which was accepted on behalf of the church by D. G. Bryson.

J. F. Corbin, commander of William E. Dillard post of the American Legion, led the salute.

Another impressive feature of the program, one always to be remembered, was the calling of the roll, by Rev. B. S. Hensley, church pastor. Response to the name of the service member was made by parent or other near relative. Upon each who arose and answered in turn, an Intermediate girl pinned the American colors.

The guest speaker, Hon. Ellis C. Jones, of Asheville, was then introduced by T. C. Bryson, Mr. Jones' subject being "World Conditions During the Two World Wars." The speaker made an earnest and appealing plea to return with renewed consecration to the faith of the fathers.

Dinner was served on the spacious church grounds to 400 or more.

Just think of all the records kept, How many planes are flown; How many ships go down at sea, In every battle zone.

How many men are overseas; How many bonds are sold; And almost everything that's done Is on a list, we're told.

But here are things no list will count

## Addresses Of Men In Service Must Not Be Published

The Herald often receives letters giving the movements of service men and women on leave, with destinations, nature of duties, lengths of stay, notice of transfer, and post office addresses.

We are asked to publish these—and we do to the limit of discretion permitted by army and navy executives. There are repeated warnings, however, NEVER to risk printing too much definite data. We often have to leave out bits of interesting information, probably harmless, yet possibly dangerous.

The war department frowns particularly on destinations and post office addresses. We are limited to names of states or general sections in dealing with the movements of service members.

If we do not publish all the information you send in, you will know that it is for the best interest of our men and women on the fighting fronts that it was left out.

The Herald gladly welcomes news about all men and women in service.

**22 MONTHS AHEAD OF ODT REGULATIONS No. 17-Amdt. 3-B**

★ ★ ★ ★ ★

Within a few hours after the Japs hit Pearl Harbor, the officials of this firm resolved and instructed all plant managers that the biggest job for this company was to help win the war.

"Let everything you do be a step towards Victory," was the order.

To this day, that has been followed.

In January, 1942, the Office of Defense Transportation suggested that all deliveries of dairy products be curtailed. This firm realized the importance of conserving trucks, tires, gasoline and manpower, and voluntarily went on the schedule suggested by ODT.

There was no law that made us, except the

★ ★ ★ ★ ★

keen desire and determination that we were going to put Victory before business.

Now 22 months later ODT makes it an order that deliveries be made in accordance to what they suggested as a voluntary measure back in January, 1942.

This firm is happy that we have been on the schedule all the while, and we feel we have contributed that much towards Victory, in cooperating 100 per cent with our government.

We are not going to wait for an order to be made before we realize our patriotic obligation. We have too many of our employees and friends in service, too much love for America to do that.
