KEEP DRAFT BOARD INFORMED

A farm worker who fails to keep his local Selective Service Board informed of a change of address or occupation may be reclassified or possibly inducted into the armed forces. Only the Selective Service Board with whom the individual has registered has authority to grant him a temporary release for non-farm work which will protect his deferred classification.

COAL PRODUCTION

The highest weekly production record in more than 16 years was established by the U. S. bituminous coal mines during the first full week of operation under the new wage contract between the government and the miners, according to Harold L. Ickes, Solid Fuels Administrator for War.

CHANGES IN TIRE REGULATIONS

Recent changes in tire rationing regulations announced by OPA are: (1) recapping of tires for commercial vehicles with truck-type camelback is no longer rationed; (2) tires manufactured principally from reclaimed rubber (war tires) may now be bought by those persons previously eligible for used tires. Tire and tube rationing quotas for December are not greatly changed from those in November.

ODT ASKS HELP FOR SANTA CLAUS

Christmas shoppers have been asked by ODT to lend Santa Claus a helping hand by observing the following: (1) Shop now. Mail now. Do not wait until the "eleventh hour." (2) Carry your packages whenever possible. (3) Remember, War Bonds and Stamps make the best Christmas gifts. They are a good buy and they take minimum transportation space. ODT pointed out.

OWNERS NOTE LICENSE NUMBERS

Car owners themselves rather than ration boards or automobile registration officials must note new license numbers on their ration books and tire inspection records, under a recent OPA ruling. The action also provides that "T" coupons issued for use in 1944 by commercial vehicles and taxis will be in strips (similar to strips of motion picture tickets) rather than in book form and each coupon will be serially numbered.

PASSENGER CAR QUOTA IS LOWEST

The December rationing quota of 15,500 new passenger automobiles is 25 percent less than the November quota and the lowest in almost two years of rationing, according to OPA.

A SOLDIER'S THOUGHTS

A world at war is a dreadful thing. But faithful work will victory bring. Encouraging things may come our way. But we won't quit and turn away. We'll labor on from morn 'till night, 'Till victory dawns morning bright. Until a treaty has been signed That we're at peace with all mankind.

Though some have gone, not to return, There's others left to live and learn. The law, the gospel and the truth. As we were taught in days of youth. So help us, God, as we press on, To be good soldiers, bold and strong. To do our best along the way With hope of victory some sweet day.

When victory comes and peace we know, We'll strip our tents and homeward go—

No more retreat or reveille, No more guard duty nor K. P.

Again our ships can sail the seas, Back to the old Dutch East Indies, To bring back spices and rubber too, Which we will need when fighting's through.

We love our freedom and our home. The place the Pilgrims once did roam. The place our forefathers trod, That's why we fight, so help us God.
