

Speedwell Club Has Discussion On Home Gardens

The Speedwell-Cullowhee Home Demonstration club met with Mrs. H. T. Hunter of Cullowhee, on Tuesday afternoon for their second meeting of the year. Presiding was Mrs. Edward Bryson, club president. Members answered to roll call by giving a suggestion helpful in gardening.

Miss Margaret Martin, home demonstration agent for Jackson county, talked briefly to the group concerning victory gardens and distributed pamphlets on various phases of gardening to the members.

Guest speaker for the afternoon was Professor Cyrus G. Phillips, teacher of agriculture at the Cullowhee Training school, who talked on the subject of Hot Beds and Cold Frames.

The next meeting for the club will be held with Mrs. Edmund Battle in Cullowhee on February 7. At that meeting Miss Mart'n will give a demonstration of preparing meals with little or no meat.

Wolf Mountain News

By Mrs. M. D. Nicholson

Miss Martha Ammons and Sterling Galloway were married on January 30th. They are spending a week with relatives in Brevard.

Seaman Henry Carland of Brevard, visited Mrs. M. D. Nicholson last week. Seaman Carland is stationed at Bainbridge, Md.

Cecil Matthews has returned from Pontiac, Michigan, where he has been employed in defense work.

Mrs. Wallace Wood and small sons spent last week with her parents, Rev. and Mrs. Ernest Boley, of Balsam.

The many friends of Mr. and Mrs. Joesiah Galloway will be sor-

Reduce Egg Loss By Proper Feeding

A large percentage of the egg losses due to cracking and breaking can be eliminated by proper feeding, suggests C. F. Parrish, Extension poultryman at State College.

About 5 percent of all eggs produced are lost between the nest and the table, and most of this loss can be eliminated by feeding the flock a sufficient amount of vitamin D to enable them to utilize to full advantage the calcium in the

oyster shell or ground limestone. "We are approaching the season of flush egg production," Parrish says, "and poultrymen should make every effort possible to reduce this loss between the nest and the table."

Oyster shell or ground limestone, which should be before the flock at all times, is not enough in itself to eliminate thin-shelled eggs. There are several carriers of vitamin D such as feeding oil and, if the flock is producing many soft or thin-shelled eggs, it is advisable to mix this feeding oil or other sources of vitamin D with the grain every day. Sources having a potency of 400 units of vitamin D per gram should be used at the rate of 1/2 pound to each 100 pounds of grain. This can be easily mixed when using 2 ounces of oil to each 25 pounds of grain.

Be sure to determine the potency of the vitamin D carrier before using, Parrish warns. The strength of the oil will be indicated on the container.

Every poultryman should watch his flock carefully at this time of year and be sure they have suffi-

cient calcium available and enough vitamin D to be able to utilize this calcium to full advantage.

Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid, Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc. due to Excess Acid. Pin-up picture for the man who "can't afford" to buy an extra war bond . . .

YOU'VE HEARD PEOPLE say: "I can't afford to buy an extra War Bond." Perhaps you've said it yourself . . . without realizing what a ridiculous thing it is to say to men who are dying.

The very least that you can do is to buy an extra \$100 War Bond . . . above and beyond the Bonds you are now buying or had planned to buy. In fact, if you take stock of your resources,

you will probably find that you can buy an extra \$200 . . . or \$300 . . . or even \$500 worth of War Bonds.

Sounds like more than you "can afford"? Well, young soldiers can't afford to die, either . . . yet they do it when called upon. So is it too much to ask of us that we invest more of our money in War Bonds . . . the best investment in the world today? Is that too much to ask?
