OXFORD ORPHAGE GIVES 214 TO SERVICE Some Of Its Members Have Already Been Decorated

For Valor

The Oxford Orphanage at Oxford North Carolina, has a record of seventy-one years of service to the children of North Carolina. Over five thousand have been cared for and trained. Its graduates and former pupils are in all walks of life and there is no record of a former pupil having been convicted and sentenced for committing a major crime in North Carolina. It is the oldest Orphanage in the State and receives children other than those of membership of the supporting order.

At the present time less than forty pc. cent of the population of the Orphanage'is of Masonic parentage. The home possesses valuable buildings, grounds and equipment and has had no operating deficit for several year

The annual budget of the Orphanage calls for an expenditure of \$170,-000.00. This provides shelter, clothing, and food, recreation, heat, light books, school supplies, health program, staff of trained workers, vocational training in several departments, laundry, repairs and upkeep to grounds, buildings and equipment, and experienced case work for a family of 308 children.

Superintendent C. K. Proctor announces that liberal gifts are needed this year for operating expenses in crder to maintain the Home.

The Oxford Orphanage is more than a philanthrophy-it is an investment in the lives of North Carolina boys and girls who would not ctherwise have a chance. It pays to the State and its citizenship the high dividends in character and trained young people. It is an opportunity today for North Carolina citizens to express in a substantial way their desire to help others.

The orphanages of the State use the Thanksgiving season as an occasion to appeal to the citizens of the State for so much needed assistance. The Superintendent of the Oxford Orphanage announces that the home is open for visitors each day, and hundreds of North Carolina citizens visit this historic spot every year.
